Assessors of State Do Not Agree with Valuation Placed by Dealers.

SOME AS LOW AS SIXTEEN CENTS PER TON

Kearney County Tops the List of Those So Fur Reporting, with a Valuation of Ninety-Seven Cents Fer Ton.

(From a Staff Correspondent.) LINCOLN, June 30.-(Special.)-The price charged consumers for ice is out of all proportion to the value of ice as returned by the county assessors. According to the ice man this little household necessity is worth not less than \$10 a ton. According to the assessor in Deuel county, ice out there is worth 60 cents a ton, while in bloward county it is worth \$5 a ton, the highest price placed upon this commodity by any assessor. Of the other counties reporting to the State Board of Equalization, Kearney is the highest, its assessor pincing the assessed value at \$7 cents a but not enough to do any damage. The

range from 16 to 41 cents a ton assessed Last year the total ice crop in Nebraska was assessed at \$36,441, or an actual value of \$172,206. This year this valuation bids fair to be greatly in excess of that amount. Just why there should be such a discrepancy between the market value and wheat to any great extent. the assessed value the members of the state board have not been able to figure out, and Inasmuch as the board has the authority to raise any class of property, the ice of rain, lasting for over an hour crop may come in for a boost when the

by that time. Of the counties reporting so far, Thomas county carries off the banner, having not one single ton of ice within its border, an indication that the prohibitionists are doing some work in that county. McPherson county has only two tons, and notwithstanding the scarcity it is only worth \$1 a ton. Dodge and Hall counties are better fixed, the former having on hand 3,637 tons of ice and the latter 8,635 tons. In Dodge county, however, ice is only worth 16 cents a ton, according to the assessor, while in Hall county it is worth 20 cents a ton.

The following table showing the number of tons, the assessed value and the assessed value per ton, as made by the various county assessors, compared with the \$10 per ton charged by the ice dealers, is enough to freeze one. Read it:

HEAVY RAIN ENDS SULTRY DAY Severe Summer Storm Strikes South-

east Section of State. AUBURN, Neb., June 30.-(Special.)-A severe electrical storm struck Auburn and vicinity last night, accompanied by a sweeping two and one-half-inch rain. The day was cloudy and sultry up until about Officers of Twenty-Fifth Pleased at 4:30, when the storm commenced. It lasted an hour and a half. There was some hall, ton, while in the other counties prices house of L. T. Clarks was struck by lightning, the chimney being destroyed. The paper reports that Governor Lanham of telephone system was badly damaged, also the electric light plant, which was disabled for an hour. Parts of the plant have not yet been put entirely in order. No other damage as yet has been reported. It is not thought the rain damaged the

STELLA, Neb., June 30.-(Special.)-A hot, sultry summer day came to a close yesterday evening with a heavy downpour measuring two inches. All day the wind board meets, providing it is not all meited had been blowing hard from the south, and about the middle of the afternoon a black looking cloud was seen slowly approaching from the northwest. At 6 o'clock the wind suddenly changed and in a few minutes the rain came, preceded by a few heavy gusts of wind, which tore usual. Not coming to breakfast they went the awning down of the millinery store to his room and found him gone. There is next to the postoffice, breaking one of the no known reason why he should leave. He large lights of glass. The electrical display was terrific. The new residence of telling him to keep what wages are due I. W. Harris, in course of erection, was struck by a bolt which tore a hole in the a young woman a short time before that roof and splintered the studding. Six he intended to drown himself, but nothing workmen had left the building a few minutes previous. East of town the large barn of David Steadman was struck, tearing a hole in one end. Seven head of horses were in the barn, but none were killed. Some hall was reported in different sections, but not enough to be of any damage to fruit or crops. About three-fourths of the wheat crop is cut and in the shock. The rain will be of untold advantage to

RULO, Neb., June 30 .- (Special.) - One of the finest rains of the season visited here Friday evening. One and one-half inches of water fell, just slow enough as to enable most of it to soak in before it had time to run away. This is the first rain we have received for ten days. The ground was getting dry, but this rain will push the rapidly growing corn faster than ever. Besides crowding the maturing oats, it will against before the State Board of Health. add plumpness to the oat grain and is of inestimable value. The drouth is now completely broken and prospects for an allaround money making crop never were better for the careful farmer. Farmers 1.00 are now cutting their second crop of alfalfa. It is as heavy as the second crop usually gets, notwithstanding the dry

Messa temperature... 77 68 58 59 77 Minimum temperature.... Mean temperature..... Precipitation Temperature and precipitation departur from the normal at Omaha since March and comparison with the last two years: Normal temperature

The Doctor Asks —

"Are your bowels regular?" He knows that daily action of the bowels is absolutely essential to health. Then keep your liver active and your bowels regular by taking small laxative doses of Ayer's Pills. Just one pill at bedtime is enough, just one.

We have no secrets! We publish the formulas of all our medicines.

Made by the J. C. Aper Co., Lowell, Mass.

Also Manufacturers of

AYER'S HAIR VIGOR—For the hair.

AYER'S CHERRY PROTORAL—For coughs.

AYER'S SARSAPARILLA—For the blood. AYER'S AGUE CURE—For malaris and agus.

IN PERFECT HEALTH

one never "feels" the digestive organs. They are forgotten like any other part of a perfect running machine. No jar, no shock, no sensations at all; just easy, pleasant, restful work-duty well done.

The Way

lies in the proper selection of food and drink, getting down to Nature's principles, plenty of good air, good water, and particularly plenty of good food that will easily digest, and nourish and rebuild—not clog up.

A Food Expert

understood how the body worked upon food and what kind of elements it required to rebuild itself, used this knowledge in a skillful way to produce a perfect food and called it

Grape-Nuts

There is the natural Phosphate of Potash and Albumen, from which the life forces make the soft gray filling of nerve centres and brain, so brain fag and nervous prostration disappear for the user of Grape-Nuts. Then again, in Grape-Nuts the starchy part of the Wheat and Barley has been changed into a form of sugar at the factory, and, as that is exactly the condition which starchy food, bread, cake, oatmeal, potatoes, etc., assumes after the first act of natural digestion has taken place, we find Grape-Nuts has passed through this process, outside the body and is therefore p roperly termed pre-digested, a tre

The Old Joy

of health, with its youthful glow and warm, keen pulse of vigor and energy. The years are forgotten, and so is the stomach, but you'll KAOW you have a strong, sturdy, well-fed Brain, for all the important brain-building elements are in CAAPE-NUTS. Dozens recipes for fascinating dishes found in the Pkg.

Trial 1O days of GRAPE-NUTS proves.

"There's a Reason."

mendous help for those who are a bit weak in digestive power.
