

## MRS. LILLIE LOSES AGAIN

Supreme Court Turns Down Her Third Request for Rehearing.

## VAN ETEN'S BRIEF STRICKEN FROM FILES

Omaha Attorney Accused of Making Scandalous Allegations in Support of Motion for Rehearing Case He Had Lost.

(From a Staff Correspondent.)

LINCOLN, June 9.—(Special.)—The supreme court this afternoon refused to grant a leave to file a motion for rehearing in the Lillie murder case. This is the third time Judge Hamer, attorney for Mrs. Lillie, has asked the court for a rehearing and this is the third time the court has refused the request.

The brief of David Van Eten, appellant's attorney in the case of William Medland against Emma L. Van Eten and others, a suit involving tax liens, asking for a rehearing, is stricken from the files by order of the supreme court. The court finds that the charges and imputations against the commissioners in the brief are unwarranted and scandalous.

## Student with Tender Conscience.

His respect for the law cost R. B. Murry, supposed to be a student at Wesleyan university, \$50 this afternoon, and when the money was paid over to the justice Murry said a great weight had been taken from his mind. The young man went to the office of the game warden this morning with two little tears, which he said he had shed. Later he said he learned it was against the law to kill ducks at this season of the year and therefore he wanted to square his conscience with the game warden. He accompanied him Deputy Smith, taking into consideration his confession, filed a complaint charging him with killing one bird. The total cost was \$50, which Murry gladly paid, he said, to ease his conscience.

## Sadler for Railroad Commissioner.

Frank J. Sadler of Wilber is announced today in his home paper as a candidate for the republican nomination for railroad commissioner. Mr. Sadler is at present register of deeds of his home county, Saline, and was a candidate before the republican convention two years ago for secretary of state.

## Water Scarce in Lincoln.

Lincoln has a water famine and in order that the supply for drinking purposes may not run short Mayor Brown has requested that no water be used for sprinkling lawns until a new engine is installed and plenty of water is in sight. For some months the city has been dickered for a new engine, the present power being insufficient to furnish the water for the city, but owing to numerous delays the engine has not yet been installed and there is a scarcity of water available for use. All possible haste will be made to get the engine up, as there are grave fears that if a fire should start the department would be seriously handicapped.

## Berge to Speak at Albion.

George W. Berge, candidate for the democratic nomination for governor, will speak at Albion July 4. Mr. Berge has not yet decided when he will start out making a tour of the state to secure the nomination, but at this time he is working through the mails and through his paper. For some time there has been little talk of Dr. Hall being a candidate for the nomination and friends of Berge believe the former state chairman will not enter the race.

## MINISTER'S WIFE'S DIVORCE SUIT

Mrs. Kell, Married at Sixteen, Makes Serious Charges of Cruelty. FREMONT, Neb., June 9.—(Special.)—The divorce case of Mrs. Cora G. Kell of this city against John L. Kell of Blair has been drawing full houses at the district court room the last two days. Mrs. Kell, who is a daughter of Major J. A. Garner of Nickerson, was married to the defendant twelve years ago when only 16 years old. She has produced a number of witnesses who testified that the defendant was a rather poor provider and that she was compelled to take in washing to keep the wolf from the door. She also introduced evidence that he had choked and beaten her and threatened to kill her. The defendant denied all these charges. According to the witnesses he conducted himself always in a becoming manner and as becomes a clergyman in good standing, while his wife, who is seventeen years his junior, was lacking in some of the necessary qualifications of a minister's wife. The strongest fight is over the custody of their three children. Mrs. Kell left her husband last winter and is clerking in a Fremont store. Kell is an ordained minister of the United Brethren church, but for the last few years has had no parish or particular occupation. Each side is represented by an array of legal talent and the case is likely to be finally settled in the supreme court.

## Railroad Valuation in Dodge.

FREMONT, Neb., June 9.—(Special.)—The railroad valuation for the county as fixed by the State Board of Equalization has been returned to the county officials. It is a little larger than last year and is

as follows: Union Pacific, \$1,191,000; valuation, \$1,191,000. Chicago & North-western, \$1,191,000; valuation, \$1,191,000. St. Louis & Western (Burlington-Great North-western), \$1,191,000; valuation, \$1,191,000. Total mileage in the county, 106.42; valuation, \$1,191,000.

## PRISONER BREAKS FOR LIBERTY

Sheriff Uses Gun to Keep Arthur Newton from Perfecting Escape. BLAIR, Neb., June 9.—(Special Telegram.)—Arthur Newton, who was arrested charged with breaking into two saloons here and shooting at the night police, made a break for it at the sheriff's office while Sheriff Menckle let him out to bring in his blankets. He was chased three blocks and cornered in a barn, where he put up a stiff fight. Sheriff Menckle fired five shots while chasing him and marched him back to the jail with hands above his head. He made another break at the sheriff's office in the jail, who had to use his revolver again to keep Newton from getting at him. He is now considered a dangerous prisoner and was only shown leniency on account of his age and the fact that he was a Blair boy for many years.

