#### Aggressors.

In respinse to a telephone call from Charles Hooper's saloon at 602 South Thirteenth street the new patrol wagon made its first hurry call, with Bergeant Cook nd a squad of policemen at 11:45 Tuesday ight. When the officers arrived from poice headquarters Patrolman Divis already had reached the saloon and arrested Alexander Jones, J. A. Lillie, R. A. Heiler, E A. Heller and W. D. Hooper, all of whom were driven to the city jail and charged with disturbing the peace by fighting. E. A. Heller, who is a patrolman and off duty at the time of the disturbance in the aloon, has been suspended by Chief of Police Donahue pending the action of the Board of Fire and Police Commissioners. During the males R. A. Heller sustained severe cuts on his forehead and nose, having been struck with a bottle. His brother was hit with a bottle, the \$500 plate-glass mirror in the saloon was demolished, glass. ware was broken and the place generally turned inside out. R. A. Heller was at-

tended by the police surgeon. Those arrested appeared in police court Wednesday morning, pleaded not guilty and had their hearings set for Saturday morning.

#### Unwilling Participants.

From accounts received it appeared that Jones, the two Hellers and Lillie at least were unwilling participants in the trouble, having been dragged into the affair by a lot of saloon hangers-on, who managed to call on or address Mr. C. C. Merrill, travelmake their escape after wrecking the ing passenger agent. Tenth and Walnut saloon and inflicting personal injuries. W. D. Hooper, the fifth man arrested, is a

brother of the proprietor of the saloon. Speaking of the affair, Patrolman Heller

# "CUTICURA TREATMENT IS A BLESSING"

"At all times and to all people I am willing to testify to the merits of Cuticura. It saved me from worse than the tortures of hades, about the year 1900, with itching on my scalp and temples, and afterwards it commenced to break out on my hands. Then it broke out on my limbs. I was advised to use salt and water, which I did, to no effect. I then went to a Surgeon, who commenced treating me with a wash of borax. This treatment did me ne good, but rather aggravated the disease. then told him I would go and see a phy-sician in Erie. The reply was that I could go anywhere, but a case of eczema like mine could not be cured; that I was too old (SO). I went to an eminent doctor in the city of Erie and treated with him for six months, with like results. I had read of the Cu-ticura Remedies often. I was strongly tempted to give them a trial, so I sent for the Cuticura Soap, Ointment, and Resolvent and continued taking the Resolvent until I had taken six bottles, stopping it to take the Pills. I was now getting better. I took two baths a day, and at night I let the lather of the Soap I used the Ointment with dry on. great effect after washing in warm water, to stop the itching at once. I am now cured. "The Cuticura treatment is a blessing and should be used by every one who has itching of the skin. I can't say any more, and thank God that He has given the world such a curative. **MR. FOGELSTROM BREAKS DOWN** Shows Effect of Nervous Strain and is Taken to Sanitarium at

Lincoln.

Rev. E. A. Fogelstrom, prominent in the Swedish ministry and manager of Immanuel hospital, has been taken to Dr. Bailey's private sanitarium at Lincoln, suf. fering from a weakening of his mental powers due to overwork. He was taken

One Patriot Rises Who, in Spirit of Levity, Describes His Deeds of Valor with Mr. . Barleycorn.

Memorial day was a quiet one before the people's bar. Business was expedited as much as possible, so as to give all an opportunity to devote their minds to the sentiments of the day. None of those arraigned before the bar pleaded for leniency on the grounds that he faced the smoke and din of battle when the country was in peril, as it was thought some prococious vagrant might do. One wag did say he was a fighter, but when questioned declared he and John Barleycorn had gons to the mat several times for gate money and a ride in the new patrol. The wag. who gave his name as John Doe, said Mr. Barleycorn usually got the money, while he got the ride in the wagon and faced the music next morning.

The unusual often happens before the people's bar. Before that famous place settlements of children and other comestibles, are cleared by recommendations from the pastor and Ladies' Aid society drunkenness, as no one could be found and given a clean bill, while at other times they are condemned to be shot until dead in the court yard by the court ser-

Anton Chido dld the unusual thing before

the people's bar Wednesday morning by strewing a handful of human teeth out on the judge's desk as if the man were throwvia all Transatlantic steamship lines. Make ing dice. Chido's strange action took the magistrate quite by surprise. To see so many teeth in one place is not an everyday experience even for a police judge, so the judge surveyed the array of detached molars, incisors, bicuspids and canines with a

curious interest. "Why these teeth?" questioned the judge of the prisoner.

Chido had been arrested on a charge of drunkenness and intended to tell an illustrated story of his life on Tuesday. Before telling the story the prisoner opened his mouth so as to convince the judge the whole thing was on the square.

Chido is a man who wants to see what is going on, so he called on a dentist Tuesday and contracted for the removal of all his upper teeth.
