ADIEU TO PUBLIC SCHOOLS

Sixty-Seven Finish the Course and Receive Their Diplomas.

DR. WINSHIP DELIVERS THE ADDRESS

Auditorium of High School Crowded to its Capacity and Some Who Wish to Attend Unable to Secure Admittance.

The auditorium of the high school presented a brilliant scene last night when an audience which filled the large hall to overflowing gathered to witness the largest class ever sent forth from the school, consisting of sixty-seven young people, receive their diplomas of graduation and bid adieu to their public school days. The demand for seats far exceeded the supply and many were disappointed. A number who decided to chance getting a seat at the last minute were unable to even get inside the hall, so large was the crowd.

GRADUATES MAKE A FINE DISPLAY

The hall was tastefully decorated, the colors of the class, orange and black, being conspicuous, while an immense bouquet of pink roses, the class flower, graced a table on the platform. The graduates occupied seats on the platform, the young women in front and the young men at the back. The members of the Board of Education, Superintendent Clifford and Principal Thomas also occupied seats on the platform, over which in large letters was to be seen the class motto, "Ambition Knows No Rest."

DR. WINSHIP'S ADDRESS

Then came the address by Dr. A. E. Winship of Boston, member of the Massachusetts State Board of Education. "The Graduate's Tomorrow" was the theme which Dr. Winship took for his address, saying in part: "Graduates from a free public high school in the twentieth century are to be congratulated. The public school has shown the value of such a graduation. It is evident from the fact that there are 40 per cent more graduates this year than last year ago. It means much more to be a high school graduate than it has ever meant in the past. Every college and university, every first-class normal school and every professional school requires at least a high school education before one can enter such an institution."

COMPLIMENTS THE GRADUATES

President Westerdahl of the Board of Education, in presenting the diplomas to the forty-eight young women and nineteen young men comprising the graduating class, which was presented by Principal Thomas, took the opportunity to make a few appropriate remarks. He said the high school had every reason to be proud of its graduates, as the standard they had set was high in wishing the success, Mr. Westerdahl said he would give for their benefit what he considered about the best definition of the word, as given by a woman from the state of Kansas, and which was:

FERRY LICENSE IS REFUSED

No County Road at Proposed Landings and Board Without Jurisdiction.

The Board of County Supervisors at its session yesterday morning rejected the application of J. B. and O. A. Denton for a license to operate a ferry from Florence, Neb., to a point on the Iowa side of the Missouri river. The board rejected the application solely on the grounds that it had no authority to grant it, for the reason that where the ferry is proposed to land on this side of the river is private property. There is no county road running to the river edge at which the landing could be made and until such a road is established the county supervisors have absolutely no authority in the matter.

The action of the Commercial club Wednesday night in voting to request the supervisors to reject the application of the Dentons had no bearing on the course pursued by the county board yesterday. The supervisors expressed themselves to the Messrs. Denton, who were present at the morning session, that they saw no reason why they should not grant the license asked for if a county road was established at the point on the Iowa side of the river. The Dentons told the board that they would take the necessary steps to have a road established, as they said they felt assured they would experience no difficulty in obtaining the needed land for the thoroughfare.

Yesterday's session was taken up almost entirely with the allowing of bills and claims. Chairman Bullis spent several hours attaching his signature to gopher bounty claims, of which it is estimated 25,000 have been filed since the bounty went into effect two months ago. This means that up to date the county board had paid \$12,000 for the destruction of these farm pests.

COMMENCEMENT AT STATE COLLEGE

Graduates Largest Class in History of Institution.

AMES, Ia., June 7.—(Special Telegram.)—The annual commencement of the class of 1906 at the State college was carried out in fitting style today. One hundred and thirty-four young men and women graduates, the largest class in the history of the college, attired in caps and gowns, formed in procession on the front steps of Central hall, with the members of the faculty and the board of trustees in the lead, marched two abreast across the campus to the pavilion, where, surrounded by a host of classmates, parents and friends, they were to receive their diplomas. The large tent was gallily decorated with college and class colors and everywhere took on an air of joy and good feeling.

Dr. O. H. Cassara opened the exercises with prayer, followed by the commencement address by Dr. F. W. Gunsaulus, president of Armour Institute of Technology of Chicago, upon the "Heroism of Scholarship." In the address, the speaker particularly emphasized the fact and impressed upon the members of the outgoing class that they were entering upon an age where research demands heroism and that the gateways of this world are open to you, as are those of other worlds.

The custom of promoting the Junior class to the rank of senior formed a part of the program. This was done by Hon. J. F. Riggs, state superintendent of public instruction, and responded to on behalf of the juniors by A. Q. Adamson.

In the evening a reception at the home of Cordeur Storer was given for the alumni, faculty and friends of the college. The dedication of the new \$200,000 Central hall was held prior to the commencement exercises with impressive ceremonies. Hon. J. W. Dixon, chairman of the building committee, in a few appropriate remarks, delivered the address of the new hall to Hon. J. B. Hunkerford, chairman of the board of trustees. In turn the keys were turned over to President Storms.