## PARTY NOW IS WITH ROSEWATER

Senatorial Candidate is Considered an Old-Time Roosevelt Republican. AUBURN, Neb., June 9.—(Special.)—The sentiment in favor of Edward Rosewater for United States senator is growing in this part of the state, and it is generally conceded that he is likely to be the nominee of the republican party. It is common to hear the remark that the party is now where Rosewater has been all the time, or that he has been a Roosevelt republican all these years. Even his enemies admit he would make a good senator, and would look out for the interests of his people.

## Cadets Drill at Camp.

TEKAMAH, Neb., June 9.—(Special.)—After a six days' outing here, the 350 Omaha High school cadets broke camp this morning. Last night the cadets gave an excellent entertainment at the camp, consisting of drills, solos, duets, stunts and vaudeville sketches, which was a credit to themselves as well as the school. After the performance the cadets secured the Grand Army of the Republic cannon and started down town with it where they were met by a bunch of Tekamah boys who, after a friendly tug-of-war succeeded in taking it from them and the two crowds started out serenading. The boys all expressed themselves as having a good time and a great many of them said they would be up here again in August to attend the races. The boys were a very gentlemanly set of fellows who were out for a good time, but knew the "limit."

## Exercises at School for Blind.

NEBRASKA CITY, Neb., June 9.—(Special.)—The thirtieth annual graduating exercises of the Nebraska school for the blind were held at 2 o'clock this afternoon at the Institute chapel. An appreciative audience consisting of friends and relatives and well wishers from this city was present. Governor J. H. Miley was unable to attend and in his absence the graduates received their diplomas at the hands of Mr. John O. Detweiler, president of the Board of Trustees. The annual concert given by the students of the institute was rendered last night. There will be no change in the institute teaching force next year, all the teachers being re-elected by the Board of Trustees at a meeting held today.

## June Marriages in Columbus.

COLUMBUS, Neb., June 9.—(Special.)—June is liable to break the record for marriages in Columbus this year. Prosperity and wedding licenses are going hand in hand. Eight couples in eight days is the achievement of Judge Ratterman's office to date. Here are the names of those who have been licensed to wed thus far this month: C. A. Allenberger and Miss Olga Wake, William F. Hall and Miss Olga Hagel, Henry Scipp and Miss Lena Plagemann, Henry J. Helman and Miss Agatha Albracht, William G. Arthur and Miss Josephine Sand, Fred Blesken and Miss Helmhelm Hobbie, Killian Schaefer and Miss Lizzie Korth, Fred J. Henry and Miss Dorothy Jansen.

## River Threatens Blair Bridge.

BLAIR, Neb., June 9.—(Special Telegram.)—For several days the Missouri river has been making trouble for the riprap bridge at the railroad bridge. North of the bridge, on the Iowa side, the river on Friday night took out a portion of the dike, 200 feet, threatening to cut through several miles east of the river bridge. Bridge Superintendent Wentworth now thinks he has it under control at that point, but used about 200 men day and night all this week.

## Beaver City Hotel Burns.

BEAVER CITY, Neb., June 9.—(Special Telegram.)—The Meadows hotel, well known at Blair, was destroyed by fire at 4 o'clock this morning and narrowly escaped destruction. The landlady, Mrs. Gardner, and dining room girls succeeded in putting out the flames, although the same had gained considerable headway. The guests of the hotel were aroused at an unusually early hour and assisted in fighting the fire. The loss is considerable, but was fully covered by insurance.

## HEADLEY'S DEAD BODY FOUND

Wealthy Farmer's Decomposed Corpse Is Discovered in Creek.

## EVERY SIGN POINTS TO A MURDER

Gunsight Wound Cause of Death and Rifled Pockets Indicate that Serious Crime Has Been Committed.

CRAIG, Neb., June 9.—(Special.)—With every circumstance indicating murder and robbery, the body of Jacob L. Headley, a wealthy farmer, was found in Bell creek, a mile and a half northwest of here, at 7 o'clock this morning. It was almost entirely covered by the water and was badly decomposed. Headley disappeared three weeks ago last Wednesday and nothing had been heard or seen of him until his body was identified this afternoon.

The discovery of the body was made by Robert Adams, who went to the field to repair some fence. Adams immediately notified the coroner who bears an inquest this afternoon. The body was so badly decomposed it was impossible to identify it by the features. From the clothing it was identified as Headley.

A gunshot wound in the head plainly indicated the manner of death, and surrounding circumstances proved beyond doubt that the wound was not self-inflicted.

At the inquest it was shown he should have had between \$50 and \$100 on his person, but no money was found, his pockets evidently having been rifled before the body was thrown into the creek.

On the day of his disappearance Mrs. Headley was away from home. Headley remarked to his two sons at the breakfast table that he was going to Tekamah. He left the house, and as far as can be learned has not been seen alive since except by his murderer. The creek in which the body was found is about three-quarters of a mile from his house.

Headley was 54 years old and left besides his wife four sons and one daughter. He is estimated to be worth \$100,000. The authorities are looking for clues which they believe will lead to the identity of the murderer.

## Farmers Sell Elevator.

BRADSHAW, Neb., June 9.—(Special.)—The Jacques Grain company has bought the Farmers' elevator at this place, and Mr. C. E. Trump of Ord will be manager. The books are now being audited. Roy E. Simmons, who managed the Farmers' elevator so successfully, has purchased an elevator at Blue Springs, Neb., and will take possession about July 1.
