The witness said he never had received any instructions from George H. Crosby, the defendant, about these claims and denied, fistly that he had testified differently before the grand jury last December. He had, he said, always received his orders from L. F. Miller, who died in January, 1906. Mr. Crosby succceded to Mr. Miller's position. All the commission claims he had so handled, he said, disappeared. He had looked for them last December in his office, but

could not find them. Thomas Showland of Chicago, treasurer of the Burlington, testified that payments of claims were made through his office. He had with him a few drafts paid for claims. Under the terms of the subpoena he was requested to produce "books and papers and return vouchers." He said he had called on the auditor's office for these, but that efficial had no vouchers or records other than the drafts. These were payable to Thomas and Taggart. They were entered as evidence.

AMNESTY IS NOT CERTAIN

Czar's Answer to Address of Parliament Will Probably Be Delayed.

Nicholas Hesitates to Redeem Promise of Partial Release of Political Prisoners-Danger of Conflict Increasing.

ST. PETERSBURG, May 24.-Owing to the delay in formulating the final program of the government, Premier Goremykin may not be able to deliver the expected address at the opening of Parliament at 2 o'clock tomorrow. Though there have been various forecasts of the address published, it will not be definitely decided upon until morning, when Minister Goremykin will have an audience of Emperor Nicholas at Peterhof. Unless the premier returns to St. Petersburg carly in the afternoon the delivery of the address will have to be postponed until Sunday or Monday It is reported that Count Witte has de-

season in the beautiful soft, rich cream still under consideration when the senate colors, which is a close rival to white and adjourned. The discussion on the alcohol bill turned largely upon the effect of the legislation on the manufacture of wood alcohol, which Senator Aldrich asserted would be greatly injured. Senator Hale criticised some of the provisions of the tendency towards paternalism.

Objections by Mr. Aldrich. When the free alcohol bill was taken up today Senator Aldrich said the bill would greatly injure the business of the wood alcohol manufacturers and gave this as one of the reasons why the date for the bill to go into effect had been extended until January

Mr. McCumber moved the restoration of the date fixed by the house bill carrying it into effect three months after its passage.

The only amendment made to the bill in the senate was one providing that the denaturization provided for shall be done upon the application of any registered distillery." in bonded warehouses especially designed or set apart for denaturing purposes only.

Senator Allison said the bill was crude and that it should have been more carefully considered. He spoke of the importance of the measure, saying it might affeet \$100,000,000 of revenue, but expressed the opinion that as the bill has been amended by the senate fraud under it could be prevented. He did not believe that distillers generally would take advantage of the opportunity to manufacture denatured dechol as provided for by the bill.

Senator Hale agreed with other senators that there is 'liable to 'be' disappointment over the effect of the bill, but expressed the hope that it would prove beneficial to the manufacturing interests. He also declared that there had been no effort on the part of outside interests to influence the deliberations of the committee on finance, by which the bill was reported. Mr. McCumber then withdrew his amendment and the bill was passed.

Agricultural Bill Discussed. The senate entered today upon the consideration of the agricultural appropriation bill. Mr. Hale criticized the provision permitting the secretary of agriculture to extend to thirty days, the fortnight's leave now allowed to employes outside the city of Washington, expressing the opinion that the practice is growing rapidly and that it will soon extend to all the postoffices of the country if ant checked. He spoke of the general demand, for government em ployment, saying that such employes became "a hungry, persistent band of mendicants," and that congress is dragooned. boycotted, importuned and browbeaten by the demands of this organized body of subordinates. Mr. Hale referred to the possibility of pensioning government employes. Senator Patterson said that he did not termined to go abroad next week for two tirement pensions: to the more humble govdiscussion of the amendment authorizing ernment in not granting plenary amnesty the purchase of samples of all serums and seems designed to pave the way for a re- anti-toxins for the cure of animals and it was denounced by Mr. Hale as another circumstances the release of the political step in the direction of paternalism. WASHINGTON, May 24 .- Thoroughly imbued with the advantages to be gained by a study of its people and institutions his highness, Maharajah Geikwar of Baroda, will pay a second visit to the United States, at which time he can make his investigations more complete. He so stated to a number of newspaper men today whom he met by special appointment He stated he will probably request the secretary of commerce and labor to allow an expert from the United States Fish commission to go to India and give instruction in fish culture. His highness is seriously considering the advisability of sending to America and placing an agricultural colonies a number of students to

study farming with the view to improving the condition of his people. Before leaving America his highness will visit Colorado and proceed as far west as San Francisco, although he felt that his trip may be curtailed on account of the heat. He did not definitely state when he would come to America again, but intimated that it would be at no distant day, and then he proposed to spend least six months gathering what helpful information he could.
