

CLEAN BILL AT THE ASYLUM

State Board Reports on Investigation of Norfolk Institution.

GOVERNOR SILENT REGARDING RESULT

State Board of Health Grants Certificates to Practice Medicine to Thirty-Seven Out of Fifty-Three Applicants.

(From a State Correspondent)

LINCOLN, June 21.—(Special)—After an informal discussion between the attorneys representing Governor McKee, Dr. Aiden and Dr. Nicholson, in the matter of the removal of the two physicians from the position of medical director and assistants at the Norfolk asylum, the Board of Public Lands and Buildings this afternoon made a report of its investigations to the governor, holding in nearly every particular that the charges made by the governor had not been sustained.

The board reported that no deaths had occurred at the asylum as a result of alleged cruelties practiced by the attendants and employees; that on occasions necessary violence had been used by four of the attendants, but this was not habitual and two of the attendants had left the institution and the other two were now employed outside of the building. The board found also that Dr. Aiden had been unable to maintain harmony between himself and first assistant and the steward, who were not his own appointees, but upon the demand of the governor, this condition had ceased. Neither of the physicians had guilty of keeping misleading records.

Later in the afternoon the governor had not received a copy of the findings of the board, but upon being informed of the action of the board, he said:

"I shall look over the testimony carefully as well as the findings of the board and then shall take whatever action I deem proper in the premises. Until I read carefully the testimony I will not discuss the board's report."

Certificates to Practice Medicine.

The Board of Secretaries of the State Board of Health this morning granted certificates to thirty-seven out of fifty-three applicants for licenses to practice medicine in the state. Of the number taking the exam nation sixteen failed. The highest grade of any of the applicants was made in Claude Palmer, who scored 94% on the scale of 100. Following is the list of those who passed the examination:

Arthur G. Bunce, Harry O. Cox, John F. Ladd, George J. Spiegel, Louis W. Marsander, Forrest A. Keeler, Daniel F. Crowley, T. J. Higgins, Leslie W. Morrison, H. A. Copsey, Harry E. Lamb, H. C. Nichols, W. H. Nichols, W. H. Nichols, Claude Palmer, C. E. Lynch, Joseph L. Webb, G. A. Witke, D. P. Dempsey, E. G. Meyer, T. H. Bailey, W. E. Gaither, Edwin L. Brash, Nora M. Fairchild, John A. Fullen, James M. Kent, C. H. Munger, Edwin W. Bowes, Athelma S. Jones, J. J. McCoy, C. O. Nordquist, H. Foster, Charles A. Blanchard, W. J. Leary, Claude S. Mills.

Bond Company Must Pay.

In the case of the Farmers' and Merchants' Irrigation Company against the United States Fidelity and Guaranty Company, appealed from Dawson county, wherein the bonding company gave power of attorney to execute and deliver bonds required in judicial proceedings, the supreme court holds that where a bonding company with knowledge of an informality in the execution of a bond by its agent, receives and retains the premium paid for the bond, it is estopped in an action on the bond from urging such informality as a defense.

Aid Bonds Must Be Paid.

Lincoln township, Kearney county, has lost its suit to recover \$25,500, the value of bonds voted and delivered to the Kansas City & Omaha Railroad company, which built a line from Fairfield in Clay county to Alma in Harlan county. The bonds were voted with the understanding that the road would operate in connection with the St. Joseph & Grand Island and with the Union Pacific, and that it would give the people of the township the advantage of a competitive road against the Burlington. Later the line was foreclosed in the United States circuit court and in July 1, 1902, the road ceased to operate and surrendered to the B. & M. company and has since been operated as a part of the same. Suit was brought by the township alleging breach of contract by the road. A deserter after which the defendants appealed and a trial resulted in judgment for the defendants. The judgment is affirmed. The court says a railroad corporation succeeding to the property of another road through foreclosure is not answerable for the general debt of the corporation whose property is thus acquired. The right of a township to maintain an action to recover the value of bonds voted to aid in the construction of a railroad doubted.

Coxfax Loses Bridge Case.

In an action of mandamus to compel the supervisors of Coxfax county to repair the bridge across the Platte river at Schuyler the court held that the action cannot be maintained without notice to both counties under section 14, chapter lxxviii, Compiled Statutes. The court states that the reasons given by Referee John J. Sullivan, to whom the case was referred, justify the conclusions reached by him and the court.

The boundary line between Butler and Coxfax counties is the south bank of the Platte river. The bridge over the river between the counties was rebuilt in 1904 at a cost of about \$23,000. In the following spring more than half of it was carried away by the action of the ice in the river. The court says that it is clearly the legislative policy that the joint duty with respect to bridges on the dividing line between counties should be enforced by action against both counties. As the action was brought against but one county, the writ is denied by the court.

Rejcha Out for Legislature.

Frank Rejcha of Olive Branch precinct, in the southeastern section of the county, has announced his candidacy for the republican nomination for representative in the legislature. Mr. Rejcha has resided in Lancaster county for twenty-five years and has always taken an active part in republican politics.

"I shall run merely as an old-time real estate of the country," said Mr. Rejcha, "and on the record I have made as a citizen, I have been going to republican conventions for a long number of years and have concluded at the earnest solicitation of some of my friends to ask for this office."

Judges Going to Europe.

Chief Justice Sedgwick and former Chief Justice John J. Sullivan will leave the first part of the week for a visit to England, Ireland and some other places across the water. They will be accompanied by Mrs. Sedgwick and Mrs. Sullivan. It is their intention to go until sometime in September. It is understood the trip was inspired by reason of the fact that the part of Judge Sullivan that the democrats would draft him to run for governor.

CONVENTION BIG SUCCESS

Over Five Hundred Delegates Discuss Work of Sunday School.

MUCH ENTHUSIASM DISPLAYED IN WORK

Reports of Officers Show a Decidedly Satisfactory Condition of Affairs Throughout the State.

TOKY, Neb., June 21.—(Special)—The state Sunday school convention continues to grow in interest. This is certainly the best in the history of the association. There are 555 delegates enrolled. All are enthusiastic and attentive.

The association assembled Wednesday morning promptly at 8 o'clock for prayer service. The Bible study, conducted by Rev. Daniel E. Jenkins, Omaha, was up to date to those present. George G. Wallace, chairman of executive committee, Omaha, conducted conference with workers of the state.

W. E. Nichol, recording secretary, gave report of the year's work, which was highly gratifying. P. S. Dietrick, Red Cloud, statistical secretary, gave a full report of the schools of the state. H. M. Stiedley gave a report of work done out in the field which has been continuously and faithfully performed.

Paul S. Dietrick of Red Cloud, who conducted the county work in York county, so successfully and raised it to a business standing, presided over the session of the county organization. M. D. Berg of Ponca presented it from the standpoint of the aim of county associations. "How Shall the Apportionment Be Raised?" and "How Can the County Association Help Its Constituency Do Better Work?" were presented by Robert W. Adams, Tekamah, and L. L. Coryell, Auburn. These subjects were discussed by those present.

Mrs. Belle Warner, Peoria, rendered a vocal solo which was appreciated by all. The Sunday school missionaries of the state were introduced and presented their respective work to the attention of those present.

Dr. Jenkins again led the Bible study, when the session was reopened in the afternoon. E. C. Babcock, treasurer, of Lincoln, gave report.

Raising the Money.

At this time the pledges for the expenses were taken from the schools and \$750 was pledged for the state work.

It was decided that county officers raise their own apportionments and leave the most excellent field workers, Prof. H. M. Stiedley and Miss Mamie Haines, free to attend to bettering and the raising of the standard of schools.

A conference on some problems of Sunday schools was held by Thomas F. Sturges of Omaha, Prof. L. D. Eichorn of Canon City, Colo., the music leader, and Mrs. J. A. Walker, Denver, Colo., the international primary president.

Mr. E. C. Knapp, director of Bible study, Broadway tabernacle, New York, addressed the convention on the subject of "Building Up a Sunday School," which was followed by a question and answer session when questions were asked for an concise answer.

For the evening session the Methodist Episcopal church was crowded to its fullest capacity. Fifteen hundred people were present. The song service opened the evening's exercises and was followed by an address by L. D. Eichorn on the subject, "Proving the Music." He introduced songs for Sunday school taken from music of Beethoven, Mendelssohn and others of the best composers and showed how music might be used of this grade and would be of great value to students. He thinks the catchy, jingly songs used so much now of little value and written by musicians to meet the demand, not because it is the best they can do.

Commercial Club Picnic.

CREIGHTON, Neb., June 21.—(Special)—Last night at a regular session of the council the mayor's veto to an ordinance repealing a franchise granted to the New Home Telephone company was sustained. Last January the New Home Telephone company desired to come into the city and was granted a franchise. Immediately an injunction suit was brought against them to restrain them from building here, the injunction being met by the franchise having been "railed off." After some time the injunction suit was withdrawn. Yesterday work was again commenced, but the mayor ordered them to stop and to show what right they had to build, as an ordinance had been introduced in the council repealing the franchise granted them on the grounds that they had not lived up to the conditions imposed by the granting of said franchise. This ordinance had been vetoed by the mayor and had been tabled indefinitely. Last night, however, an effort to pass the repealing ordinance failed, and the Home company is free to go on with their work.

The afternoon was taken up in different sports, foot races, ball games, etc. The above complimentary dinner was given by a Commercial club in return for a like compliment given the farmers during the Farmers' institute, held here in the spring.
