CONSIGNY OUT OF RUNNING

County Treasurer Announces He Will Not Seek a Renomination.

EVEREST ALSO SCRATCHES HIS ENTRY

To Death of Candidates However, as Three Had Been Announced by Night and Rest of County to Hear From.

County Treasurer L. G. Consigny announced yesterday that he would not seek a renomination at the Pottawattamie county republican convention to be held next Tuesday. He stated that his decision not to seek a renomination was final, although it was generally conceded he could have had it for the asking.

Frank F. Everest, who it was stated would be a candidate for the nomination in the event of Consigny declining a renomination, also announced yesterday that he had changed his mind and had definitely decided not to seek the nomination, as in the event of election the duties of the office would interfere too greatly with his private business.

With the decision of Consigny not to be a candidate for renomination, three aspirants for the nomination for county treasurer remained in the field. James W. Mitchell, a traveling salesman for Stewart Bros. company of Omaha, started on an active campaign yesterday. Mr. Mitchell is understood to be the choice of the "standpats" or anti-Consigny faction and his candidacy is supported by many of the voters.

WOMAN FATAALLY HURT BY ENGINE

HARD OF HEARING AND DID NOT NOTICE WARNING SIGNAL.

Mrs. Etta Held, living at 1801 Tostevin street, received what is expected will prove fatal injuries early yesterday morning by being struck by a Great Western switch engine at the Tostevin street crossing. She was thrown to the ground and the wheels of the locomotive passed over both legs, grinding them off at the knee. Mrs. Held, who is 23 years of age and the mother of three small children, is the wife of Henry Held, an employe of the E. Children Manufacturing company.

The unfortunate woman is said to have been somewhat deaf, and to this is attributed the accident. She was returning from a grocery store to her home with a number of packages in her arms and to reach her home nearby had to cross the tracks of the Great Western at the Tostevin street crossing. The switch engine, which was in charge of Switch Foreman E. Hannin and Engineer James H. Miller, was backing and Hannin had gone ahead about 100 yards to turn a switch. Both saw Mrs. Held about to cross the tracks.

Mrs. Held was first carried to her home just south of the tracks and then as soon as an ambulance could be secured removed to the General hospital, where her condition from the shock and loss of blood decided the attending physicians to defer attempting an operation.

Those who were attracted to the scene of the accident state that but for the foresight of Foreman Hannin the unfortunate woman might have almost bled to death before medical assistance could have been secured. As soon as the engine reached the scene of the accident, the nature of Mrs. Held's injuries he bound up tightly with bandages the stumps of the limbs so as to check the flow of blood to a considerable extent.

C. Konigsmaier, cashier of the Commercial National bank, who was driving into the city from his farm in Lewis township, witnessed the accident. His statement corroborates those of Foreman Hannin and Engineer Miller that they did everything possible to warn the woman of the approach of the engine.

Mrs. Held succumbed to her injuries at 8 o'clock last night. Coroner Treynor last night had not fixed the time for holding an inquest, but it will probably be some time today.

OUTLOOK SATISFIES PERKINS

Candidate for Governor Not Worried "Wait until Saturday and I will believe the figures will show that Governor Cummins is in the rear. As to the present, it is needless for me to quote any figures, for any person can count up the standing of the candidates just as well as I can. I believe, however, the next few days will show a considerable change in the figures and the change will not be in Mr. Cummins' favor." This was the answer given by Hon. George D. Perkins of Sioux City, candidate for the republican nomination for governor, to an inquiry as to his opinion of his chances for defeating the candidate of the "progressive" wing of the party.

Mr. Perkins arrived in the city about 11:30 in the morning from Walnut, where he addressed, with State Senator Saunders of this city, Monday night a large and enthusiastic gathering of republicans. Mr. Perkins expressed himself as well pleased at the reception tendered him at Walnut. He was greeted at the Grand hotel by a number of friends, and after partaking of luncheon with Chairman Wright of the county central committee, Mr. Perkins was called upon by a number more of his friends and supporters.

Regarding the issues in the campaign, Mr. Perkins said he felt that the issue raised by Governor Cummins as to the railroad had been practically disposed of by congress in the recent railroad rate bill. The action of congress, he contended, had eliminated the railroad question from the campaign. He said he deplored the strife in the party in this state, as there never was a time in his opinion, when there was less occasion for party dissension at present. "I have sought in every way to prevent it. Some one, however, is responsible for it, but I am not that one," he said.

In the afternoon Mr. Perkins left for Avoca to attend the meeting there which Lieutenant Governor Herriott was booked to speak. Mr. Perkins did not intend to take any active part in the meeting, however. He was accompanied to Avoca by Chairman Wright, County Attorney Hess, Colonel W. F. Baker, County Recorder Baird, County Auditor Choate and H. V. Battey, clerk of the district court.

Attachment on Carr—Quasbed. SIOUX CITY, Ia., May 22.—Judge Henry T. Reed in the federal court today handed down an opinion of importance in the matter of the attachment in Iowa of cars belonging to the Big Four railroad to satisfy a claim for \$10,000 damages by Charles Davis, administrator for the estate of Frank Jandt, who was killed in an accident on the Big Four line in Illinois. The defense moved to quash the attachment on the grounds that the cars were engaged in interstate commerce business and not subject to attachment, and it was mainly upon this ground the motion was sustained.

The entire legal department of the railroad, with General Counsel Robert Mather at the head, will work on the case because of the importance that is deemed to be attached to a settlement of the legal question.
