

IRON HAND ON ARMY

Grand Duke Nicholas Ordered to Suppress Disorders in Russian Army.

GENERAL OZEROFF DISMISSED IN DISGRACE

Attempts to Purge Army of Disloyalty Probably Comes Too Late.

AGRARIAN DISORDERS ARE SPREADING

Rioting is Reported in Provinces of Renssa, Kamneta, Podolok and Karsk.

TWO REGIMENTS AT SAMARA MUTINY

Garshon Makes Political and Service Demands and Insists that They Be Complied With.

ST. PETERSBURG, July 5.—Emperor Nicholas has taken the almost unprecedented step of publicly directing Grand Duke Nicholas, commander of the forces in the military district of St. Petersburg, to investigate and stop the "disorders" among the troops. Accompanying these instructions were orders relieving Prince Vassilchikov, commander of the guard corps from duty and dismissing in disgrace General Ozeroff.

General Gaden, commander of the Preobrazhensky regiment, the first battalion of which was recently disgraced for expressing sympathy with Parliament and protesting against police duty, was also dismissed. Gaden is said to be a descendant of an American named Gordon, the name having been Russified in the course of time.

All attempts to purge the army of the spirit of disloyalty, now that it has invaded the pampered regiments of the guards, will, however, probably prove futile. No isolation of the troops will any longer suffice to prevent the spread of the contagion. While the majority of the troops probably still faithful, the undermining of the military supports of the government is proceeding very rapidly. The revolutionists are rejoicing at the success of what they regard as being the final phase of the work of preparing for the coming revolution.

Mutiny in Samara.

Dispatches received here today from Samara state that two regiments garrisoning that important provincial capital have mutinied and presented a series of political and service demands. The officers profess to satisfy the demands, but the mutineers would return to duty, but the men replied that they would be satisfied only with compliance with all of their demands.

The mutineers command the situation but are not indulging in excess. The situation is complicated by the fact that in Samara the revolutionists are pushing a movement to proclaim a republic in case a general strike is declared and may seize the present opportunity to further their aims.

The ferment among the soldiers and sailors at Odessa and Sebastopol continues.

No hinting of the reported rioting and pillaging at Vladivostok has reached the Russian public, but the military authorities who control the telegraph would be able to withhold for days any news of such conditions.

Agrarian Disorders Extend.

A further extension of the agrarian disorders, accompanied by the burning of a manor house, is reported today from the provinces of Pensa, Kamneta-Podolok and Karsk. The somatic province of Tula is bankrupt, owing to the refusal of the peasants to pay their taxes.

The members of the group of toll in Parliament are secretly elaborating a plan to present a resolution in the first session which they propose that the lower house adopt a resolution declaring the country is not bound to pay its obligations to the government so long as the emperor refuses to yield to the demands of Parliament. If the constitutional democrats decline to join them in the program of repudiation the group of toll propose to issue a manifesto to the country. Their purpose plainly is to compel the government to dissolve Parliament and thus force a rupture.

The issues of five newspapers of this city were confiscated last night. Over 300 papers in the interior were seized during the last fortnight.

Mayor of Bialystok Deceased.

BIALYSTOK, Russia, July 5.—General Bogalevski, the temporary governor general of Bialystok, which is still under martial law, has dismissed the mayor because he refused to accept a petition from the inhabitants asking for the convocation of an extraordinary session of the town council to deny the accuracy of the report of General Bader, the former governor general, on the recent massacre of Jews here.

Twelve policemen have been indicted for participation in the rioting.

Strike at Tiflis.

TIFLIS, Caucasus, July 5.—A general strike has been declared by the proletarian organizations of this city in sympathy with the demand for the pardon of the twenty-seven soldiers who have been sentenced to death for their part in the rioting in the populace during the disturbance here last March. The troops are greatly excited and if the condemned men are executed a revolt of the garrison is feared.

LIBERALS CONTROL THE COUNCIL

Votes in Upper House Shows Defeat of Public Sentiment.

ST. PETERSBURG, July 5.—The council of the assembly today discussing rules of order. The liberal strength of the reactionary and liberal wings was shown on the vote to deprive members of the right to present popular petitions, which proposition was rejected after a warm debate.

The treatment of the bill for the abrogation of the death penalty was the subject of general discussion in the lobby of the council. The general impression is that the bill will require some modifications, the exact nature of which will be discussed at a session of the constitutional democratic members tomorrow. There is much sentiment in favor of the substitution of a measure restricting the practically unlimited right of governor generals to order officers to be tried by military courts, allowing this to be done only in time of actual armed uprisings. This would tend to effect the same object, as the civil code provides the death penalty only in cases of attempts on the life of the emperor or violation of quarantine regulations.

Former governor-general and all the members of the cabinet today the members were present at today's sitting of the council. The tone of their remarks tended to confirm the Reich's surmise that the fall of the ministry has been postponed on account of the death of the emperor.

FRISCO SALOONS REOPEN

Lid Lifted for the First Time Since the Earthquake

April 18.

