No Occasion for Alarm. Congressman Kennedy has received from Grand Island, Neb., a resolution adopted by Grand Island council No. 134 of United Commercial Travelers of America, protesting against the passage of a bill whereby it is sought to con solidate all third and fourth class mail matter under the title of distance. It is asserted that the proposed legislation is in the interest of the catalogue houses and that it would be detrimental to the best interests of the country at large.

Congressman Hinshaw, who received imilar resolution to the above, had a conference with the chairman of the postoffice and roads committee today and was informed that no such law as outlined was contemplated, and that it could not pass if reported. Should any law be passed it would look to the adjustment of third class matter, including books, etc., and not to fourth class matter.

Pollard Takes New Tack. Congressman Pollard, recognizing the opposition to his bill giving a military status to the Nebraska territorial militia, has taken a new tack and today asked Senator Burkett to introduce the measure. Assert They Have an Overwhelming Majority in the State Convention.

SIOUX FALLS, S. D., May 22-(Special Telegram.)-Returns from the republican county conventions hled throughout the state today leave not the slightest question about the re-election of Robert J. Gamble to the United States senate. The insurgent faction of the republicans, of which he is one of the leaders, asserts it will have not less than 800 of the 1,369 delegates who will be entitled to seats in the state convention, which will be held in Sloux Falls on June 5.

While on the face of the returns from the county conventions the "insurgents" have in the neighborhood of not less than 800 delegates, it is confidently expected that this figure will be increased 100 or more by the time the state convention meets, as several counties which were carried by the "stalwarts" are asserted to be practically certain to go to the "insurgents" for the protection of their own interests.

Andrew J. Wilhite, who died Wednesday at the home of his sister, Mrs. Lora Wadhams, possessed a wide acquaintance in Nebraska, due to his being a commercial traveler. Among the saving institutions, which will resume operations tomorrow are the Hibernian Savings bank, the Humboldt Savings bank, the Scandinavian-American bank and the German Savings bank. The Hibernian Savings bank, one of the largest institutions of its kind in the west, is structurally intact, although the interior furnishings were destroyed by fire. Its vaults, with their double doors each having eight thicknesses of steel

plate, were opened readily, the locks immediately responding. Not only were the contents uninjured, but the vaults were cool, the heat of the roaring furnace which had surrounded them not being HURON S. Homer S. King, president of the Clearing House association, said: "There is little demand for money, and I do not think there will be until the heavy building begins Thus far our receipts have much exceeded the withdrawals."

That conditions are rapidly approaching the normal in financial circles was indicated by the holding of a regular clearing yesterday in the new quarters of the clearing house in the Mercantile Trust building. Seandal on Auto Hire.

The extortionate charges for automobile hire during the first two weeks following the fire is likely to develop into a scandal of huge proportions before the finance confmittee finishes with auditing the accounts. In the tabulated statement filed with the committee of forty on Saturday there appears a charge of \$157,589 for automobile service. It is a well known fact that there are not more than 1,000 machines in San Francisco and that all of them could be bought outright for a sum not much in excess of the amount charged for the hire of probably half of that number.

Only 129 claims were presented to cover this sum. The average rental a day was \$36, but in many instances the charge was even higher. What the committee will do with this item is still undetermined. In the same table is a statement of charges for milk, butter, eggs, bread, vegetables, drugs, hay, grain and clothing. The total cost for these pecessaries does not equal the cost of the hire of automobiles. Some of the garages have relieved the committee

from embarrassment by generously donating the amount to the relief fund.

PETTIGREW AFTER HIS OLD JOB Announces He is a Candidate for the Senate to Succeed Kittredge.

SIOUX CITY, Ia., May 22.-(Special Telegram.)-Ex-Senator F. W. Pettigrew of Wall street will return to Sloux Falls and will be a candidate to succeed Senator Kittredge two years hence. Pettigrew is in Sloux City today on his way to Balt Lake. The statement that he would oppose Kittredge at the next election on the independent ticket was authorized by his closest friends. Kittredge accomplished Pettigrew's downfall when the latter switched from the republican to the Bryan ticket in 1896 and Pettigrew has been instrumental in the success of the insurgents in the last South Dakota campaign.
