

CASH ACCOUNT OF THE STATE

Treasurer Mortenson Gives Statement of Where It Is Deposited. OBJECTIONS TO GRAIN CASE FINDINGS Neither State nor the Grain Men Satisfied With the Conclusions Reached by Referee Pemberton.

(From a Staff Correspondent.) LINCOLN, Neb., May 31.—(Special.)—State Treasurer Mortenson's report for the month of May shows that he now has on hand \$300,000 deposited in state depository banks. As has been his custom, he has announced the names of the depositories and the amount of state money in each. From the total on hand will soon be deducted \$412,000 in the temporary school fund, which is in process of appointment for support of the public schools.

Table listing various banks and their deposits: City National, Lincoln; Columbia National, Lincoln; Farmers and Merchants, Lincoln; First National, Lincoln; Nat. Bank of Commerce, Omaha; J. L. Brandeis & Sons, Omaha; Merchants National, Omaha; Nebraska National, Omaha; Omaha National, Omaha; U. S. National, Omaha; Alliance National, Omaha; Battle Creek Valley, Omaha; Bank of Eagle Mills, Wahoo; Broken Bow State, Broken Bow; Security State, Broken Bow; First National, Chadron; First National, Crestview; State Bank, Curtis; Dannebrog State, Dannebrog; First National, Fremont; Bank of Glenview, Glenview; Commercial State, Grand Island; Greeley State, Greeley; Union State, Harvard; First National, Hastings; German National, Hastings; First National, Holdrege; State National, Holdrege; Central National, Kearney; Lexington National, Lexington; First National, Ord; Newport State, Newport; Norfolk National, Norfolk; First National, Ord; Ord State, Ord; Pierce State, Pierce; First State, St. Paul; First National, Superior; Bank of Syracuse, Syracuse; First National, Valentine; Valentine State, Valentine; Saunders County, Watrous; First National, Wayne; West Point Nat., West Point; Wobach State, Wobach; City National, York; First National, York.

Both Sides Object. Both the state and the Nebraska Grain Dealers' association, will file objections to the report of Referee Pemberton in the supreme court when that body meets next Tuesday. At first it was thought that both sides would make little effort to prevent the court from adopting the report of the referee. While the litigants are said to be well satisfied with the outcome of the hearing before the referee, both sides are now apparently bent on contesting every point to the last. The association does not like to be called a conspiracy in restraint of trade and is objecting to the referee's suggestion that the referee's recommendations should be done. Attorney General Brown is satisfied with the recommendation for a permanent injunction against the association, but he does not care to concede the important point that the association did not solicit or receive rebates from railroads nor that the association shall not be compelled to forfeit its franchise. The final determination of the case still remains with the court.

Knights of Columbus Delegates. J. A. Maquire of this city and C. J. Smyth of Omaha will leave Nebraska tonight for New Haven, Conn., to represent the Knights of Columbus of this state at their national meeting. The meeting of

the Knights of Columbus and other Catholic societies will be held at New Haven under the auspices of Yale university. President Hadley of that institution will open the meeting and Cardinal Gibbons will be one of the speakers.

Visit to Industrial School. Secretary of State Galusha and wife, Deputy Auditor H. L. Cook and wife and C. J. Guenzel and wife have returned from a visit to the State Industrial school at Geneva.

Veterinarian Takes Appeal. Dr. Barnes, an old-time veterinarian living at Plattsmouth, had a hearing today before Governor Mickey and the secretaries of the State Board of Veterinarians. He has not passed an examination, but contends that he is entitled to use the title "veterinarian" notwithstanding the new state law. The board took the case under advisement.

Charges Against Notary. Max Cohn, a notary of Nebraska City, is to have a hearing before Governor Mickey to answer the charge that he signed an acknowledgment of a legal document when not in the presence of the man whose signature he attested. The complainant lives across the river in Iowa and is connected with a bank. He alleges that he was forced to sign a legal document, but that he did not go before Notary Cohn, who attested the acknowledgment. As the governor issues notarial commissions, he is believed to have power to revoke them. The complaint against Mr. Cohn may be taken later before a grand jury.

