

THE OMAHA DAILY BEE

VOL. XXXVI—NO. 12.

OMAHA, MONDAY MORNING, JULY 2, 1906.

SINGLE COPY THREE CENTS

CAZAR IS PERPLEXED

Realizes Continuation of the Present Goremkin Cabinet is Impossible

UNABLE TO FIND SUITABLE SUCCE

Constitutional Democrats Will Not Place in the Ministry.

VOTE TO CONTINUE PRESENT POLICY

Support What is Good and Attack the Objectionable in Any Cabinet.

DO NOT EXPECT CAZAR TO YIELD TO THEM

In Fact They Do Not Deserve to Take Responsibility of Government During the Present Period of Unrest.

ST. PETERSBURG, July 1.—No definite statement with reference to the retirement of the Goremkin cabinet was forthcoming today. Emperor Nicholas apparently is encountering trouble in finding a man to whom to entrust the reins of power and effecting an understanding with the liberal groups of Parliament.

The constitutional democratic parliamentary committee met this morning behind closed doors to discuss tactics under the new situation. The Associated Press was informed after the meeting that the committee adhered to its former decision that nothing less than a fully responsible cabinet will be acceptable and that constitutional democrats will refuse to take portfolios in any mixed ministry. The leaders scarcely expect that these terms will be accepted at present. Indeed, they have slight desire to shoulder the responsibility of government when the country apparently is on the verge of a series of outbreaks and disorders. Their present plan is to adopt towards any new ministry the same tactics they have followed in the past, the acceptance of what is good in the policy of the government and unopposing criticism of what policy does not square with their ideas. The immediate vote of a lack of confidence is probable.

It is stated that Minister of the Interior Stolypin and Minister of Finance Kolvayev will submit to the lower house of Parliament probably tomorrow, a request for an appropriation of \$50,000 for famine relief one-half of which will be for distribution during the current year and the remaining one-half next year. The ministers reject Parliament's suggestion that relief be conducted through the zemstvos and other local bodies, declaring that the organization of these bodies is insufficient and that only the administration is capable of efficient work.

TROOPS STILL Mutinous.
BATUM, July 1.—The ferment of mutinous artilleries here continues. Many armed men are at large, though the period within which they were ordered to return to their barracks under extreme penalty expires today.

Business here is paralyzed in consequence of the strike in the shipping industry, which has lasted five weeks. Robbery and murder in the streets are of daily occurrence.

PAPERS IN ROJESTVENSKY CASE

Indications the Party Was Looking for a Chance to Surrender.

ST. PETERSBURG, July 1.—The depositions of various officers and sailors of the torpedo boat destroyer Bedovoy, forming the documents in the court-martial of Admiral Rojestvensky and other naval officials who surrendered to the Japanese in the battle of the Sea of Japan in May of last year, are published today. The sailors' testimony indicates that the admiral's party intended the Bedovoy to be full instruments of surrendering to the first Japanese ship they should encounter. The initial act was to raise a white flag prepared. The officers of the staff of Admiral Rojestvensky and the commander of the Bedovoy made a pitiable exhibition in trying to shift the responsibility for the surrender on each other.

Admiral Rojestvensky, though he says he was dazed and out of his head all the time, enters a many plea of guilty because he took no measures to prevent the surrender.

THOMPSON IN NEW QUARTERS

American Embassy in Mexico Now Suitably House for First Time.

MEXICO CITY, July 1.—Minister Thompson has moved the American embassy to a suitable building on Congress avenue, a house of recent construction with twenty rooms and ample accommodations for the growing work of the embassy. The United States has never before had its diplomats so handsomely housed. The old quarters in Cuernavaca had been occupied some nine years.

American residents in the larger interior cities will observe the Fourth of July with balls, picnics, reading of the Declaration of Independence and speeches. Ambassador Thompson will deliver an oration at the celebration in this city, at which President Diaz will be present.

NEW TOWN ON MOUNT VESUVIUS

Cornerstone Laid with Much Ceremony by Duke and Duchess of Aosta.

