Burlington Allows Lincoln to Pump Out of Its Wells.

CAPACITY HARDLY EQUAL TO THE NEEDS

On This Account Mayor Has Prohibited Use of Fireworks on Account of the Danger from Fires.

(From a Staff Correspondent.) LINCOLN, July 3.-(Special.)-Superintendent Bignell of the Burlington came to the selles of Lincoln last night and permitted the water commissioner to turn into the water mains of the city any amount needed from the Burlington wells until the city gets its water system in commission again. Then Mr. Bignell loaned the city a pump and it was lowered into the Mockett well and started. Just how long it will take to put the city water plant in repair is not known. Crops Looking Well. State Senator Mockett returned this morning from a trip into Custer county and reports crops looking better in that section of the state than ever before. The people in Custer were getting scared about the scarcity of rain, said Mr. Mockett, but Sunday night a good rain fell, and the indications are the crops will be bountiful. Wheat never looked better, Mr. Mockett said.

Representative Crutchfield of Kearney county was here today on business and reported crops out in his section of the state looking good. Very little politics is being discussed, said Mr. Crutchfield. Whether he will be a candidate for a second term, Mr. Crutchfield has not fully decided, although it is very probable that he will be.

A member of the club-proposed the endorsement of Crounse for senator and Steele for governor. The resolution went through without a fight, the Brown-Sheldon men not being sufficiently numerous to make trouble.

SPENCER WOMAN FATALLY BURNED

Pours Oil from a Large Can Onto the Fire. SPENCER. Neb., July 8 .- (Special Tele-

gram.)-Mrs. Calhoun was burned to death here at 6 o'clock this morning. She tried to start the kitchen fire, and after two or three unsuccessful attempts she poured kerosene in the stove out of a gallon can, which caused an explosion, bursting both ends out of the can and scattering the oil on her and all about the room, which immediately became a mass of fiames. She fell to the floor and the fire and heat was so intense that help could not reach her until the fire was partially extinguished by the firemen. Her son, Guy C. Calhoun, and his wife and two children were in an adloining room, just getting up, when they

It was but a few minutes until the fire was under control, so she could be rescued, but every particle of clothing was burned from her body, and her face and neck were surned terribly and her hair was burned from her head. Even her shoes were nearly burned off. She lived for four hours and died at 10 o'clock. She remained conscious to the last and said good-bye to those near her a moment before expiring. The house was not damaged much, as the water works were near at hand and the fire was soon extinguished.

BEATRICE GETS PACKING PLANT

Money Necessary to Secure Enterprise Readily Raised. BEATRICE, Neb., July 3.—(Special Telegram.)-The necessary bonds for the establishment of a packing house in Beatrice were practically secured today and this industry for Nebraska's third city is now an assured fact. The proposed plant is to cost \$250,000 and will employ several hundred skilled workmen. The capacity of the plant will be 200-cattle and 1,000 hogs dally. The bonds were raised with but little effort on the part of the Commercial club, as those who purchased the bonds realize that Beatrice is located in a fine agricultural country with splendid railroad facilities and resources that will amply support an institution of this kind. Kansas City parties are behind the enterprise and the proposition calls for the completion of the plant in eight months.