Federal Building Delayed. The new federal building, which the contractors promised to have completed by June 1, is still in a somewhat incomplete state, and it is figured out that the date for completion will be extended for two months yet. A penalty for each day over the time limit will now be attached, which the contractors must pay unless there are cogent reasons why it should not be imposed.

It is understood, however, that owing to the change insisted on by the government from the original plans adopted, which has necessarily delayed the work, the contractors are not likely to be held responsible for the delay of two months. While the penalty will be imposed each day, recommendations will be made to Washington to grant the extension of time, that, if acted on favorably, means the cutting out of the penalty.

A look through the splendid structure, built at an expenditure of about \$300,000, indicates that it is fast approaching the finished state.

Former Nebraska Dead. Samuel Wessel received a telegram today announcing the sudden death in New York City last night of his uncle, L. Wessel, for many years one of the best known merchants in southeastern Nebraska.

Mr. Wessel located at Nebraska City somewhere about 1862 and established himself in the mercantile business. He soon became one of the leading business men of that section and continued as such until his retirement from active business work three years ago. At that time he removed to New York City to spend his declining days. He was 72 years old.

Going to Rescue Fish. Fish Commissioner O'Brien and Deputy Game Warden Hunger left yesterday for the lakes in the northwestern part of the state. They went by rail to Valentine and were to drive overland from there.

It is reported that large numbers of bass have been left by the recent high waters in pools and other shallow waters, and the two officials are equipped with nets and other appliances wherewith to rescue the fish and replace them in the lakes.

FATHER AND SON ARE HELD. Widow Tells of Shooting of Her Husband. BROKEN BOW, Neb., May 31.—(Special Telegram.)—The preliminary hearing of Charles Dennis and two small sons, John and Harvey, charged with killing George Morrison on May 18, was held before Judge Humphrey today. Judge Sullivan and N. T. Gadd, for the defense, and Judge Gutierrez conducting the prosecution, with County Attorney Johnson, Mr. Morrison, the widow, testified that on the afternoon of the tragedy her husband was working on a boundary fence separating the two properties and nearly in front of the house; that Dennis approached with an armed boy on each side of him to within a short distance, when John, aged 11, drew his

revolver and fired the fatal shot. Coroner Morrow and William Bekker also testified, under the auspices of Yale university. President Hadley of that institution will open the meeting and Cardinal Gibbons will be one of the speakers.

The defense advanced reasons for the father's discharge, but his honor refused to entertain them, binding the prisoners over to the district court in the sum of \$5,000.

FIVE YEARS FOR CHAMBERLAIN. Convicted Banker Refused New Trial. TECUMSEH, Neb., May 31.—(Special Telegram.)—Judge Raper refused C. M. Chamberlain a new trial in the Nemaha county district court at Auburn today and sentenced him to five years in the penitentiary on the embezzlement charge. Chamberlain will appeal to the supreme court.

Identifying Dead Man. FREMONT, Neb., May 31.—(Special.)—Interest in the murder of the unknown man at the House farm just south of the river at Tecumseh, Neb., has been revived by what appears to be the positive identification of the murdered man as Marcellus Falkner, a young man from North Carolina, who was known to have been in the west and has been missing for some time. The sheriff has been investigating this matter for some time and as the result of an interview with A. D. Cline, a farmer living about fifteen miles northwest of the city, has become convinced that the man is Falkner. Shortly after the murder a daughter of Mr. Cline saw a description of Falkner in a North Carolina newspaper which tallied almost exactly with that of the murdered man, who was then supposed to be Thad Browning.

The Cline went to Browning's parents and they sent them a photograph of their son. The sheriff then went to Cline's place last evening and after examining the photograph and description of Falkner found that they tallied almost exactly with the sole exception that Falkner had a tattoo mark on one arm, while the dead man had a scar on the same place and about the same size as that of the tattoo mark. The scar on the forehead and hand tallied exactly.