SAN FRANCISCO, Cal., July 5.—For the first time since April 18 the saloons were permitted to reopen today. Licenses have been granted to about 600 drinking places and all are doing business. To a large number of persons the resumption of business at the saloons appeared to be quite a novelty and many were on hand when the bar room doors swung open. Nearly all the resorts were crowded, but up to noon no serious trouble had been reported.

Extra policemen were detailed for duty in all the blocks containing saloons. It is planned to place all men arrested for intoxication at work cleaning away debris from sidewalks and streets.

The relief committee adopted its budget for July and will submit it to the finance committee for review. The estimated expenditures for the month total in round numbers \$25,000. This expense will be for administrative work and will not include the money to be used for the purchase of food and clothing. The budget is below the figures suggested a week ago.

Approximately 30,000 women and children are now drawing upon the relief stores for either food or clothing, the great majority of them for all their living necessities.

Dr. Devine stated today that a large consignment of relief supplies had arrived from Chicago and would be distributed as fast as possible.

NEW STAR IN FLAG NEXT YEAR

Oklahoma Will Not Be Officially Recognized as State Until After Admission.

WASHINGTON, July 5.—After consultation between Quartermaster General Humphreys and Admiral Cowles, chief of the equipment bureau of the Navy department, the two officers who are charged with the making and issuing of the national flag to the army and navy, respectively, it has been decided that the admission into the union of states of Oklahoma shall be recorded by the addition of a star in the blue field of the flag placed at the lower right-hand corner.

As several relief rumors had been done before the new state is actually admitted and as the law provides that the additional star shall only be set in the field at the beginning of the next fiscal year after the state is one in fact, the Oklahoma star will not be seen on the national ensign until July 1, 1907, and therefore the salutes which have been given are premature.

SAILOR OF SYLPH IS STABBED

Member of President's Yacht Crew Has Trouble with Italians Who Fight.

OSTYER BAY, I. I., July 5.—An unidentified member of the yacht Sylph was stabbed late last night by an Italian who had been annoyed by several of the Sylph's men.

The sailors from the Sylph, who were standing close to the executive officers last night, threw several bottles of freon crackers among a party of Italians who were passing. An hour later the Italians returned and one of them stabbed the sailor in the left side several inches below the heart. Another Italian shot at the sailor, but missed. The wound was dressed and the sailor was taken on board the Sylph.

Mrs. Nation is now lecturing in Texas and federal officers have been notified to place her under arrest.

A recent issue of "The Hatchet" contained a lecture to young men and boys in which Mrs. Nation used very plain language.

CRISIS IN EGYPTIAN AFFAIRS

Earl Grey Says Attacks on British Officers Were Prompted by Fanatical Spirit.

STRENGTHENING OF GARRISON NECESSARY

Unless Lord Cromer is Energetically Supported Situation May Develop that Will Require Stern Measures.

LONDON, July 5.—Parliament and the country were given a surprise tonight by a sensational speech by Sir Edward Grey, Egyptian. An interesting debate on Egyptian affairs had been anticipated when the House of Commons took up the foreign estimates, but on account of Russia and the Congo rather than Egypt. Other subjects, however, were temporarily shelved. It might lead to a situation requiring the adoption of stern measures.

Speaking in a solemn tone and amid a tense silence, the minister declared that the recent attacks on British officers at Tantah were not accidental, but deliberate manifestations of the fanatical spirit which had necessitated the strengthening of the garrison in Egypt, and declared that unless the authority of Lord Cromer and the Egyptian government is strongly upheld, it might lead to a situation requiring the adoption of stern measures.

Debate on Foreign Estimates.

In the course of the consideration of the foreign estimates by the House of Commons today several members offered criticisms, especially urging that a fleet be not sent to Constantinople.

John Dillon, nationalist, strongly denounced what he termed the brutal barbarism of floggings and executions in Egypt, accusing Sir Edward Grey, the foreign secretary, of a desire to cloak the fact.

Sir Edward, in a general reply, stated that all foreign relations were friendly. With regard to the Egyptian affairs, he accepted full responsibility and pointed out that the danger might accrue, when dealing with eastern peoples, through discussions of this kind.

Earl Grey's Momentous Statement.

The secretary proceeded to refer to the local growth of fanatical feeling in Egypt and throughout North Africa recently, which might necessitate even further measures to protect Europeans in Egypt; and, speaking in a solemn manner, said:

"As things are now, I say deliberately and with a full sense of responsibility, that if Parliament does nothing at this moment, you will come face to face with a very serious situation, for should fanaticism get the better of constituted authority there might arise the necessity for extreme measures."

Dealing with the Congo question, the foreign secretary said he detested the proposed reforms, because the system was wrong. He disliked trading companies and believed the root of the whole mischief was in the system under which the state itself was a trading company and monopolized companies held administrative power.

If others would join Great Britain in insisting on reforms, the government would welcome them. If the Congo state talked of its rights, Sir Edward said, Great Britain also had rights. The question of the reservation of enormous armies for private property must be settled, and if any dispute arose there was The Hague tribunal.

He believed it would be beneficial to resume British consular jurisdiction, but it would be discouraging Belgium from taking over the Congo government and, therefore, he thought, the government should wait; but they could not wait.

