BROWN'S BOOM IS LAUNCHED

Home County Sends Delegation to State Convention Instructed for Him.

KINKAID IS ENDORSED FOR CONGRESS

Sherman County Sends Delegation to State Convention Instructed for Wall for Governor.

KEARNEY, Neb., June 29.—(Special Telegram.)—At an enthusiastic convention held at the city hall the republicans of Kearney county nominated their candidates for the coming election and selected a delegation to the state convention. An effort was made to unseat the delegation from the Third ward of the city on the ground that two men not residents of that ward had voted, but it proved unsuccessful. F. L. Grammer of Loop was elected temporary chairman and Otto Brown secretary, this choice being made permanent.

The nominations were: State senator, R. M. Thomson; representatives, G. W. Barrett and E. G. Hamer; county attorney, E. Squires; delegate to the state convention, F. L. Grammer, Pleasanton, at large. The others were chosen two from each supervisor's district, first, Frank Reed, George Barrett; second, A. J. McDonald, C. G. Perkins; third, L. T. Hart, J. P. Norcross; fourth, Ben Goodell, Oscar Knox; fifth, Charles Carlson, E. A. St. John; sixth, C. W. Hoxie, W. W. Barney; seventh, C. M. Hill, W. J. Dickricken.

The convention unanimously endorsed Norris Brown for United States senator and he was requested to name the delegates to the state convention.

Resolutions were adopted endorsing and approving the fearless and patriotic administration of President Roosevelt, the most far-reaching and successful administration and the faithful services of Congressman Moses Kinkaid. The efforts of President Roosevelt in securing a pure food law and railroad rate legislation were especially commended. The resolutions closed with the republicans of Buffalo county expressing their confidence in their fellow citizen, Attorney General Norris Brown. They commended his efforts for the enforcement of law, for his fearless prosecution of the railroad tax cases and for his prosecution of trusts operating in this state. They recognize his fairness, honesty and ability and feel just pride in his honorable success as an official and servant of the public. They endorse his candidacy for United States senator and pledge the delegates for Buffalo county to the republican state convention to use every honorable effort to secure an endorsement of his candidacy by that body and to support him in the coming election of the senate and house of the state legislature when elected to vote for and promote his candidacy in every legitimate manner.

Sherman County Endorses Wall.

LOUP CITY, Neb., June 29.—(Special Telegram.)—The Sherman county republican convention met today in what is pronounced the most harmonious and enthusiastic session in the history of the county. John Mathewson was made temporary chairman with C. T. McKinnie and Ed Ackenback secretary, which was afterward made the permanent organization. The convention the utmost enthusiasm and by unanimous consent gave Hon. John Wall the privilege of naming the delegation to the republican state convention and upon repeated calls for him, in a neat speech he thanked the convention for the honor and named the following delegates:

Judge Aaron Wall, J. W. Burleigh, Loup City; H. Smelser, Theodora Olenky, Lehigh; William C. Gray, Aradale, Mitchell; T. Litchfield, Senatorial; William M. Smelser, Daniel Beushausen, Rockville; A. Munn, Harvard; Jacob Albers, Peter Rowa, Loup City; W. C. Dunbar, Ashton.

The convention selected C. T. McKinnie as its candidate for representative and naming the delegation to the republican state convention with greatest enthusiasm and ringing cheers gave forth no uncertain sound as favoring the policy of President Roosevelt for just dealing with all interests and perfect fairness with all classes, and closing with a splendid encomium on the character of Hon. John Wall for governor and pledging itself in his support.

HOBSON SPEAKS AT BEATRICE

Future Alabama Congressman Addresses Chautauqua Assembly.

Two of the best numbers on the program of the present Chautauqua assembly were the addresses yesterday of Dr. MacArthur and Richmond Pearson Hobson of Merriam. Dr. MacArthur addressed a large audience in the afternoon on the subject "Russia's Future." The speaker gave an interesting sketch of Russian history and stated that either the Slav or the Anglo-Saxon will rule the world. He dwelt upon the Slavonic lack of initiative and their firm belief that their ruler is the representative of God upon the earth. He closed with a description of the assassination of Nicholas II.

Lieutenant Hobson spoke in the evening to a large audience. The first part of his lecture dealt with national domestic problems. Organized capital has become a monster tyrant and is taking from the people more by law for its services than it is entitled to. Its influence upon local state and federal politics has been bad. One of the greatest problems both to the United States and the world is how to keep peace. The only nation qualified to keep the peace of the world is the United States. To take the important position of peacekeeper for us, we must have a mighty navy, not to wage war, but to keep peace. Lieutenant Hobson has a good voice and speaks with great earnestness. He left the city for the west last night over the Rock Island.

Killed at Railroad Crossing.

PLATTSMOUTH, Neb., June 29.—(Special.)—While crossing the Missouri Pacific railway track last evening about 8 o'clock John Bajek was struck by the engine of the north bound passenger train and almost instantly killed. He had been born in Bohemia in 1841 and with his family came to Plattsmouth in 1881, where he has since resided. He was employed in the local Burlington shops here for more than fifteen years and was the leader of the Bohemian band. Sheriff Quinton espoused a coroner's jury to examine into the cause and responsibility of the death. A wife and seven grown children survive him.

DOGS ARE VALUABLE ASSET

Bring Over Hundred Thousand Dollars in Taxes Into Treasury.

NUMBERS INCREASE DURING THE YEAR

Average Assessed Valuation Higher Than Sheep—Hooker County is Low in the Returns, the Assessors Finding Only Eight.

(From a Staff Correspondent.)

LINCOLN, June 29.—(Special.)—An important factor in the makeup of the grand assessment roll of Nebraska is that class of small animals called dogs. Since dogs become property under the laws and their owners have had to pay taxes on them for keeping them in town, the assessors have been getting busy, with the result that last year \$10,000 of the total assessment of the state represented the assessed value of the dogs. This is over \$50,000 worth of dog. This year the assessment of dogs is materially increased over last year, while the value will be about the same on the average. Sheep last year were worth 26 cents a head, while a dog was assessed at 50 cents, making the actual value of sheep \$20 and the actual value of man's best friend 24 cents. The total number of dogs reported last year by the assessors was 106,944, while of the forty-one counties reported so far, the number of dogs is materially increased.

According to the counties reported the taxable value of dogs on the average will be increased to at least \$1, making the average actual value of every dog in Nebraska, including the thoroughbred, ugly-faced bulls, to the worst street loafer anywhere, worth a \$5 bill. Out in Greeley county they think less of their dogs than in any of the forty-one counties reported and much less than any class of property. Out there a dog is assessed only at 20 cents, in Deuel county a dog is assessed at 25 cents. In Hooker county a person could travel all day and not run across a good-sized dog, as there are only eight in the entire county unless the assessor overlooked them. But these canines are valued at a total of \$50. Thomas county has only ninety-two dogs assessed at \$2. In Dodge county, where the sheep are as numerous as anywhere in the state, the dogs number 1,546.

Assessors reporting to the secretary of the state board assert it is an easy matter to get all the dogs in a county listed because a dog hates an assessor worse than a butcher and invariably rushes out and does a barking stunt whenever the official gets in sight. This, of course, gets him on the assessment roll.

The following table shows the number of dogs listed and the total assessed value

In those counties which have reported, showing a dog in Nebraska is a dog:
