CITY COUNCIL PROCEEDINGS

Three Independent Telephone Franchise Ordinances Introduced.

EACH COMPANY ASKS FOR PRIVILEGE

Elsasser Demands Investigation of "Ice Trust," and Light Companies

> Decline to Lower Their Present Rates.

Three applications for telephone fran-

hises were received by the city counc last night in ordinance form and referred

to the committee on telegraphs and tele

phones, with an understanding that the

promoters will be given a hearing Monday

afternoon. One proposition came from the

Omaha Home Telephone company, another

from the Heim-Parmelee-Pollock interests

and the third from Albert von Hoffman of Milwaukee, who claims to control \$2,000,000,

The ordinances read very much alike, and each provides for the legal submission to the voters for approval or rejection. The Home company and the Heim-Par-

melee-Pollock interests ask for a fifty-year

\$72 for business 'phones and \$48 for res-

Idence 'phones.

Returns to the City. The Home company proposes to pay the city a royalty of 1 per cent on the gross earnings of the first five years and 2 per cent thereafter, also to offer free toll service with South Omaha. Von Hoffman offers a royalty of 1 per cent on gross earnings for the first three years, 2 per cent the next five years and 3 per cent thereater. He agrees to make connec tions "at reasonable terms" with all "independent" companies building copper metal-He circuit lines to the city limits. His prices are \$48 a year for business 'phones, \$24 for residence 'phones and 1214 cents additional per month for each 1,000 'phones more than 10,000 added to the system.

All agree to give a \$25,000 cash bond t the city to guarantee building the exchange and system and carrying out the terms of the franchise. As everyone who had any special interest in the matter knew that the ordinances were coming and what they would offer, no particular interest was displayed in them. Councilman Bridges introduced the dinance to abolish the gas inspector and to make the city electrician "gas inspector,

No Cut in Light Rates. The Gas company and the electric light company sent letters to the lighting committee, saying they didn't see how they aduce their rates any, considering the fact that Omaha has the best and lowest-priced service in the United States for a town of its size, age and geography. The committee submitted letters without adding anything of its own and the documents were laid on file. Mr. Nash said the average rate received by the elecrate than received by any company in the United States similarly located as to fuel. current." Riseman, he said, haps plumbers might be induced to bear the expense of equipment in exchange for advertising privileges, and that 5 cents charge for baths would pay for towels, soop, water, caretaker, etc. The message went to the committee on buildings and property for consideration.

The council refused to sustain the veto of the mayor to the resolution proposing to create the office of second assistant city attorney at \$2,000 a year. The mayor said he thought a salary of \$1.500 a year suffi cient. Zimman and Funkhouser took issuwith him on the point. Zimman said that Union Pacific tax litigation involving \$48,000 is lying in the federal court because the legal department does not have time to attend to it. He asserted that more litigation with the water company is probably in store, and with that corporation employing the best lawyers it could find, he thought the city should have better than \$1,500 men opposing. He said he would favor a higher salary than \$2,000 for the position. The council majority saw it his
