

LID STILL ON THE PASSES

Rumor that Auditor Searle Had Receded from His Ruling is Erroneous.

LIGHTNING ROD CONTRACT IS INVALID

Fugate to Insure Buildings, but Examination of Contracts Shows They Are Not Enforceable in Action at Law.

(From a Staff Correspondent.)

LINCOLN, June 2.—(Special.)—A stir was created at the state house today by the report that the anti-pass regulations and the rule requiring receipts to present receipts for railroad fare had been roughly shattered by the Board of Public Lands and Buildings and State Auditor Searle. It was reported that Warden Beemer of the penitentiary had been allowed a claim for taking a prisoner to Wayne county without the formality of a receipt showing that he had paid cash for railroad fare. As Auditor Searle had formerly ruled that railroad fare would not be allowed unless receipts were forthcoming, everybody picked up their ears in expectation of a throwing down of the bars.

It is true the claim has been allowed, said Auditor Searle, "but the warden presented a receipt for his fare to Wayne county and explained that on the way back he rode on a freight train and it was not convenient to get a receipt. He made oath that he had expended the money on the return trip. I believed that he could be placed on his honor for \$4.20 and allowed the full claim. The old rule requiring receipts is still in force, but whenever a proper showing has been made that railroad fare has been paid on official trips I will allow such claim. I allowed a similar claim for the sheriff of Dawes county."

The auditor said the receipt showed that the warden had paid the fare of himself and prisoner to Wayne county and had paid his own fare back to Lincoln.

Bogus Insurance Contracts. Insurance Deputy John L. Pierce has discovered bogus insurance contracts in existence in Nebraska. They are issued by men who erect lightning rods and purport to guarantee the owners of property against loss by lightning. The contracts have been issued to farmers near Plattsmouth and purport to indemnify them in the sum of \$500 for a period of five years. A close examination of the printed contracts has caused Mr. Pierce to make this announcement:

"An examination of the document showed that it not only was not an insurance policy, but that it was a fake as far as being a guaranty agreement is concerned, and that it was not a valid, binding contract which can be enforced in law.

The report that Treasurer Mortensen had been robbed at Ord was not admitted by him on his return home today. It was reported that his house at Ord had been robbed, but Mr. Mortensen said he missed nothing whatever from the place. His house had been entered by boys, apparently, who ransacked the place, but nothing was missing. The house has been vacant for several months.

Penitentiary Crowded.

Warden Beemer has reported to the governor that the average number of prisoners in the penitentiary during May was 231. One prisoner was placed in the "dark hole" for falsely reporting the quality of his food. Seven were discharged during the month, one remained by order of court, one pardoned, one paroled and seven liberated by discharge of commutation order, leaving a total of 224 in the prison at the end of the month.

Pardoned by the Governor.

Heber F. Haney, serving a twenty-day's jail sentence for intoxication, was pardoned by Governor Mickey today at the request of Police Judge P. J. Conroy in order to go home to his wife, who is reported to be dying and who desired to see her husband before she expires.

A New Job Created.

In accordance with the action of the State Board of Horticulture last winter, that organization last night elected a secretary, who is to receive a larger salary than ever before paid for the position. L. M. Russell of Lincoln, who has been the secretary, was re-elected to the similar position and will have a desk in the office of Secretary W. R. Mellor of the State Board of Agriculture at the state house.

Railroad Agents Will Meet.

The annual convention of the local agents of the Missouri Pacific Railroad company will be held in Lincoln on June 12. The principal agencies of the company will be represented and at least half a hundred agents and traffic men will come for the event. No formal program has been announced.

Insurance Companies to Appeal.

The question as to whether domestic insurance companies shall be taxed upon their capital stock, surplus and other property as well as upon insurance premiums will probably be submitted to the courts in the near future.

Dennis is Hurdled at Blair.

BLAIR, Neb., June 2.—(Special.)—The body of G. G. Dennis, commercial agent of the Northwestern railroad at Deadwood, S. D., who shot himself in this city last Tuesday, was brought to Blair yesterday evening and interred in the cemetery here. Mr. Dennis was married here some eighteen years ago. His wife's family resided here at that time and he was telegraph operator at this place. The body was under the escort of members of the Maxim fraternity of the Blair lodge and a large number of friends attended the services at the cemetery.

REPUBLICAN CITY—Thursday evening the opening of the Republican City High school being the annual commencement exercises of the Republican City High school. The class of 1906 put on the play, "Antigone," to a crowded house.

PLATTSMOUTH—Judge W. H. Newell, W. D. Jones, Robert Newell, Miss Bernice Helms, Stanley Jones and Miss Helen Spies, together with the ladies of the Epworth League, were invited to the annual picnic near Cedar Creek when a fast freight train was held up by a landslide, which was tied to a tree, causing the train to break away and run on the track. One man was killed and several others injured and both thrown into the Platte river.

FULLERTON—The twenty-fifth annual commencement exercises of the Fullerton High school were held last evening in the opera house. Each of the thirteen graduates delivered an oration. The diplomas were presented by Lyman Harris, president of the Board of Education. Alumni exercises were held Saturday evening. Sunday evening Rev. William Cooper will deliver the sermon to the graduates in the Presbyterian church.

BEATRICE—Bet Bush, deputy labor commissioner, visited Beatrice Friday in company with the mayor and city council. Inspected the Paddock opera house relative to protection of the team, which was tied to a tree, causing the train to break away and run on the track. One man was killed and several others injured and both thrown into the Platte river.

