A Few Things Men Will Need

Negligee Shirts \$1.00

When a statement is true, it is worth repetition. Therefore we again say for the even dollar we have the best negligee shirt in Omaha today. The negligee shirt we sell for \$1.00 is our own Nebraska brand. Anything coming from this house having upon it a Nebraska brand is guaranteed to be the best of its kind. These \$1.00 shirts are shown in a wide range of colors as well as plain white. A feature of these dollar shirts is that some have cuffs attached and others have cuffs detached. The next price after \$1.00 is \$1.50, and from that up to \$2.50. This range is big enough to meet the most exacting tastes.

Night Shirts

It isn't very often you can buy good night shirts for half a dollar. Night shirts which

we offer for 50c are superior to many we have seen quoted at \$1.00. These can be had with or without collars.

Half Hose

Fancy socks are in great demand these days, arising from low-cut shoes having their laces and buttons removed. Nationally complete.

Costless Suspenders

Unless you've good-sized hips, you can't get along with the belt—and going without a vest you don't want your suspenders to show. Costless Suspenders are worn under the shirt. How's that for a novelty? Price 50c a pair.

Pyjamas \$1.00 a Suit

We've sold thousands in this grade of pyjamas—many men coming to buy them have not been used to this sort of sleeping garment. They are regular \$1.50 grade. Made of fine neat flannel, with neat neck and cuffs. All sizes.

Men's Union Suits

From men who wear no other sort of underclothes we have it that the union suit is the most satisfactory undergarment made. There is no shirt to creep up your back, no drawers to slip down—simply a one-piece garment that fits snug and possessing greatest comfort. Long sleeve Union Suits and half sleeves, ankle length—95c, \$1.25 and \$1.40.

MEN'S STRAW HATS--Wear a new straw hat for the "Fourth."

Whatever sort of a straw hat men have in mind, it will be found in our big collection of straw hats. If it is a dollar straw hat, that kind is here—if a \$10 Panama, that kind is here. We have some specials here tomorrow, among them the following:

NEW ELEVATION ALLOWANCE

Union Pacific Grants One and Quarter Cents Hundred to All Concerns.

REMOVES THE CRY OF DISCRIMINATION

Company Publishes Rate Affecting All Elevator Firms that Handle Grain from the Overland's Lines.

The Union Pacific has made a new move in the grain elevation contest, which has been taken up again by President Stokely of the Great Western. The principal complaint against the Union Pacific was one of discrimination. In that it allowed elevation to but two concerns, the Omaha Elevator company and the Trans-Mississippi company. The contract with Mr. Peck and Mr. Cowgill heretofore has been in the nature of a private contract which was not published. This has now been changed and the Union Pacific has published a rate, granting an elevation allowance of 1 1/4 cents per hundred to all elevators handling grain from the Union Pacific. The circular is as follows:

To elevate the grain and to secure the prompt release and return of equipment an allowance of 1 1/4 cents per hundred pounds will be made by the Union Pacific to the elevators performing the service, on grain, in car load lots, transferred by the elevators at South Omaha, Omaha, Council Bluffs and Kansas City, subject to the following conditions:

- The grain must originate at points on the Union Pacific (not connecting lines) west of and including Council Bluffs, Minn. and Kan., and be transported by the Union Pacific from such originating points to South Omaha, Council Bluffs, Kansas City, Kan., or Kansas City, Mo., respectively.
- The allowance will apply only on grain which moves to points beyond Council Bluffs, Ia., or Kansas City, Mo.
- No allowance will be made when more than forty-eight hours elapse between the time of delivery of the load by the Union Pacific to the elevator, or connecting lines and the release and return of the empty car to the Union Pacific. The 48-hour limit will be computed from the time of delivery of the loaded car by the Union Pacific to the elevator, or from the time of delivery by the Union Pacific to the connecting lines for elevators on lines other than the Union Pacific and the return of the empty car by the connecting lines to recognized points of interchange.
- Elevator companies, in presenting their claims for the above allowance must substantiate, by their verified records, connecting lines, the re-shipments of the grain to points beyond as above outlined; same to be subject to verification by the Union Pacific Railroad company.

O'HEARN AND CLARK LEAVE

Condemned Men Are Sent to Penitentiary as Sheriff Declines to Hold Them.

