everything just as you represented it to be. It is the only proposition I ever in-vestigated that proved to be as good if not better than printed matter and state-ments represented it to be. As you will remember, there were five of us in the party from Hamburg. Every one of us purchased a tract of 160 acres, and also purchased a tract of 160 acres, and also purchased so acres for another party who could not accompany us; mak-ing in all 500 acres. I consider the Hanover lands in the Big Horn Basin of Wyoming to be the smoothest and best laying body of land I ever saw. There is absolutely no consideration the abundance of water, the richness of the soil, the lay of the land and the healthful climate, it is in my judgment a very desirable place to live, and is without question the greatest money making proposition in the country today.