NAPLES, July 1.—The Duke and Duchess of Aosta, and the local officials ascended Mt. Vesuvius today to lay the cornerstone of the new village of Ottaviano. The affair was marked with great enthusiasm, a large number of people from San Giuseppe, Somma, Santanica and other villages injured by the eruption of the volcano last April witnessed the ceremony.

The weather, however, was unfavorable, there being a heavy rainstorm, with lightning and thunder, and the heat being oppressive. The cornerstone is composed of cement and cinders.

BOYSEN SECURES CLAIM AT LAST

Outwits Officers and Files on Section of Land.

CHEYENNE, Wyo., July 1.—(Special)—A telephone message from Lander states that Asmus Boyesen, the Iowa mining man, has at last outwitted his enemies, and in spite of the watchfulness of a company of United States soldiers and the reservation officials at the Wind river agency, Boyesen has filed on 60 acres of mineral lands in the reservation, and as soon as the lands are opened to settlement he will develop and patent the same.

PUBLIC PRINTER INVESTIGATING

Trying to Find Out Who is Responsible for Delay and Errors in Bills.

WASHINGTON, July 1.—Public Printer Charles A. Stillings has directed an investigation of the public printing office to ascertain the cause of delay in returning the omnibus public building bill to the Senate and whether the public printing office could be held responsible for the return in the sundry civil bill of the item, originating \$300,000 for the purchase of Washington for executive buildings both houses had voted not to it.

Stillings said the foreman of the printing and bill offices at the printing office did his full duty. After interviews with Senators Hale and Culver, Mr. Stillings said the pressure was so great on the printing office that it was impossible for the printing office to work faster than it did.

As to the errors in the sundry civil bill, Mr. Stillings said that his information was that the proofreaders put question marks on the proof containing this item and that when the proof came back for final printing these question marks had been crossed out, which meant to the printers that the item was to be printed in the bill.

TWO BIG OIL TANKS EXPLODE

Buildings Wrecked and Watchman Missing and Probably is Dead.

PORLTAND, Ore., July 1.—With a force so great as every window within three-quarters of a mile radius was shattered, the tanks of the Union Oil Company of California exploded last night at University Park, a few miles north of this city. Leonard Jaqui, the night watchman, is missing and it is feared he is dead. Both of the tanks were nearly empty. It is estimated that only 30,000 barrels of oil were lost. This with the damage to the tanks, amounts to about \$50,000.

It is stated that Jaqui was seen near one of the tanks immediately before the explosion occurred, and it is believed in some manner a spark was communicated from his lantern to the oil. The fire was confined to the vicinity of the two tanks.

MRS. CATT'S PRAISE OF FINNS

Sees Superiority Over America Because She Will Be Permitted to Hold Office.

HELSINGFORS, July 1.—(Special Cablegram to the Bee.)—The new Finnish Diet, which is to be elected shortly, will almost certainly include several women members. The bill for constitution of the Diet declares that all male or female self-supporting citizens above a certain age may vote for any man or woman candidate whom they desire to elect. It is impossible yet to predict how the sexes will be divided, but all politicians concur in believing that the women will be greatly in the minority.

Mrs. Catt, of the United States, who is at the head of the Woman Suffrage alliance and who has just been studying the work of women suffrage in the Scandinavian peninsula, declares the fact that Finland and Russia are ahead of England and the United States in itself a remarkable tribute to the progress which liberty and freedom are making in the old world.

EDUCATIONAL BILL DISLIKED

Catholics of Liverpool Hold Meeting to Protest Against the Pending Measure.

ST. PETERSBURG, July 1.—The deposition of various officers and sailors of the torpedo boat destroyer Bedovoy, forming the documents in the court-martial of Admiral Rojestvensky and other naval officials who surrendered to the Japanese in the battle of the Sea of Japan in May of last year, are published today. The sailors' testimony indicates that the admiral's party intended the Bedovoy to be full instruments of surrendering to the first Japanese ship they should encounter. The initial act was to raise a white flag prepared. The officers of the staff of Admiral Rojestvensky and the commander of the Bedovoy made a pitiable exhibition in trying to shift the responsibility for the surrender on each other.

