MODERN MILLER CHECKS THE BULLS

Says Outlook In Good for Wheat, Barring Bad Reports from Nebranka-All Conrae Grains Show Bemarkable Strength.

Continued drought and higher cables in face of searchay's American weakness caused a higher opening in wheat, and early prices were up nearly 4c. Later the atreasth in course grains influenced above the opening. Prices were firm until life Modern Miller's report came, saying winter wheat was doing well, except in larts of Nabraska, and a good crop was a sured. This discouraged the buils and prices weakened to 4c above yesterday. The cash situation was week.

Corn was strong. The opening was 4.4 quely higher and a interest divance of above less was spaced early. Elevators were sellers and commission houses buyers. There was no rain in the corn belt. Becketpts are large, but the cash demand is strong enough to take care of them. Frofit thking at the close caused a reaction to a point near a half-cent above yesterday.

July oats were up 4c at the close, which was nearly a cent below the high point. September, finished &c higher.

Primary wheat receipts were 47,000 bushels and shipments of 28,000 bushels. Corn receipts were 77,000 bushels. Corn receipts were 77,000 bushels. Si,000 bushels and shipments of 871,000 bushels were 185,000 bushels. Clearances were 185,000 bushels wheat, 5,677 barrels flour and 21,000 bushels wheat, 5,677 barrels flour and 21,000 bushels corn.

BOSTON, June 15.—WOOL.—The Boston Commercial Bulletin will say tomorrow of the wool market: Manufacturers are in evidence, but no notable increase in purchases has resulted. Some small lines of new Utah and Wyöming wools are being hought at 25c and 70c, clean, and a little eight-months Texas is also moving at 25f 25c. Arizona selle at the same price. Australian and Argentina wools are absolutely quiet. Carpet wools are scarce and correspondingly strong, with few purchases being made. Buying is still going on in the territories, although not in any spirited manner. However, it is sufficient to maintain growers ideas. At Mountain Home, Idaho, about 25,000 lbs. of poor wool were bought by Boston men at 185014c. Thursday a sale was held in Halley, Idaho, at which 250,000 lbs. were taken at 250274c and 40,000 lbs. at 1974c. These wools are considered to be better that a year ago and have a abrinkage of about 25 per cen. Montana is quiet, sithough shearing in 100 men are still keeping out. Some 1.55 these of mohair and 67 shoots of English wool were reshipped to England on the Iveruis. The shipments of wool from Boston to date from Devember 27, 1806 according to the same authority, are 115, 576, 25c. at the same time last year. The receipts to date are 115, 190, 170 lbs., as against 113, 783, 252 at the same time last year. The receipts to date are 115, 190, 170 lbs., as against 113, 783, 252 at the same time last year.

LONDON, June 15.—In the money market today the supplies were ample and the demand was poor. Discounts were easy, in sympathy with money. Trading on the Stock exchange was dull in spite of the satisfactory conclusion of the settlement. First-class securities were neglected. Consols dropped owing to lack of support. Americans developed renewed weakness, in response to Wall street advices, but prices

sois dropped owing to lack of support. Americans developed remewed weakness, in response to Wall street advices, but prices improved at about noon from lower than parity level. Baltimore & Ohlo was the feature on dividend rumors, though the high quotation was not maintained. In the afternoon Americans had a better tone. New York advices caused some improvement and the market closed steady. Foreigners sagged in the absence of continental support. Russians sagged in the absence of continental support. Russians swere especially weak, the new loan being quoted at 18 discount. Japanese imperials 8s of 1904 were quoted at 161%.

BERLIN, June 15.—Trading on the Bourse today was heavy. Russian imperial 4s falling to 77.30 and Bussian bonds of 1904 to 484.00.

In fact, pretty good cattle at the present time to bring \$4.00. In fact, pretty good cattle are selling considerably under that figure. NEW YORK, June 15.—METALS—The London tin market was unchanged to 5s higher with spot closing at \$175 10s and futures at \$174 15s. Locally the market centinued easy with spot quoted at \$38.50 \$38.75. Copper was higher in London, closing at \$84 17s 6d for spot and \$83 7s 6d for futures. Locally the market was without change. Lake is quoted at \$18.75 \$19.00; electrolytic. \$18.37 ½ \$218.75; casting at \$18.25 \$318.37 ½. Lead was unchanged at \$5.75 \$5.95 in the local market and at \$16 15s in London. Spelter advanced \$2 6d to \$27 10s in London and continued firm in the local market with spot quoted at \$5.15 \$6.35. Iron was a shade higher abroad with standard foundry quoted at \$9s 11d and Cleveland warrants at 50s 1½d. Locally there was no change. No. 1 foundry northern is quoted at \$18.75 \$18.00; No. 2 foundry northern and No. 1 foundry southern, \$18.25 \$218.50; No. 2 foundry southern, \$18.75 \$218.00.

ST. LOUIS, June 15.—METALS—Lead, duil at \$5.90 \$5.92 \$4. Spelter, firm at \$6.15 bid.

HOGS—After being lower for three days in succession, hogs took a turn upward today. The trade was a little slow at the opening, but buyers and sellers finally got together on the basis of \$6.35 for good strings of hogs. This was \$6.7% higher than yesterday, mostly 7% higher than yesterday, mostly 1% hogs changed hands in good season, it being largely a \$6.55 market as against \$6.27°; yesterday. After some of the precess were filled the trade slowed up and the buyers still left in the field amounced that they would not pay over \$5.21% \$6.35 for good hogs. This made the close slow and weak as compared to the early market.

The advance today makes up most of the loss that has taken place this week-leaving the market only a snade lower

than it was at the close of last week. The hog market is in such a strong position that it seems vary hard to get it down very much. Buyers are inclined to act on the bear side feeling that hogs are very high as compared to other live stock, and they do not hesitate to take advantage of every opportunity to bear prices. Still after pounding the market down for two or three days it seems to spring back again, recovering the loss in a single day. Representative sales:

8 HEEP—There were no fresh receipts of sheep or lambs on the market this morning, the big barn being absolutely deserted. For the week to date the receipts have been very light showing a considerable falling off from the moderate receipts of last week, but still not much behind a year ago. This is the noliday season in the sheep market and the "Talent" has settled down to the expectation of doing very little for the next month. Owing to the very light runs and to the good consuming demand, prices have been very high runs and to the good consuming demand, prices have been very high all the week and such stuff as has been received has met as a rule with very ready sale at satisfactory prices. In fact, the tendency of values has been steadily upward and the market for the week so far might safely be quoted 10 \$20c higher.
