

A SQUARE DEAL

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formula are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz.—pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and anti-ferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foul-breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no

medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

Study the medicinal properties and uses of the root of Golden Seal (*Hydrastis Canadensis*), one of the most valuable of our American forest plants, as set forth in a little book of extracts made up by Dr. Pierce from the standard works of the leading medical writers and teachers of the several schools of practice, and it will be conclusively apparent to you that a medicine like Dr. Pierce's Golden Medical Discovery, which is rich in all the curative principles abounding in Golden Seal root, so highly extolled by the most eminent medical men, must be surpassingly efficacious in the cure of many obstinate and distressing ailments and especially so in all catarrhal affections of the mucous surfaces, whether of the nasal passages, throat, or bronchia or of the stomach, bowels, bladder or other pelvic organs. Scarcely less valuable than the properties of Golden Seal, in a curative way, are the several medicinal principles extracted from Stone root, Queen's root, Black Cherrybark, Bloodroot and Mandrake root, all of which are harmoniously blended with triple-refined glycerine in "Golden Medical Discovery."

From the writings of Drs. Bartholow, King, Scudder, Hale, Hare, Johnson, Coe and a host of others quoted in the little book above referred to and which will be posted free to any one mailing request by postal card for same to Dr. R. V. Pierce, Buffalo, N. Y., it will be seen that a medicine like "Golden Medical Discovery" which is rich in all the curative properties, not only of Golden Seal, but also of all the other most valuable native medicinal roots mentioned, will generally cure not only all the ordinary catarrhal affections of the nasal passages, stomach, bowels and pelvic organs, but will also overcome and cure such affections even after they have reached the ulcerative stage. In this list of diseases cured by "Golden Medical Discovery" may be included catarrhal dyspepsia, of indigestion, chronic and ulcerative diarrhea. In severe or long standing nasal catarrh it is well to cleanse the nasal passages with Dr. Sage's Catarrh Remedy while taking "Golden Medical Discovery" as a constitutional course of treatment.

Has many aches and pains caused by weaknesses and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening nerve known to medical science, made of the glyceric extracts of native medicinal roots to be found in our forests.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy of known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his, and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want, and it is his business to supply the article called for.

People Who Think

Know that it is safest and best to use only medicines of known composition. They don't stupidly open their mouths like a lot of young birds, and gulp down whatever is offered them, but insist on knowing what they are swallowing. Dr. Pierce recognizes the right of his patients to know what his medicines are composed of, so he prints the full list of ingredients of which they are composed on each bottle wrapper, and verifies the same under oath as being correct, thus taking his patients into his full confidence.

A glance at these printed formulas will show that the Doctor's medicines contain no alcohol, so generally employed for extracting and preserving medicinal principles, pure triple-refined glycerine being used instead.

By exact and scientific processes devised by him, and with the aid of specially designed apparatus and appliances he is able to fully extract and preserve, in any climate, for any length of time, all the medicinal virtues residing in the most valuable native medicinal roots found in our American forests and that too without the use of a drop of alcohol. Besides the glycerine possesses most valuable medicinal properties of its own, instead of being injurious like alcohol which is so generally employed in nearly all fluid medicines.

Delicate, weak nervous women should especially shun the use of alcoholic medicines which, from their stimulating and exhilarating effects may seem, for a time, to do good, but which, from the inevitable effects of the alcohol in shrinking up the red corpuscles of the blood are sure to do great and lasting harm in the long run. Besides they beget a craving for stimulants which is most deplorable.

Neither alcohol, narcotics or other deleterious or habit-forming drugs enter into the composition of Dr. Pierce's Favorite Prescription and only salutary, invigorating and nerve strengthening effects can follow the use of this famous medicine for women. It has been carefully adapted to their needs by an experienced physician. It makes weak women strong and sick women well.

An invitation is extended by Dr. Pierce to every sick and ailing woman to consult him by letter. There is absolutely no charge or fee for this. Every letter is carefully considered; fully answered, and its statements held as strictly private and sacredly confidential. Address as directed below.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good."

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

FIGHT IS OVER TREASURER

N. Swanson of Crescent City Comes in and Complicates the Situation.

COUNTRY DELEGATES WANT TO HAVE SAY

Dye and Brandes Stated for the Nominations for the Legislature, Leaving Vacancy on the County Board.

