All Counties Reporting Thursday Except Merrick Show an Increase.

BOARD REDUCING LINCOLN VALUATIONS

Assessor Miller Makes Protest and

Insists He Was Correct in the

Valuations Placed on Lin-

coin Merchandise,

(From a Staff Correspondent.)

LINCOLN, June 18 - (Special.)-A number

of counties reported to the State Board of

Assessment this morning. The assessments,

as made by the county boards of equaliza-

tion show a very good increase, with the

exception of Merrick county, which shows a

decrease. On the face of the returns

Saline county shows a decrease, but the

assessor has failed to add some \$170,000 to

the value of his real estate, as ordered

by the board last year. When this amount

is added the assessment this year will be

an increase of some \$150,000 over the returns

D. B. Griffith, assessor of Jefferson

county, enclosed a memorandum with his

returns, showing his deputies had classi-

fied and assessed live stock as follows:

Thirty per cent of the horses assessed were

aged 13 to 25 years and were valued from

\$20 to \$50; 15 per cent of the horses as-

sessed were colts from 6 months to 3 years

old and were valued at from \$20 to \$50; 30 per cent of the mules assessed were

colts and were valued from \$40 to \$65; 50

per cent of the cattle assessed were stock

cattle, ranging in age from calves to 2-year-

olds and valued at from \$5 to \$15; 76 per

cent of the hoge assessed were suckling

The following is a comparative statement

of the assessment of last year and this

Reducing Lincoln Assessments.

County Assessor Miller of Lancaster

county is becoming much agitated be-

cause the County Board of Equalization is

making a material reduction in his assess-

ment of the business men of Lincoln.

Nearly every business man who has gone

before the board with a protest has suc-

ceeded in knocking off several thousand

dollars. Mr. Miller yesterday went before

the board and said such action would result in the State Board of Equalization

taking a hand in Lancaster county affairs

and the consequence would be that Lan-

caster county property would all get ma-

COMPANY IS FORMED TO DEVELOP FIND

Geyserite Sonp. Which Has Proved Its Merit, in Result of Investigation by Scientists and

th automotive pavettored to prevent

ORLEANS, Neb., June 28 - (Special.)-The limitless possibilities for mankind that lie in nature herself has had new exemplification recently in the discovery of a deposit of is smperhaps centuries old-from which a high grade, genuinely pure soap can be made. Heretofere it has always been th light that a soap could only be made penditure of a cent for advertising. The from animal fats, oils, etc. It thus adde weight and credence to the old saying that man can find everything he wants in mother earth. The finding of this saponaceous deposit is especially interesting in this period of chemically prepared arti-

The discovery, remantic though it sounds is not a myth, but a geological fact. The by an extinct geyser centuries ago. It is situated near Orleans.

No doubt thousands of prospectors and ranchmen in days passed camped near this valuable lode, but none thought to investigate it. It remained for some ranchers from Colorado who camped there to look into the peculiar soil. It was purely an accident, a deed of curjosity, that prompted a member of the party to take some of the mud to clean a knife blade. To the amazement of all it took off the rust us if by magic. They rubbed it in their hands and their hands became clean. They tried it in cleaning other articles and it worked equally well

Capitalists Are Interested. When the party returned to Colorado their find. The saponaceous qualities of the lava were not dreamed of at that time, the finders believing it merely had strange and unusual scouring properties, just as nearly all mud posesses some such properties. Denver capitallats became interested and sent a geolo- The successful sale of the soap is re

tious, life-giving elements of the barley.

and natural state.

The property, extending over a considercommercial soap with this lava as a base. The company was named the Geyserite Soap company, and the article itself Geyscrite scap. A building was erected at Thirty-first and Blake streets, in Denver, and the manufacture of the soap was begun on a large scale.

Company Finds Demand. Though all this happened a comparatively short time ago, the company is reported to be in a very prosperous condition, and the soap is being sold in all parts of the United States and the demand for it is increasing steadily without the expromoters, however, hope soon to compete with the other well known soaps by launching an extensive advertising campaign. It seems that nowadays nothing can be made

to go hugely without extensive advertising.

Frank A. Joslin of Denver, the president of the company, recently made a trip to the property in the company of an expert and he reports that the deposit is well-nigh supposition is that the lava was deposited limitless. An attractive feature from the commercial standpoint is that this lava costs the company practically nothing in comparison to the material that all other scap manufacturers are compelled to buy, and that the geyserite can be shipped into Denver, ready to be converted into soap, at less than one-half cent a pound. This gives the company a tremendous advantage over other scap manufacturers, as, owing to the peculiar inexpensiveness of the article, it can be sold at a lower figure than other soaps while giving a better profit. wholesaler and jobber sells what he finds Geyserite coap will have the friendship of

the men who sell it. Pure Natural Sonp. Chemists claim that Geyserite soap is the only pure and natural soap that has praise for faithful and high class work. yet been marketed. It is said to be uncombined and to contain no free caustic alkali. It is this latter ingredient in the cheaper scaps that plays such havoc with

NELSON—The Neison and Ruskin nines work this week.