Jay O'Hearn and Harrison Clark, who were sentenced by Judge Sutton to be hanged November 12, have both been removed to the penitentiary at Lincoln the day of their execution or some time before. The supreme court, Sheriff McDonald did not care to have the responsibility of keeping them in the county jail and sent them to Lincoln at the first opportunity after they were sentenced. Both of them will appeal to the supreme court, and it is probable the day of execution will be changed by that body in order to give ample time for a hearing of their cases. Raymond Nelson, who was sentenced to life imprisonment for his part in the Laugel murder, is still at the county jail. County Attorney Blausgh has dismissed an old information against Nelson charging

SICKNESS DELAYS DIVORCE

Serious Illness of Wife Interferes with Her Plea for Legal Separation.

Because the plaintiff is on what may be her death bed the hearing of the divorce suit of Ruth E. Hult against Ivey Hult, which was to have come up before Judge Kennedy Friday, has been indefinitely postponed. The trial was started last week, but was continued until Friday because Mrs. Hult's attorneys could not be present. Friday morning Attorney Sullivan of Plattsmouth appeared in court and said his client was almost at the point of death and he would be unable to go on with the hearing. Doubt was expressed that Mrs. Hult would recover.

SEASONABLE FASHIONS.

NOS. 6486 and 6487—A CHARMING SUMMER GOWN.

There is no season of the year when Dame Fashion arranges her devotees so becomingly as during the spring and summer. The daintiest of creations are realized in the sheer summer fabrics, which no amount of silks, or chiffons can surpass. Here is drawn a gown of organdie, that most delightful of sheer fabrics. Tiny tucks form and adorn the waist, while the sheer lace yoke and embroidered trimming straps are very pleasing and becoming. The skirt is in three sections, each being a bit fuller than the one above and sewed to a band of insertion. In this way the broad sweep at the bottom is realized, while no bunchy fullness appears at the waist band and over the hips. Any mull, swiss or other sheer fabric may be used for this gown. For the medium size 1 1/2 yards of 36-inch material are needed.

Two Patterns—No. 6486 (size 32 to 42 inches, bust measure) and No. 6487 (size 32 to 36 inches, bust).

For the accommodation of The Bee readers these patterns, which usually retail at from 25 to 50 cents, will be furnished at a nominal price (10 cents), which covers all expenses. In order to get a pattern enclose 10 cents, giving number and name of pattern wanted and best measure. As the patterns are mailed direct from the publishers

EIGHT HOUSES ARE ENTERED

Homes Within Two Blocks Visited by Burglars in Two Hours.

PLUNDER IS SMALL IN ALL CASES

Victims Live on Orchard Hill, Where Police Are Scarce and Where Such Crimes Are Becoming More Frequent.

Night prowlers made another raid on Omaha homes early Friday morning, the victims being residents of Orchard Hill. There were eight burglaries in all, the crimes being committed within two blocks and between the hours of 2 and 4 a. m. In several instances watch dogs scared the intruders away and awakened their owners, who did not realize what was going on until later in the morning when they arose. At the home of O. H. Wirth, 3551 Charles street, one of the intruders had a struggle with the dog, leaving a clue which may prove valuable in the case. The section of town visited by the burglars Friday morning has but little police protection, owing to the lack of patrolmen on the force. The total plunder did not run very high. The thieves evidently were on the sneak-thief order, as in most of the cases windows already partly open were pushed up and the work done while the occupants of the homes were asleep. The burglars were secured away from the home of C. F. Edwards, 3515 Charles street, after a wedding ceremony had been performed at that address.

At the home of John T. Buchanan, 3530 Charles, the intruders took \$25 in cash, a revolver and a valuable collection of coins. Mr. Buchanan brought back from Manila. The stranger took time at the Buchanan home to open the refrigerator and drink a bottle of grape juice, leaving two glasses on top of the ice box.

One Man Loses Forty Dollars. R. W. Johnson, 323 Charles, chief clerk at the Millard hotel, lost \$40 and some other coins. Thomas Croft, mail carrier, 323 Charles, had a fine gold watch taken. The front door at the Croft home had been left unfastened and the green door unlocked. It was an easy matter to get into the screen. C. L. Cochran, mail carrier, 324 Charles, had \$5 taken from his trousers, which were left hanging through a window. The watch dog at the home of William Henry Brown, 324 Hamilton street, aroused the sleepers, who gave no heed to the matter. Later in the morning they discovered \$3 and some trinkets had been stolen. The men entered through a dining room window. Fred Nelson, 320 Hamilton, heard the intruders, but scared them away.

At the home of Mr. Wirth, 3551 Charles street, the burglars propped a kitchen screen up with a stick and got into the kitchen, where the house dog intervened. Members of the family upstairs heard the dog barking, but did not think there was any occasion to go downstairs. The morning light disclosed evidence of a conflict between man and dog both in the kitchen and outside. The police have a section of one of the burglar's trousers taken by the Wirth dog for a memento. Nothing was stolen at the Wirth place.

