## DECREASE IN STATE DEBT pired Over Four Hundred Thousand Dollars Since First of December.

EXPECTED TO BE HALF MILLION FOR YEAR

Attorney General Brown Files Exceptions to Finding of Referee in the Grain Case-Spalding Reappointed.

(From a Staff Correspondent.) LINCOLN, June 4 .- (Special.)-Since December 1, 1906, the interest-bearing state debt has been decreased \$414,842.53, according to the semi-annual statement of the auditor, filed with the governor this afterboon. The report shows the outstanding warrant indebtedness against the general fund, which is practically the only interestbearing warrants, December 1 amounted to \$2,\$75,298.55, and on June 1 the warrants outstanding against this fund amounted to 1,960,556.02. Treasurer Mortensen believes the debt will be reduced at least \$500,000

by January 1. During this period of time warrants have been registered to the amount of \$748,081.

The total of warrants on all funds outstanding December 1, 1905, was \$2,455,188.54. The balance outstanding June 1, 1906, was \$2,427,193.45, a reduction of only \$27,596.06. The small reduction in the total, of all warrants outstanding is explained by the fact that warrants were issued last month to the number of \$494,481 on the temporary school fund, but none of these had yet been presented to the treasurer for payment on June 1, the date of the state auditor's semi-annual report. The amount of warrants issued on all funds during the semi-annual period was \$1,712,625.91, and the amount paid \$1,741,621.

Exceptions in Grain Case.

Attorney General Brown this afternoon filed exceptions to the report of Referee Pemberton in the grain case as follows:

Pemberton in the grain case as follows. Excepts to the conclusion of law that the case should be dismissed as to the Holm-quist Grain and Lumber company and W. B. Banning. Excepts to the conclusion of law that the plaintiff is not entitled, on the facts found by the referee, to a forfeiture of the cor-porate franchise of the defendant corpora-tion.

at End. BROKEN BOW, Neb., June 4 .- (Special Telegram.)-Two mysterious deaths 00curred at Gales, on the Middle Loup, that of Howard Athey, aged 26, and Miss Swick, aged 14. The two were taken with the same symptoms and died within two hours of each other. Drs. Pennington Wamsley and Fentamacher are inclined to think it a case of food poisoning, as both parties had eaten a certain kind of pickle in vinegar. Some of the vinegar has been sent to Omaha for analysis. Both victims were seized with convulsions and died unconscious. Miss Swick was buried today. Athey's body will be brought here tomorrow

for burial.

PORT ARTHUR GAINS POINT Effort to Retain Port of Entry at Sabine Pass Proves Futile.

House Subcommittee Working Away on Inspection Bill and Expects to

Have It Ready to Report in a Few Days.

(From a Staff Correspondent.) WASHINGTON, June 4 .- (Special Tele gram.)-Congressman Kenfledy today made an uphill fight to defeat the bill creating a new collection district at Port Arthur, Tex., and making Sabine pass, which is now the present port of entry, a sub-port. For years there has been rivalry between Sabine pass and Port Arthur. The Kountze Bros. of Omaha and New York became interested in making Sabine pass a great port of shipment of grain and other commodities of the northwest destined for European ports Port Arthur received vast encouragement from Pittsburg capitalists, Millionaire John W. Gates also uniting with the Pittsburg interests to make Port Arthur the great Texas port of entry. These interests have been clashing for years; one day Sabine pass would receive encouragement from the government and, figuratively speaking, next day Port Arthur would come on the crest of the wave. Both towns have been growing enormously, but lately Port Arthur has been distancing its rival, with the result that demands were made to have Port Arthur made the chief port of entry for that section of the Texas coast. Hearings were had on the subject and finally John W. Gates threw into the breech thousands of dollars worth of ship canal, giving the government absolute soverignty not only over the canal but over the land adjacent thereto, and this decided the matter in

favor of Port Arthur. Today this bill came up under suspepsion of the rules and it was stubbornly fought by Mr. Payne of New York, floor leader of the majority, and Mr. Kennedy of Nebraska. But fight as hard as they would, when the vote was taken it was overwhelmingly in favor of the bill as reported from the ways and means committee, making Port Arthur the chief port

#### Report Against Dr. Mathews

The board of secretaries of the State Board of Health has recommended to the board proper that the certificate of Dr. Mathews to practice medicine in J. T. Nebraska be revoked. The board has the evidence taken before the secretaries and will grant a hearing Monday afternoon to Dr. Mathews and the prosecution. Dr. Mathews is charged with having per formed a criminal operation upon Edith Short, who died as a result of such operation. . The woman was a nurse.

At a meeting of the State Board Health held this morning Dr. S. K. Spalding was reappointed health inspector for another year. Under the law the board of secretaries must recommend three names to the board proper, from which one is selected. The secretaries recommended Dr. Sphiding, Dr. S. R. Towne of Omaha and Dr. F. L. Wilmeth of Lincoln. Dr. Spalding was the unani. mous choice of the board.

#### Increase in Assessment.

Within a short time abstracts of the county assessments will be returned to the State Board of Equalization. From reports received from out in the state it looks as though there will be a considerable increase in the valuation of property this year over last. The law provides the abstracts must be returned to the state board not later than July 10. The board meets as a board of equalization on the third Monday in July.
