Sheriff Appears.

LONG PINE, Neb., May 23.-(Special Tel egrans.)-Preferring death to life in an incoriate asylum, J. F. Ingalls, a jewelryman of this place, this morning shot himself in the aldomen and died a few hours later. For several years Ingalis had been a strenuous booze fighter. Last summer he was sent to an inebriate asylum, but upon promise of discentinuing the use of intoxicants was dismissed on probation. For several months he lived up to his promise and did a thriving business. Last night he acted strangely and his aged father, whom he had been nursing with the rheumatism, no tified the authorities that his son was either drunk or drugged, that he feared to be left in his charge and insisted upon his arrest. Sheriff Muriel Knight was summoned from Ainsworth, but before his arrival Ingalis learned that he had been sent for and is if he attempted to arrest him.

This morning when Ingalls went to the postoffice for his mail he encountered the sheriff, who told him he was under arrest. Whipping out a revolver Ingalls fired point blank at the officer, but the bullet missed its mark. The sheriff, assisted by a by- road, June 9th, 19th and 11th, with return ent Greene. TILT OVER BOARD MINUTES

Secretary Bennett Gets Touchy Over What He Considers Oriticism.

PEACE RESTORED BEFORE SESSION ENDS

State Superintendent McBrien Makes Apportionment to the Various Countles of Temporary School Fund.

(From a Staff Correspondent.) LINCOLN, May 23 .- (Special.) -- With Secretary Bennett and his minutes the incentive, the State Board of Assessment this morning went round and round in one of the most humorous and time-wasting stunts which it has ever performed. At one stage of the play it was only the coolness of Governor Mickey that kept the performance in the comic and our of the melodramatic. The governor had stopped in the headlong rush for the ridiculous, long enough to tell Secretary Bennett he was not finding fault with his minutes and he wanted on all occasions, to be courteous. "I want the honorable secretary to know that," con-

cluded the governor. "Don't call me honorable," hotly torted Bennett. "You don't need apologize to me. I'm not looking for ewspaper notoriety and neither am playing to the grandstand. What I've one here in the way of making up the ninutes has been done upon the order of the board."

Standing out in bold relief, all alone, and as a conspicuous example of open, frank and honest dealing with the sick and afflicted, are Dr. Pierce's Favorite Prescription for weak, over-worked, debilitated, nervous, "run-down," pain-racked women, and Dr. Pierce's Golden Medical Discovery, the famous remedy for weak stomach, indigestion, or dyspepsia, torpid liver, or billousness, all catarrhal affections whether of the stomach, bowels, kidneys, bladder, nasal passages, throat, bronchia, or other mucous passages, also as an effective remedy for all diseases arising from thin, watery or impore blood, as scrofulous and skin affections.

Each bottle of the above medicines bears upon its wrapper a badge of hon-

Each bottle of the above medicines bears upon its wrapper a badge of honesty in the full list of ingredients composing it—printed in plain English. This frank and open publicity places these medicines in a class all by themselves, and is the best guaranty of their merits. They cannot be classed as patent nor secret medicines for they are neither—being of known composition.

Dr. Pierce feels that he can afford to take the afflicted into his full confidence and lay all the ingredients of his medicines freely before them because these ingredients are such as are endorsed and most strongly praised by scores of the most eminent medical writers as cures for the diseases for which these medicines are recommended. Therefore, the afflicted do not have to rely alone upon Dr. Pierce's recommendation as to the curative value of his medicines for certain easily recognized diseases.

A glance at the printed formula on each bottle will show that no alcohol and no harmful or habit-forming drugs enter into Dr. Pierce's medicines, they being wholly compounded of glyceric extracts of the roots of native, American forest plants. These are best and safest for the cure of most lingering, chronic diseases. Dr. R. V. Pierce can be consulted prace, by addressing him at Buffalo, N. Y., and all communications are regarded as sacredly confidential.

It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Piessant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

FREMONT—The dismissed of a number of Northwestern employes this week has made considerable excitement in railroad circles. The report in an Omaha paper that Trainmaster Leppia is responsible for it is not true, as he was only carrying out the orders of his superiors. The evidence that many of them were in the habit of drinking while on drity was convincing. A good many of them, it is believed, will be reinstated. Fewer changes were made under the new management than when Superintendent Mahanna had his famous housecleaning fifteen years ago.

The validity of applications for saloon licenses where the notice was published in The Evening Bee was fer the second time judicially determined Tuesday in a judgment rendered by Judge Kennedy. Judge Kennedy dismissed the appeal of John M. Tanner, publisher of the South Omaha Democrat, from the action of the South Omaha Fire and Police Board, granting Gus Hedgren a liquor license. Hedgren had published his notice in The Evening Bee, and Tanner, who sought to secure the printing of the notices for his