Several other citizens reported being awakened between 2 and 3:30 Friday morning by their dogs. Detectives are working on the case in the usual manner. A few weeks ago half a dozen homes were entered in the vicinity of Forty-first and Nicholas streets in a similar manner. The home of Mrs. Burtch, 323 Franklin street, was entered Thursday afternoon by sneathieves who stole a gold locket, cross and chain. The articles were valued highly as old keepsakes, being more than 100 years old.

JUST TO HEAD OFF FISH STORY

Marshal Warner Makes Correction in Report, Anticipating What Might Happen.

"In order to set history straight," said United States Marshal Warner Friday morning, "I desire to correct a statement made in The Bee Thursday evening regarding the loss of our string of fish up at Dakota City. The fish were lost, as stated in The Bee. But I must deny the soft impeachment that the fish slipped off the stringer through the hold at the lower end giving way. The facts of the case are that the holder held all right, but the whole bunch of fish, and they were heavily sea-sick, and all went over board."

MARSHAL WARNER WISHES THIS EXPLANATION

Made from the fact that some pot hunter may hook the whole covey of fish and start a fish story that will need some explanation.

AGED FATHER WANTS CHILD

Old Man Searches Ten Years for Little One and Now May Not Get Her.

The attempt of Harry Blizard, an aged civil war veteran, to secure possession of his 14-year-old daughter Ivy, is likely to be forestalled by the officers of the juvenile court. Blizard, after a year's search, found his daughter by accident one day in a dwelling near Thirtieth and Decatur streets, occupied by a family with whom she was placed by her mother. The father had gone to the vicinity to see a Salvation Army man named Miller, but entered the wrong premises through error. He saw his daughter and immediately claimed her, but the family declined to surrender her.

Doubt thereupon laid the case before Humane Officer Ellison, who has made a partial investigation with Probation Officer Bernstein. It was learned that the head of the family which had the girl had served time in the penitentiary for burglary and about eight months ago the juvenile court had made an effort to remove her from its custody, but had failed because the family lived in East Omaha. Blizard filed application for the child in the juvenile court, but the probation officer refused to resist the claim on the ground that the old man's habits are bad and that he would not be a proper custodian. The girl has told stories not complimentary to the father.

The letter was married twice and four sons, the oldest being 21, and a daughter and living in Denver. There were three children by the second wife of which Ivy is the oldest. Two years or more ago the second Mrs. Blizard suddenly left her husband, taking the children with her, and went to LeJume, Colo. A year ago she died, leaving the two younger children in charge of a sister. The father then discovered that Ivy had not accompanied his wife and since then he has hunted for her.

The police have a warrant for John McDonald, the expressman who has had several encounters with Omaha policemen and who was sent to a hospital after trying to eat one policeman's revolver. McDonald seems to have lost the city, after giving his wife a farewell thrashing. DIAMONDS—Edholm, 18th and Harney.

STEALS ICE FOR SICK WOMAN

Colored Man, Ignorant of Precious Value, Takes Cake of Cool Substance.

When taken to police headquarters and placed on the carpet before Captain Mostyn, George J. Preston, colored, declared he did not know it was such a crime to steal a cake of ice from a wagon.

With an only sister residing on a bed of fever at the humble Preston home on East Burt street, Preston acted on the impulse of the moment and stole a piece of ice from a wagon driven by Albert E. Schill at Twelfth and Davenport streets. In Preston's mind a cake of ice did not amount to much; he had not been much of a reader of the newspapers, else he might have known that to steal a cake of ice these days constitutes a felony of the worst kind. The man was thinking more of his suffering sister. The driver of the ice wagon agreed, in view of Preston's sick sister, to pay for the cake of ice himself, if it took his whole week's pay. Preston was given a severe warning about taking ice. The man was released on his own recognizance. It is not thought there will be any prosecution against him.

RAINS HELP BUGGY TRADE

Plenty of Moisture Insures Crops and Farmers Loosen Their Purse Strings.

The recent rains in Nebraska, which have assured the crops to all farmers in the state, have had an immediate effect on one line of business in this city. The farmers were beginning to tighten up on their money as the prospects of rain held off and were spending little. The best time of the year for the sale of buggies to farmers is just before the Fourth of July. The farmers who that time have their crops all in and they know about what the results are to be. When the recent rain came and insured the crops the orders were flooded into Omaha for delivery so the farmers could have a new buggy for the Fourth.

The bottle is found to be intact and a dose or two cures the sufferer. This medicine keeps its strength for years. Much suffering and many doctors' bills are saved by keeping it always at hand.