At least two-thirds of the delegates to the republican county convention to be held this morning arrived in the city yesterday and the Kiel hotel, where they made their headquarters, was a busy place and many a caucus was in progress up to a late hour last night. The candidates for the several offices were to be seen making hay, and this was particularly true of the candidates for the contested nominations. Indications last night were that the contest of the convention would be over the nomination for treasurer. Interest was added to the contest yesterday by the announcement that N. Swanson, an old-time republican of Crescent City, had shed his color into the ring and announced himself as a candidate for the nomination for treasurer. While the local organ of the "standpatters" yesterday announced that W. Mitchell, the candidate of that wing of the party, had the nomination practically nailed down, talk among the country delegates last evening showed that they intended to have something to say as to who the nominee would be. It was rumored that in the event of the local "standpatters" failing to nominate Mitchell they would throw their strength elsewhere, and the rumor was to the effect that it might possibly be Frank E. Everett, who was their first choice, but who a few days ago announced he was not in the race.

James P. Christensen developed considerable strength yesterday, as did Emil Leffert. Matters in connection with this nomination, however, appeared so mixed last night that it would be guesswork to make any prediction. It was also reported that the banks were likely to take a hand in the fight for the nomination of treasurer, it being known that Mitchell was being put forward by the First National bank and its friends.

Dye and Brandes for Representatives. It was generally conceded last evening that Henry C. Brandes and Willoughby Dye would be the two nominees for representatives and if this proves to be the case there will be a contest for the place on the Board of Supervisors made vacant by the promotion of Mr. Brandes. The other four members of the board will be renominated without contest, it is said.

National Committeeman Ernest E. Hart will head the delegation in the state convention and George S. Wright, the retiring county chairman, will be the choice of the convention for member of the state committee.

WANTED—Four new carriers. Bee Office, 10 Pearl Street.

committee. In connection with the county chairmanship it was stated yesterday that Freeman L. Reed, who had practically been selected as Wright's successor, would be unable to serve, as he expected to be out of the county a great deal during the summer, and Elmer E. Smith, former county recorder, it is understood, is slated for the position. County Attorney Hays will retire from the county chairmanship and City Attorney C. F. Kimball will succeed him.

It was stated last night that the delegates to the convention of the Fifteenth judicial district would likely be instructed for Judge Wheeler, who is seeking a re-nomination, although former County Attorney Kilpatrick is an aspirant for re-nomination.

The delegates to the convention of the Ninth congressional district will be instructed for Congressman Walter L. Smith, and as to this there is, of course, not the slightest doubt.

Some City Nominations. In addition to naming a candidate for judge of the superior court the delegates from the city will also be called upon to name two justices of the peace for Kane township, which includes the city of Council Bluffs. In the latter nomination they will be assisted by the one delegate from Kane township outside the city.

The contest for the nomination for judge of the superior court appears to be between W. S. Baird and former City Solicitor S. B. Baird, although W. A. Myrner and H. J. Chambers are still in the ring.

E. B. Gardner and H. H. Field each seek a re-nomination for justice of the peace. Other candidates are R. T. Bryant, Ovide Vlen, both of whom have held the office before, and F. E. Deuel.

ARTHUR LEVI RELEASED ON BAIL

Case Against Him and Pat Crowe May Be Dropped.

Arthur Levi, alleged accomplice of Pat Crowe in the holdup and robbery of the crews of the two motor trains near the east end of the bridge last summer, was released from the county jail yesterday on a \$500 bond furnished by his mother, Mrs. Levi, and Charles P. Turner, and Charles P. Bowman, relatives of the young man.

Levi has been in the county jail for a number of months awaiting trial. In addition to the joint indictment with Pat Crowe for alleged complicity in the car robbery Levi was indicted on the charge of holding up and robbing O. K. Harden's saloon at Broadway and Twenty-first street. He was acquitted on this charge for lack of identification, but another indictment was returned against him in connection with the complicity in the car robbery of holding up one of the men in the saloon at the time of the holdup.

It is doubtful if the case against Crowe and Levi on the charge of holding up and robbing the motor crews will ever be tried.

High grade pianos sold on easy payments. \$10 down and \$20 per month. Swanson Music Co., 407 Broadway.

Stage Career Interrupted. The stage career of Judson Miller, a 16-year-old boy of this city, was tipped in the bud yesterday by Judge Wheeler of the district court, who ordered the lad committed to the industrial school at Eldora.

Young Miller had become stage struck, and despite the efforts of his mother, Mrs. Brans, who lives at Eleventh street and Fifth avenue, declined to go to school. At times he was employed as a "sloop" at the New theater. If the lad is to be believed, he declared that at the time he was taken into custody he was about to join the "Fighting the Flames" aggregation which has just finished an engagement in Omaha.