Admiral Rojestvensky, though he says he was dazed and out of his head all the time, enters a many plea of guilty because he took no measures to prevent the surrender.

JEW-BAITER MEETS TROUBLE

Count Puckler Raises Socialists, but Not in the Way He Intended.

BERLIN, July 1.—(Special Cablegram to the Bee.)—Count Puckler, the notorious chief of the German militant anti-Semites, has just received a severe drubbing which he will not soon forget.

While here he was lecturing to a large audience on his favorite theme, working up his audience to such a pitch of heat against the Jews and appealing to the social democrats to aid him in his crusade.

The socialists, however, declined the invitation, and created such a disturbance that the meeting had to be closed by the police. The count was driven in wild fright to his autocar, belabored on the way by sticks and umbrellas, and amid a shower of vehement Berlin epithetives. He has just concluded a period of six months' imprisonment for Jew-baiting.

HARDIE AGAINST CO-OPERATION

Labor Member of Parliament Would Have None of Party in Ministry.

LONDON, July 1.—(Special)—Keir Hardie, in an interview, has expressed himself as opposed to co-operation between masters and men in industrial enterprises.

He considers that there is no place in the existing British government—which is a government of capital—nor for a labor member. Such a man would be swamped in the cabinet and wield no influence whatever.

He explained his position by saying that in Part he would take up his position by the side of M. Jaurès and in Berlin by that of Herr Bébel. At the next election he is convinced Parliament will count from seventy-five to 100 labor members.

Labor Trouble Compromised.

ST. LOUIS, Mo., July 1.—With the vote to accept the compromise taken today by the Bridge and Structural Steel Workers union the last of the labor differences which have kept building operations in a turmoil for the last three months came to an end. Under the compromise the men get an advance of 40 cents a day. They demanded an increase of 60 cents.

PUBLIC PRINTER INVESTIGATING

Trying to Find Out Who is Responsible for Delay and Errors in Bills.

WASHINGTON, July 1.—Public Printer Charles A. Stillings has directed an investigation of the public printing office to ascertain the cause of delay in returning the omnibus public building bill to the Senate and whether the public printing office could be held responsible for the return in the sundry civil bill of the item, originating \$300,000 for the purchase of Washington for executive buildings both houses had voted not to it.

Stillings said the foreman of the printing and bill offices at the printing office did his full duty. After interviews with Senators Hale and Culver, Mr. Stillings said the pressure was so great on the printing office that it was impossible for the printing office to work faster than it did.

As to the errors in the sundry civil bill, Mr. Stillings said that his information was that the proofreaders put question marks on the proof containing this item and that when the proof came back for final printing these question marks had been crossed out, which meant to the printers that the item was to be printed in the bill.

TANNERSVILLE, N. Y., July 1.—That the Zionist movement buoys up the Jewish people and saves them from the hopeless despair that could otherwise result from the frequency of massacres was the declaration made by Dr. Harry Friedenwald of Baltimore in his presidential message delivered to the ninth convention of the American Federation of Zionists here today.

"In these troublous times," he said, "the great movement in which we have thrown our energies and our hearts gives us courage, hope and faith, courage to fight for our people, our traditions and our possessions; hope in the power of our people to survive and faith in Israel's future."

Among other recommendations contained in the message was one that every Jew should give his fullest support to the work of regenerating the Jewish population of Palestine by finding for them suitable land for farming, providing as well as the scheme for acquiring lands for introducing industries and improving agriculture.

The convention adopted with practical unanimity the following declaration:

The convention emphasizes the fact that Zionism is a political movement. The convention expresses its confidence in the ability of the present "actions committee" to watch and take advantage of political movements favorable to the Zionist movement.

EDWARD ROSEWATER Guest of Honor at Enthusiastic Reception.

SPKERS TELL OF HIS ACHIEVEMENTS

TANNERSVILLE, N. Y., July 1.—Edward Rosewater, guest of honor at the enthusiastic reception.
