OPPOSITION TO PROPOSITION

Attle Prospect that the Suggested Innovation Will Be Approved by the Officials.

(From a Staff Correspondent.) LINCOLN, May 27 .- (Special.)-The school ward at its meeting this week will conider the proposition to keep separated the oys and girls of the high school by mainaining different hours of the day for the ttendance of the two sexes. The propoition has met with so much objection it is ery probable the board will reject it and ontfnue the school in the same old way. The agitation to keep the boys and girls f the high school apart came about as he result of a story published by a local aper to the effect that the school children were banded together for immoral purloses. The paper was called before the soard to make good on the story, but affed, as it had printed merely rumors which had very little fact for a founds-

Suit Agains: State Journal. At the next session of the supreme court he people of the state probably will find out whether they are to be paid some 34.000 which it is claimed the State Journal swes because of the alleged illegal sale of hat amount of supreme court reports. On, he first trial of the case the supreme court found for the State Journal and ater a rehearing was granted. The case was again argued some weeks ago and a lecision is looked for at the coming sestimates. sion of the court. The Journal had the contract to print the court reports, the contract to print the court reports, the Julia B. Deweese state owning the copyright. It is charged Mai F. Douglas for filling the contract for the state, the Fannie A. Drake after filling the contract for the state, the fournal went ahead and sold reports to he amount of \$84,000, covering a period of years, and the state received nothing from hese sales. Inasmuch as the State Journal is charged with recently being in a comnine with other printers to raise the price of state printing and shut out the small printers, the case now in the courts is being watched with much interest. As the printing board had good evidence against Journal and the big printers of Omaha and Lincoln, it was thought action would be started against them, as the combination was in direct violation of the Junkin antitrust act, and the board had sufficient syldence, but other than to take the job away from the Journal nothing has yet

The is Made Well by Lydia E. Pinkham's Vegetable Compound, and Writes Gratefully to Mrs. Pinkham.

For the wonderful help that she has found Miss Cora Goode, 255 E. Chicago Avenue, Chicago, Ill., believes it her duty to write the following letter for publication, in order that other women afflicted in the same way may be

benefited as she was. Miss Goode is president of the Bryn Mawr Lawn Tennis Club of Chicago, She writes;

Dear Mrs. Pinkham:-Dear Mrs. Pinkham:

"I tried many different remedies to build up my system, which had become run down from loss of proper rest and unreasonable hours, but nothing seemed to help me. Mother is a great advocate of Lydis E. Pinkham's Vegetable Compound for female troubles, having used it herself some years ago with great success. Bo I began to take it, and in less than a mouth I was able to be out of bed and out of doors, and in three months I was entirely well. Really I have never felt so strong and well as I have since."

No other weelled in her such a record

No other medicine has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound. Women who are troubled with pain-

ful or irregular periods, backache, bloating (or fiatulence), displacement of organs, inflammation or ulceration, can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Her experience is very great, and she gives the benefit of it to all who stand in need of wise counsel. She is the daughter-in-law of Lydia E. Pinkham and for twenty five years has been advising sick women free of charge. Address, Lyon, Mass.

Mrs. Bogen and the doctor called up the sermon to the graduates of the Normal Lincoln anylum and found the woman was an inmate out on parole. She was returned to the asylum last night and

SMALL WHECK NEAR PRANKLIN

Cribbing Burns Under Burlington Track and Derails Three Cars. FRANKLIN, Neb., May 27 .- (Special Tel egram.)-A small wreck on the Burlington, five miles east of this place, this afternoon-caused some delay in traffic of trains. Three cars went into the ditch, making it necessary for the wrecking car and outfit to clear the main line. It occurred at a place where the track was washed out Monday last. The track had been cribbed up with ties and this cribbing caught fire and burned out, leaving nothing but the rails for thirty feet. The fire was still burning when the wreck happened and it was only by hard work that the cars were saved from burning. One of the wrecked cars was loaded with oil, but luckily the tank was not broken. In some way the engine got over the place, but the first three cars behind the engine broke through. The fireman jumped and landed in water six feet deep and he had to swim out. The track was repaired and trains were run-
