

BIG SUM FOR THE SCHOOLS

May Apportionment Largest But One in the History of the State.

DOUGLAS COUNTY GETS FORTY THOUSAND

State Board of Public Lands and Buildings Arranges to Allow Railroad to Run Through State Grounds at Norfolk.

(From a Staff Correspondent.) LINCOLN, May 19.—(Special.)—The May apportionment of school money to be certified to the state superintendent at the close of business Monday evening by the state treasurer will amount to over \$2,000,000. This is the largest amount ever apportioned to the schools in the history of the state. Monday's business is yet to be considered. This is the second largest apportionment. Treasurer Mortensen having topped the record in May, 1904, when he apportioned \$1,442,338. Last December the apportionment was \$1,369,000 in round numbers.

The per capita apportionment at that time was \$1.08 and under the present apportionment of \$42.000 the per capita will be about \$1.10. This will give to Douglas county about \$40,800 as its portion of the state school money. In 1904 the per capita apportionment was \$1.17.

Railroad Wants State Land. The State Board of Public Lands and Buildings went out to Milford this morning to look over the ground which the Burlington railroad wants to use as a right-of-way in changing its line through Milford. Without a special act of the legislature the board has no right to deed the land to the railroad company, but the board, after an investigation, agreed to allow the road to put in its track and then go to the legislature for a deed next winter. The road crosses the state land in what is considered the worst part of it. The company will have to do considerable grading.

Norfolk Hearing Postponed. Because district court begins at Norfolk Monday the investigation at the Norfolk asylum by the members of the Board of Public Lands and Buildings has been postponed until later in the week. Judge Robertson, attorney for Superintendent Alden, asked for the postponement because he will be busy the first part of the week in the district court.

Formal Closing of Assessment. At its meeting to be held Monday morning the State Board of Assessment will take a formal vote on the assessment of railroad property and the records will be made up in accordance with the decision of the board as already announced. Then comes the work of distribution of values along the different roads belonging to each system. Inasmuch, however, as changes were made only in two systems, it is presumed the amount assessed will be distributed as it was last year. The board this year completed its work quicker than ever before in its history and very little debate was indulged in.

Piles Cured

As Easily As a Cough; Painlessly, Quickly and Without Cutting. Trial Package Mailed Free. The agony and suffering in piles is so great that if a surgical operation was a certain cure (which it is), and there was no other means of relief, some persons might be willing to take the chance of blood poisoning or lockjaw. But now that the Pyramid Pile Cure has been discovered and has been proven to be a quick and certain means of relief and lasting cure, there is no excuse for risking your life. Does Pyramid Pile Cure give immediate relief? Does it cure? Try it and prove it to yourself, as thousands have done before you. Then go to your druggist and get a 50-cent cure and complete the cure. Pyramid Pile-Cure will cure you, and do it with a certainty and a rapidity that will amaze you. Take, for example, the case of Mr. Benjamin Shaw, postmaster of Miami. We quote his own words in his letter of October 21, 1905: "I was in great agony of mind and body. In the meantime a gentleman told me of the virtues of your Pyramid remedy. I fortunately found it at a drug store, and by the next morning I did not feel that any operation was necessary, and in three days I was able to return home, and a complete cure was accomplished, to my great satisfaction and the surprise of the physician." For a trial package send your name and address to the Pyramid Drug Co., 947 Pyramid Building, Marshall, Michigan, and you will get a trial package by return mail. No charge.

ROUSE PLANS HIS CAMPAIGN

Branch of Committees Appointed to Boon Candidacy.

GRAND ISLAND, Neb., May 19.—(Special.)—Twenty-nine supporters of George L. Rouse in his efforts to land the republican nomination for governor met at the courthouse yesterday and appointed several committees to boom his campaign. The meeting was in response to the written notice sent to the members of the committee of one hundred notifying them of their appointment and requesting them to meet to organize. Twenty-nine of the honored responded. Mr. Rouse was called for and suggested the plan along the lines of which he desired the committee to work. In accordance with his suggestion a committee on publicity was appointed, consisting of C. E. Fralick and W. R. King, to act in conjunction with Henry Schuff and Mr. Rouse. Mr. Rouse, Mr. Schuff, Mr. Horih and Mr. McAllister were appointed as a committee to appoint six congressional committees for work under Mr. Rouse's direction, each consisting of one republican and one of five members. A committee was also appointed to work among the bankers who will convene in this city next week. The committee on publicity was, on motion of W. R. McAllister, requested to have envelopes printed bearing a history of Mr. Rouse, including his military correspondence, where they would do the most good. A committee was appointed to see that the papers of the county were lined up in support of Mr. Rouse, but this motion was later withdrawn. Seven precincts of the county were represented in the Board of Home and the five precincts in Grand Island.

THOMAS TALKS AND SALOONS OPEN

Blair Grants Five Licenses After Law League Organizes.

BLAIR, Neb., May 19.—(Special.)—Elmer E. Thomas of Omaha assisted in the organization of a Law Enforcement league here on Thursday evening and today the lid was lifted and four licenses for saloons were granted. Mr. Thomas spoke in the open house to a large audience, which showed its sympathy with the objects of the league by subscribing a sum of nearly \$500 to meet expenses of the coming year. The following officers were elected: President, Dr. C. R. Mead; first vice president, C. O. Kroger; second vice president, John A. More; third vice president, John L. Lutz; secretary, Rev. Mr. Axell; treasurer, C. L. Pollock; finance committee, C. C. Crowell, Jr., George A. Smith and J. B. Adams. A large membership has already been secured. At 2 o'clock this afternoon Don C. Van Dusen, editor of the Courier, called on Mayor Harrison and withdrew his notice of appeal on the publication of licenses, which he contended were not printed in the paper having the largest circulation as provided by law. As this removed the only obstacle in the way licenses were at once issued to the four applicants and they immediately opened up for business. One more license will be granted on Monday. There has been a bitter fight over the issuance of the licenses since May 1.

Tecumseh Banker Convicted of Embezzling Ten Thousand Dollars.

AUBURN, Neb., May 19.—(Special Telegram.)—Charles M. Chamberlain was found guilty tonight of the charge of embezzling \$10,000 from the Chamberlain banking house of Tecumseh. The defense rested at noon yesterday and the state offered only one witness in rebuttal. Halick F. Rose made the closing argument for the defense after supper. The case was argued before Judge Adams closed the trial. Judge Adams instructed the jury for the state. Judge Adams closed the trial and the case was submitted at about two hours and a half. North, who was appointed collector of customs in Omaha by Cleveland and who left the democratic ranks to support William Bryan, was first nominated for president. He announced his return to the old party again. Time was when Mr. North could not stand Bryan's kind of democracy, but his heart has been changed, probably on account of the great tabular meetings in Columbus. At any rate he gives it out now that he repents having left the party and that he just hopes that he will live long enough to see the democrats nominate W. J. Bryan, so that he can vote for him and make up in part for his wandering from the fold.
