BEE BUILDING IS SCRUBBED Big Structure Undergoes Thorough Cleaning of Outside Surface.

The cleaning of the granite walls of The Bee building by scrubbing is attracting a great deal of attention. The practice has flourished to some extent in the east, but the removing of smoke, dirt and weather stains from large mercantile buildings in the middle west is an innovation. The work on The Bee building is being done by men in the charge of H. J. Waterbury of Minneapolis, who owns a special preparation to facilitate the task and who makes a specialty of this sort of business. Mr. Waterbury is greatly pleased with the result of the first day's work on the

granite, which he says has the best ap-

pearance of any stone of the kind he has

ever seen used in any building. After sev-

enteen years' exposure to the elements the

heavy granite surfaces had become many shades darker than their original color. The scrubbing restores the original tono "The Bee building is one of the best allaround structures of the kind I have ever seen and the granite, which came from

northern Wisconsin, is admirable," says Mr. Waterbury. The work on the Bee building was started on the corner nearest the city hall and the contrast against the sooty facades GARVIN BROS., 1604 Farnam, 5 and 51/2 of the hell is striking. It has set Mayor per cent loans on real estate; no delay. Dahlman and some councilmen to thinking that it might be well to have a similar job done on the municipal structure. The atter is not as old as the Bee building, out is in by no means as good condition. The walls, which are entirely of stone on the Farnam, and Eighteenth street sides, and possess no small architectural beauty of line and adornment, have never been touched by a cleaning brush. It is estimated that cleaning the two walls of the city hall would cost about \$2,000. Mayor Dahlman is seriously considering whether the expense would not be justified. Many interior repairs are needed, also, but low funds may prevent anything being done Building Inspector Withnell to make a re-

repairing of the city hall would cost. HOME FOR THE DELEGATES Visitors Who Attend the Baptist Convention.

port of what a thorough overhauling and

After long and strong endeavor the local committee in charge of arrangements for is yet unable to announce that all the expected delegates have been provided for, and an appeal is to be made from the pulpits next Sunday for people who have not yet offered their hospitality to open their doors to the visitors. Places for nearly 1,000 are yet required. With the pulpit appeal Sunday and some active work early in the week, it is thought temporary homes can be found for all.

Dr. Bobert W. Foster, interne at the Omaha hospital, has been selected as physician-in-chief of the hospital which will be established at the Auditorium. He will elect a corps of assistants and nurses. Carpenters are busy erecting the elevated platform on the stage for the chorus, the last rehearsal of which will be held at the Auditorium Wednesday evening at 8 o'clock under the direction of Prof. Towner. More singers are needed, and all who can present themselves at the last rehearsal will be welcomed. The song books used will be the same as those which are to be used in the Torrey-Alexander meetings in Omaha this fall, and were compiled by Prof. Towner and Mr. Alexander. Their use next week is calculated to so familiarize the people of Omaha with their contents that the songs can be readily sung on the

first day of the Torrey-Alexander meetings. SEARCH FOR SOURCE OF SHOT Investigation is Being Made by Police for Discharged Bullet that

The police are making a thorough in vestigation for the source of the bullet which went through the barn and part of the house of Andrew Anderson, 1224 North Twenty-sixth street, Wednesday afternoon. Emergency Officer Sandstrom has been working on the case. He secured some interesting facts concerning the flight of the missile. The builet spent itself in the lining of an overcoat in the wardrobe of the Anderson house, after having passed through two walls of the barn and two walls of the house. The bullet went through the back of a rocking chair which, fortunately was not occupied at the time. Policeman Sandstrom found the bullet in an overcoat and located the shell outside the home of a neighbor of Anderson. The Bt. Louis Express a 6:30 pm a 5:40 am the home of a neighbor of Anderson. The weapon used was of the Krag-Jorgenson type and very powerful. Members of the Council Bluffs. 6:30 pm bil:30 am Anderson household feel they were lucky that no one was struck by the missile. It is believed that arrests will follow Sandstrom's investigation.
