

WILL INSPECT MEAT

Satisfactory Law is Sure to Be Passed by Congress.

CONFERENCE AT THE WHITE HOUSE

Measures Will Be Just and Fair to All Interests Concerned.

COMMITTEE HARD AT WORK ON BILL

Two Paragraphs of Beveridge Amendment Considered.

DELEGATION FROM ST. JOE IS HEARD

Packing Houses in that City Said to Be New and Sanitary—Complainant that Business Is Being Injured.

WASHINGTON, June 11.—Consideration of the proposed meat inspection law occupied some time at the White House this morning.

Representative Henry of Congress, one of the members of the agricultural committee, talked with the president.

"A satisfactory meat inspection law will be enacted," said Mr. Henry. "It will be a law which will have teeth. It will be along the lines of the proposed amendment of Senator Beveridge to the agricultural appropriation bill, but there may be some modification of that proposition."

Mr. Henry would not venture to say precisely what the house provision would contain, but he thought it would meet the approval of the president and the people.

Speaker Cannon and Senator Hopkins of Illinois also discussed the subject of meat inspection with the president.

"As to meat inspection," said the speaker, "the house will pass a measure that will be just and fair alike to the public, the packers, the stock raisers and the shippers."

For three hours today the house committee on agriculture devoted itself to the preparation of a meat inspection amendment to the agricultural appropriation bill.

The result of the morning session, as announced by the members present, was that the first two paragraphs of the Beveridge amendment had been agreed upon.

The statement of the cattle men at the hearings last week, that the president would have to be satisfied in any bill which is passed, is being observed by the committee.

The committee looks with favor, it is said, on several of the suggestions made by Mr. Cowan, representing the Texas Cattle Raisers' association in the hearing held here last week.

The problem of federal jurisdiction to force sanitary regulations on which the question of constitutionality was raised, has a tentative solution at least on a proposition to have all labels for every character of meat product, canned and otherwise, issued by the secretary and carriers, or forbidden to accept for shipment consignments of goods without official government labels.

The delegation was headed by Louis T. Golding, publisher; Judge R. E. Calver, Mayor W. E. Spratt; E. A. King, banker; and H. H. Keck, secretary of the Business Men's league.

DEBATE ON AGRARIAN BILL

Parliament May Find Itself Adjourned Before Committee Has Measure Prepared.

ST. PETERSBURG, June 11.—The debate on the agrarian question in the lower house of Parliament promises to continue throughout the week, and when it is finished the solution of the question will hardly be much further advanced than when the debate began.

Whatever fighting occurs will come upon the election of the committee, which consists of twenty-eight members.

While the commission will be supposed to follow the general direction of the views expressed during the debate, its size will make it easy to reopen a discussion of all the disputed points.

The members of the house are not to return to the committee after a fruitless session of two months, and doubtless will resist any attempt to adjourn.

Nevertheless, the house will be powerless if the government persists. The government's plan is clear. The house having failed to offer a solution of the agrarian question, the emperor, under the authority reserved to him by the fundamental law, will promulgate the government's agrarian program as a temporary law.

ODessa, June 11.—Since the commencement of the repatriation of the troops which took part in the war with Japan, \$520,000, including the Russian prisoners from Japan, have been landed here and distributed throughout the interior of the country.

The most stringent precautions were observed during the whole period in order to prevent the slightest intercourse between the returning troops and the townspeople, in consequence of fears of mutinous demonstrations, as it was undesirable that the troops coming home were largely disaffected.

The spirit of dissatisfaction was even more prevalent among the officers than in the men. The former frankly expressed the opinion that if Parliament can hold its own until the spring it will be able to count on the army to support its demands.

WARSAW, June 11.—The terrorists of Poland today were again active in their attacks against the state, municipal and police officials.

SENATOR BAILEY MAKES A STATEMENT

Texas Man Says He Agrees with Majority, but Thinks Resolutions of Expulsion Necessary.

WASHINGTON, June 11.—The majority and minority reports of the committee on privileges and elections in the case of Senator Hiram S. Smoot of Utah were today presented in the senate, the former by Senator Burrows, declaring that Mr. Smoot is not entitled to his seat, and the latter by Senator Foraker, taking the opposite view.

In accordance with Senator Burrows' request, an extra number of copies of the report of the committee on the hearing in the case of Senator Smoot was ordered printed.

The majority report in the Reed Smoot case, declaring that he is not eligible to a seat in the senate, which was presented by Senators Burrows, Dooliver, Dubois, Pettus, Bailey, Overman and Frazier, declares that Mr. Smoot is a member of the first presidency of the Mormon church, claiming divine authority to control members of the church in all things temporal and spiritual.

The report further states that the Book of Mormon teaches polygamy as a divine institution, this revelation being of higher authority than the manifesto which prohibits it; that the leaders of the church can banish polygamy, but have not done so.

The report further charges the Mormon case, declaring that he is not eligible to a seat in the senate, which was presented by Senators Burrows, Dooliver, Dubois, Pettus, Bailey, Overman and Frazier, declares that Mr. Smoot is a member of the first presidency of the Mormon church, claiming divine authority to control members of the church in all things temporal and spiritual.