With regard to the proposed visit of a British fleet to Constantinople, the foreign secretary said he felt assured that the central government of Russia was neither aware of nor had connived at the recent unfortunate occurrence. No interference from the outside world should be shown, but rather the reactionaries or revolutionaries.

As a British fleet was in the Baltic last year and had not visited Russian ports, it would be remarkable if a fleet should not do so this year. He hoped the usual civilities would be observed. The fleet would go entirely without reference to Russian internal affairs. It would be impossible to make a change now without giving rise to the suspicion that Great Britain was taking sides. The visit would be in a friendly spirit, to pay compliments to Emperor Nicholas and the Russian nation.

Sir Edward said he could not imagine the Russian Parliament interpreting the visit as taking sides.

TANNERSVILLE, N. Y., July 5.—The Zionist convention, which has closed its sessions here, elected the following officers:

Magnes of New York, secretary; Henry Jackson of Pittsburg, treasurer; Louis Lipson of New York, chairman of the publication committee; A. H. Freeman of New York, chairman of the committee on organization and propaganda; Benjamin Pinberg of Philadelphia, chairman of the trust committee.

Among the newly elected members of the executive committee are Prof. Solomon Ichester of the Jewish theological school, Ichester, New York; Prof. Max Schlossinger of the Hebrew Union college, Cincinnati; and N. Taylor Phillips of New York.

SUIT AGAINST OIL COMBINE

Findlay, Ohio, Prosecutor Files Complaint Charging Conspiracy to Violate Anti-Trust Law.

FINDLAY, O., July 5.—Prosecutor David of Hancock county filed information here in the probate court against the Standard Oil company and John D. Rockefeller, charging the latter with conspiring to combine individual partnerships, corporations into the Standard Oil company, the purpose being to monopolize the production, sale and transportation of crude petroleum and its by-products.

This it is alleged, was a conspiracy against trade and a violation of the anti-trust law.

The Standard's attorneys filed a motion to the effect that the probate court had no jurisdiction.

Judge Banker overruled the motion, and decided that the court had jurisdiction.

Every attempt was made by the attorneys for the defense to have the decision reversed for a month, but Judge Banker was firm.

CASINO CASES ARE CONTINUED

Thomas Taggart Issues Statement Regarding Conditions at the Indiana Summer Resort.

PAOLI, Ind., July 5.—Judge Thomas Buehler today granted a continuance of the French Lick and West Baden hotel cases until July 13, on the request of the hotel companies which was accorded to by Attorney General Miller on the promise that in the meantime no gambling would be allowed at either place. The hotel companies were represented by Attorney Green Smith, formerly attorney general of Indiana, and other lawyers from Indianapolis, Paoli and Salem. Fifty additional affidavits were filed by the state today against the eleven defendants of the casinos arrested when the raids were made. The total number of affidavits against them is now seventy-two.

John W. Kern of Paoli, for the hotel companies during the argument today called attention to the damage that had been done the two properties, valued at \$2,000,000, on account of the publication of the raids, and insisted that the hotel companies had no control of the casinos whatsoever; that the casinos had been leased to these persons for a term of years and after the leases had been signed the hotel companies had brought suit to cancel these leases upon finding that gambling was being allowed in the casinos, and that these suits are now pending in the Orange county courts. Attorney General Miller said these suits brought to cancel the leases were jokes.

The carloads of gambling paraphernalia seized at French Lick and West Baden Tuesday were brought here this afternoon. A curious crowd watched the opening of the machines, which were found to contain only \$273.43 in all. The officials were greatly surprised, as it was confidently expected that the devices would contain a large sum.

The money was placed in bank to await the order of the court.

FRENCH LICK SPRINGS, Ind., July 5.—Thomas Taggart, chairman of the democratic national committee, today gave the principal speakers at the New York State Assets Currency to be second choice.

In Address Before Bankers Convention Speaker Says that Some Change in System Should Be Made.

BLUFF POINT, N. Y., July 5.—Frank A. Vanderlip, vice president of the National City Bank of New York, was one of the principal speakers at the New York State Bankers' association today. His topic was "The Currency." Mr. Vanderlip said that the currency problem in this country is far from settled and he declared it to be the duty of the association to take the lead in a movement for the betterment of conditions. Mr. Vanderlip's address, in part, follows:

"To my mind we are in a lethargy of success. We hear paean of prosperity everywhere on every side. Unexampled totals mark the measure of every phase of industrial and commercial life. We have enlarged in extent the amount of capital on a scale so vast that it makes the financial operations of other days seem petty by comparison. Labor, however, is not so fully or so profitably employed. Business was never so good, so some of us say, there surely can be nothing wrong with a situation that gives such evidence of health and growth. If financial disaster should come, some of us have failed to enact proper legislation. The bankers of New York more directly than against any other group of bankers in the world, want to urge the importance of providing a scientific bank note currency. The Wool Growers' association has had a detective at work here for several weeks and offered a liberal reward for the capture of the miscreants. Brown is said to be only one of a gang of thieves who are active in surveillance and more arrests are anticipated. The association is determined to break up the practice of wool stealing and will vigorously prosecute those apprehended."