Burglar Raid Saloons. BLAIR, Neb., May 31.—(Special.)—The saloons of Henry Sax and August Rathman were robbed this morning about 2 o'clock and several dollars taken from the cash register of the Sax saloon. The most exciting and dangerous part of the burglary was at the Rathman saloon, where the burglar was discovered by Night Policeman Frank Brooks when the burglar broke in at the window. The burglar told Brooks to "take a sneak or he would shoot," but Brooks opened up and a dozen shots were exchanged between the two at the rear end of the building. Brooks ran to the fire house close by for more cartridges and phoned for help and the burglar made his escape. The officers suppose that there are two if not three in the gang. The freight office of the Omaha railroad was broken into and a revolver taken from the overcoat pocket of one of the employees, with which the shooting was supposed to have been done. Local talent is strongly suspected by the authorities.

Police department was put through the annual inspection Thursday afternoon in front of the city jail. About seventy-five members of the department, from Chief Donahue down to the lowest rank, accompanied by the chief, Mayor Egan, Captain J. W. Broatch and Lee Spratlen of the Board of Fire and Police commissioners examined the men and watched the maneuvers, which were in charge of Sergeant Tom Hayes. The inspecting party went through the different departments of the city jail.

After the drill Mayor Dahman made a short address to the men. He complimented them on their fine appearance and ventured the opinion that for its size the force showed up as well as any anywhere. He bespoke the necessity of a larger force and looked for the next legislature to authorize an appropriation which would justify the doubling of the force.

A representative of the city council was present and together the affair was voted a successful occasion. The mayor and commissioners got in the new patrol wagon, but expressed no inclination to be driven around town in the conveyance just to test the resiliency of the rubber tires.

WILL FINISH THE CANVASS. Young Women's Christian Association to Resume Work for New Building Fund.

At a meeting of the finance and building committee of the Young Women's Christian association held Thursday morning, it was decided to proceed with the work of soliciting the remainder of the fund for the completion of the building. There still remains \$47,000 to be raised and committees have been appointed to start out Monday morning on the soliciting tour to raise this amount.

The total amount of the fund thus far secured is \$78,125.21.

Like Bursting. When your head is like bursting, Dr. King's New Life Pills quickly cure the cause, constipation. 25 cents. For sale by Sherman & McConnell Drug company.

L. A. WELSH, Local Forecaster.

Louis Pasteur, and diplomas were presented to the twenty-four graduates by H. B. Schneider, president of the school board.

McCOOK—The eighteenth annual graduating exercises of the McCook high school were held at the church, this evening, before a large audience. One of the largest classes in the history of the McCook public school was graduated—nine girls and eight boys. Dr. Thomas Green was the speaker of the occasion, delivering a brilliant address on "The Key to the Twentieth Century."

FAIRBURY—Commencement exercises of the Fairbury high school were held last evening at the opera house. A class of nineteen graduating students was presented. The class was composed of four young men and fifteen young women. The customary essays and addresses were given and the exercises consisted of vocal and instrumental music, and an address by Charles O. Benjamin, Andrews of the State university.

TECUMSEH—Following is the mortgage record for Johnson county for the month of April, furnished by County Clerk W. Redfield: Number of farm mortgages filed, 14; amount, \$1,068, number released, 11; amount, \$20,700; number town and city mortgages filed, 4; amount, \$3,850; number released, 7; amount, \$2,747.50; number chattel mortgages filed, 3; amount, \$1,188; number released, 2; amount, \$4,264.45.

GIBBON—About 8 o'clock last evening a storm of hail and wind was recorded at Gibbon, striking north and east through the hills. A dozen farms suffered the loss of their crops. A carpenter lost his tools and a man was injured by a tree which fell on him.

BEATRICE—Frank Pethoud, who left Beatrice Monday afternoon with a pair of bloodhounds, was seen by a driver who stole a team of horses from Charles of Falkner in North Carolina. Pethoud returned home last evening. The thieves were followed as far as Nebraska City, where they crossed the river into Iowa at that point. The pursuing posse abandoned the trail at Nebraska City because of the heavy storm Tuesday night.

BEATRICE—The Home Telephone company, which has been working on the line in Wymore, has resumed work. The central station completed in a building at Wymore, near the depot, will not interfere. The Bell company has raised the price of its phone 25 cents per month. The price of the phone in houses, making the price \$1.80 and \$1.75 per month, respectively.