BEATRICE—The University Cadet battalion visited Beatrice Friday in company with the mayor and city council. Inspected the Paddock opera house relative to protection of the team, which was tied to a tree, causing the train to break away and run on the track. One man was killed and several others injured and both thrown into the Platte river.

to assess or how to assess it. He must use his own judgment under the advice of the county attorney.

Mr. Funkhouser and Mr. Lindley contended that it would be a gross injustice to tax them upon their capital stock and surplus, but thought that the best way to settle the matter and dispose of it for all time would be to allow the assessor to go ahead and after the assessment had been made attack it in the courts.

HALL COUNTY ENDORSES ROUSE

Delegation Instructed to Vote for Nomination of Senator.

GRAND ISLAND, Neb., June 2.—(Special Telegram.)—The republicans of Hall county today endorsed Hon. George L. Rouse for governor and permitted him to select his own delegation, but the plan of the Rouse leaders to permit him to place the delegation wherever he pleased in congressional and senatorial affairs was interfered with. The congressional delegation was instructed by Hon. George W. Norris for renomination and the opposition to the plan of not expressing a choice for United States senator went to the floor of the convention, though no opposition was attempted by the republicans of the county who opposed the program. Ex-Superintendent Gallagher insisted on a motion that the convention express its preference for United States senator, and attempts to avoid a vote by moving to lay on the table and moving to adjourn were, after considerable discussion, withdrawn, and the motion to take preference was defeated by a vote of about 2 to 1. The resolutions demanded, however, that the republican candidate for senator be settled by the state convention and so instructed its delegation. They also demand a strict anti-pass law, endorse the State Railway commission, demand powers to the commission to fix, adjust and regulate freight rates on state traffic similar to the regulation of the Hepburn bill on interstate traffic, endorse the administration of President Roosevelt and the state administration, approve the action of the attorney general of the state in enforcing the law. The resolutions also favored the passage of a law prohibiting any corporation from contributing anything for campaign purposes and demanded publicity of campaign receipts and expenditures.

Following are the state delegates: E. R. Barton, H. Schuff, W. A. Prince, F. M. Penny, John Bowen, J. E. Moncrief, John Schwinn, R. R. Worth, H. J. Palmer, H. C. Miller, G. B. Bell, E. D. Hamilton, M. L. Dolan and F. L. Young.

PASTOR'S WIFE RETRACTS CHARGES

Mrs. Wiley Writes Husband Promising to Withdraw Suit for Divorce.

NEB., June 2.—(Special.)—Rev. Samuel Wiley, the former pastor of the Presbyterian church at Cedar Bluffs, whose wife left him a few weeks ago and made strong charges affecting his standing in the ministry, has received a letter from her in which she states that she will withdraw her suit against him and also retracting some of the statements she made in regard to his ministerial standing. Mr. Wiley has been staying in Fremont since his wife began proceedings against him, and his friends here hope that he and his wife will reconcile their differences. Mrs. Wiley left her husband about two months ago, charging him with cruelty and habitual use of profanity and began proceedings for a divorce from him in Saunders county. The friends of the clergyman have felt confident of his final vindication and the mood of his wife was not entirely unlooked for. She is eighteen years younger than he and they have only been married about a year.

Dan Atchison for Congress.

NORTH PLATTE, Neb., June 2.—(Special.)—Dan Atchison, the well known traveling man, head of the western Nebraska drug trust, and a prominent politician, will be a candidate for the democratic nomination for congress in this district. Mr. Atchison's boom was formally launched in this city last Wednesday when a coterie of well known democratic leaders of the western part of the state met and drafted Daniel against his protestations that his official position with the drug trust might injure his candidacy. Mr. Atchison has the distinction of being the first white child born west of the Missouri river and this will make him popular with the pioneers.

Johnson County Semi-Centennial.

TECUMSEH, Neb., June 2.—(Special.)—Tecumseh will hold one of the biggest Fourth of July demonstrations this year the town has ever attempted. In addition to celebrating Independence day, it is proposed to commemorate the semi-centennial anniversary of the surveying of Johnson county on that date. Fifty years ago this summer the government surveying party worked over this county, and at that time the first white settler pitched his tent where the handsome little city of Tecumseh now stands. An old settler's experience meeting will be a feature. A big program of sports will be carried out. Former Governor Lorenzo Crounse, has consented to be one of the speakers.

Dennis is Hurdled at Blair.

TEKAMAH READY FOR THE CADETS

Omaha Boys Promise Every Attention to the Week's Festival. TEKAMAH, Neb., June 2.—(Special.)—As a result of the efforts of the Tekamah Commercial club and Mayor Anderson of this city, the cadets from the Omaha High school will come here Monday morning and stay in camp until Saturday. The city is making extensive preparations to entertain them during their stay here. It is expected that many of the parents and friends of the cadets will visit the boys during the week. The park where the camp will be pitched is an ideal shady spot in the center of the city. Through the courtesy of the Speed association the cadets will have the use of the association grounds and track, which is but two blocks from the depot, for drill purposes.

Hiring for State Senator.

AINSWORTH, Neb., June 2.—(Special.)—R. E. Bling is an active candidate for the state senatorship from this district. He is president of the Ainsworth school and is well known throughout the northwest. He stands by the president on the subject of electing United States senators by the vote of the people. The time and place of holding the convention has not been announced.

News of Nebraska.
