STOP-OVERS will be allowed both going and returning after first Homeseekers' point enroute.
Unusual opportunities exist along the line of the Missouri Pacific-Iron Mountain Route. The rich, alluvial, delta lands and river bottom lands of Southeast Missouri, Eastern Arkansas, Louisiana and Texas, capable of producing 60 bushels of corn, a bale of cotton, 4 to 8 tons of alfalfa, 100 bushels of potatoes, and other grains, vegetables and hay crops, can be bought for \$7.50 to \$15 per acre. When cleared and slightly improved will rent for \$4 to \$6 per acre cash.
Uplands more rolling, lighter soil, adapted to fruit growing—peaches, pears, plums, grapes, berries, also melons, tomatoes and other vegetables—can be bought for \$5 to \$10 per acre in unimproved state. Many places with small clearings and some improvements can be bought very cheap.
This is a fine stock country. No long winter feeding. Free range, pure water, mild climate. A healthy, growing country, with a great future.