FREMONT—The prospect of a new naturalization law which will make the obtaining of naturalization papers more difficult and expensive has stimulated naturalization business in the district court. Judge Hollenbeck has held two sessions for the purpose of issuing final papers to Fremont residents, some of whom have lived here for twenty years. Saturday it is expected that a carload of Stanton county wouldbe citizens will be here for their papers. There will be no session of the district court in that county until fall.

BEATRICE—A party of Union Pacific sur-Mastin of the Methodist church.

NELSON—The Nelson and Ruskin nines played a most exciting game of ball here. The score was I to 0 in favor of the local team. Ruskin made two hits and Nelson five. The feature of the game was Joker Campbell's pitching. He struck out four-teen men.

There will be no session of the district court in that county until fall.

BEATRICE—A party of Union Pacific surveyors was running lines south of the city yesterday, and it is reported that the company is making plans to remove its roadbed from the east to the west side of the fiver between Beatrice and Blue Springs. For years the floods have interfered with traffic over the present roadbed, which follows the Blue river for miles, and it is understood the company intends to seek higher ground by building a new line from this place to Holmesville and thence to Blue Springs on the west side of the river. By this change there would be no danger from floods.

AUBURN—This vicinity had a rainfall of over two inches some days ago, makes the prospects for a good crop very flattering. Wheat is just ready for harvest and some of it is being cut. The yield it going to be above the average and the quality of the grain fine. Ten days ago the outlook for oats was very poor, but it has spring up so rapidly since the rain that the farmers are predicting a large out yield. The fields of corn are quite spotted and the corn seems to be farther back than usual, yet it has a good color and the prospects for a corn crop is as good as it usually is at this time of the year. If nothing happens to injure the fruit crop we will have a bouncer. The prospects for apples has never been as good within twenty years. Campbell's pitching. He struck out fourteen men.

PAPILLION—A robbery of a B. & M.
freight car at La Piatte, in Sarpy county,
was reported to Sheriff McEvoy yesterday. He got track of the thieves and traced
them to Nebraska City, where he arrested
and lodged them in jall at South Omaha.
They are two young colored men.

BEATRICE—Yesterday morning at the
bride's home, at Wilber, occurred the marriage of Mr. New Shaffer, until recently a
resident of Beatrice, and Miss Pearl Ross.
The young couple will make their home in
Denver, where the groom is employed in
the offices of the Burlington company.

FREMONT—The mercury this afternoon
reached 26, the highest so far this season.
A warm south wind has prevailed. Vegetation of all kinds, on account of the previous heavy rains, is growing rapidly. Indications all point to a large corn crop.
Wheat is in good condition, but oats will
be light.

AINSWORTH—Last night Silver Cord

TUMORS CONQUERED SERIOUS OPERATIONS AVOIDED.

last winter on the charge of breaking into Burlington box cars at Wymore.

BEATRICE—Large crowds are attending the Beatrice chautauqua assembly from day to day. This afternoon Dr. McArthur of New York addressed a large audience, and this evening Richmond Hobson of Merrimac fame appeared on the program. The assembly closes next Wednesday and so far the attendance has been very good.

GRAND ISLAND—Bessie, the 13-year-old daughter of Mr. and Mrs. W. N. Greer, was seriously burned about the lower extremities while reviving a fire in a cook stove. The fire had smouldered. Late in the afterneous he took a can of oil and the common result followed. There was an explosion and her skirts were immediately affame.

WEST POINT—The temperature yesterday was the highest for the season. A violent hallstorm occurred along the north line of Cuming county, extending for some five miles east and west and one-half mile wide. The course of the storm was erratic, about every other field suffering greatly. Crops where the hall struck are totally destroyed.

LYONS—A new fire company has been organized at this place and the fallowing organized at this place and the fallo Unqualified Success of Lydis E. Pinkham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

The growth of a tumor is so sly that frequently its presence is not suspected until it is far advanced.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by profuse monthly periods, secompanied by unusual pain, from the abdomen through the groin and thighs.

If you have mysterious pains, if there are indications of inflammation or displacement, secure a bottle of Lydia E. Pinkham's Vegetable Compound right away and begin its use.

Mrs. Pinkham, of Lynn, Mass., will give you her advice if you will write her about yourself. She is the daugh-ter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Dear Mrs. Pinkham:-

Dear Mrs. Pinicham:—

"I take the liberty to congratulate you on the success I have had with your wonderful medicine. Eighteen months ago my periods stopped. Shortly after I felt so badly that I submitted to a thorough examination by a physician and was told that I had a tumor and would have to undergo an operation.

"Soon after I read one of your advertisements and decided to give Lydis E. Pinkham's Vegotable Compound a trial. After taking five bottles as directed the tumor is entirely gone. I have been examined by a physician and he says I have no signs of a tumor now. It has also brought my periods around once more, and I am entirely well."—Famis D. Fox, 7 Chestnut Street, Bradford, Pa.

Perfect beer, such as Pabst Blue Ribbon, cannot be made from four-day malt. Pabst Beer is thus richest in actual food value and strength-building elements because it is made only with Pabst eight-day malt.

Pabst Beer is clean beer, too. From mash tub to keg or bottle it is never touched by human hands and never comes in contact with anything but sterilized machines, sterilized utensils and crilized air.

and the same of th

When Ordering Boer, Call for Pabst Blue Ribbon.
