Chicago reported receipts of 246 cars, against 204 cars last week and 193 cars by year ago. The prospect of wet weather through-out the middle west weakened the corn market. Several leading longs were free sellers and offerings were taken chiefly by commission houses although there was some covering by shorts. The market closed easy. July opened a shade lower to a shade higher, at 53% 245% c. sold off to 47% c and closed at 47% c. Local receipts were 463 cars with 325 cars of contract grade. Trading in oats was active and the structure was inclined to be weak because of favorable weather conditions for the growing crop. Reports for Texas were that harvesting bas begun in the south-eastern part of that state and that the yield is meeting expectations. Local higher, at 34 @ 33% c. Local receipts were 185 cars. Provisions were quiet and prices were inclined to weaken, more in sympathy with grain than any apparent cause. At \$15.65. Lard was down 555% c. at \$5.65% @ 8.60. Ribs were 5c lower, at \$5.65% @ 7.67% . Estimated receipts for tomorrow: Wheat \$ cars; corn, 21% cars; cars;