COMMISSIONERS OF Johnson county has appointed Colonel J. S. Dew as clerk of the district court in Johnson county. Colonel Dew was Mr. Campbell's deputy, and his term of office will expire this fall. Mr. Dew will be elected. The judges of the district court in Johnson county are: J. S. Dew, receiver for the Chamberlain Banking house of this city. Mr. Campbell also filling that office at the time of his death.

SHELBY—Owing to her time lost by illness, Prof. Frank Power went to the home of Miss Woolley yesterday to tell her that she had not passed in one of her studies and that she could not get her diploma until she had passed her mathematics on the graduation cards which have been sent out. Her brother Albert, who had presented her with a watch and her graduation dress, and who has one arm, the other having been lost after the principal and battered his face quite badly.

RUTHERFORD, D. P. A. 1323 Farnam St. Omaha, Neb.

MORE FAVORABLE FOR WALN. Testimony of Clarence Gathright Weakens Case Against Alleged Murderer. ACCUSED MAN OBJECTED TO HOLDUP. Does Not Want to Go When Clark Suggests Crime, but Finally Gives In and Accompanies Other Two. Clarence Gathright, the principal witness for the state in the trial of Calvin Wain, charged with the murder of Street Car Conductor Flury, surprised the prosecution yesterday afternoon by weakening in his evidence in several places in favor of Wain. Gathright, who was with Wain and Harrison Clark at the time of the murder, testified in the Clark case. His testimony yesterday was much more favorable to Wain than it was in the Clark case. He declared yesterday that both he and Wain objected when Clark suggested holding up the street car, but were finally induced by Clark to go with him. This evidence was entirely new, as he did not say anything about any objections at the first trial. He testified that Wain approached Flury and told him to hold up his hands. When Flury refused and began firing he said Wain ran away and did not shoot until he had gone some distance from the street car. Clark, he said, began the shooting before Wain had used his gun at all. In the Clark case he said Wain began shooting immediately after Flury pulled his gun and that Wain was shooting while he was running around the car. The rest of his testimony was practically the same as it was in the former case. Gathright said Clark had two guns, Wain one and he (Gathright) had one which would not work.

THE KEELEY CURE. 1. Drunkenness, Opium, Morphine, Cocaine and other drug additions are diseased conditions. 2. Therefore, scientific medical treatment is necessary. 3. In case of sickness, none but the best should be accepted. 4. Our treatment is known the world over, and has proved its merits in over 350,000 cases. 5. We give value received, and that is the reason we are at the head in our specialty. 6. The only Keeley Institute in the state of Nebraska is located in Omaha. Send for our free booklet "Facts About the Keeley Cure." Correspondence confidential. THE KEELEY INSTITUTE. Corner 15th and Cass Streets. Take Harvey street car from either depot. OMAHA, NEB.

Coffee Wrecks The Children

Dr. Elias G. Brown, the medical examiner of defective school children in the public schools of New York City, in his report to the City Supt. writes:

"After hereditary or congenital causes, improper diet is the greatest of the causes of malnutrition and nervousness. In considering nutrition I find one of the most noticeable evils to be the very large proportion of school children who drink tea and coffee.

"Both tea and coffee are, as we know, pure stimulants and contain an acid that is harmful.

"Many children come to school in the morning after a breakfast of stimulant (coffee or tea) and starch (white bread), and children very frequently have coffee or tea with each of their three meals, and sometimes also at three o'clock on their return from school. No child who drinks tea or coffee can be at his best. In this matter parents need education."

City Supt. of New York Public Schools, William H. Maxwell, in discussing this report writes in his report:

"In discussing improper diet, Dr. Brown finds excessive use of tea and coffee a potent reason for defect in the child. His remarks upon the use of such stimulants by children should be brought home to every parent ignorant enough to give such beverages to the very young."

Children become attached to their cup of hot Postum-Food Coffee for breakfast. Have it well boiled according to easy directions on pkg. and see how they thrive when Postum is used in place of coffee.

There's a Reason for POSTUM. POSTUM-Food Coffee.
