COUNCIL BLUFFS

CONFERENCE OVER LIGHTS | Lloyd, G. Cleveland Kelley, Carrie Dwin-

Extension of the Gas Mains Still the Question Which Holds Up Contract.

NO CONCLUSION REACHED BY COMMITTEE

Light Towers Also Discussed at the Meeting, but Discussion is, as Far as It Went, Toward a Settlement.

Sitting as a committee of the whole the city council last night took up and discussed the proposed lighting contract with the Citizens' Gas and Electric company, but nothing was arrived at.

Another conference between the committoe on fire and light and the officers of the lighting company will be held, the result of which the committee is expected to report at the adjourned meeting of the city council next Monday night.

A considerable portion of last night's position was devoted to the discussion of the extensions of the company's gas mains in certain parts of the city. Councilman Hendrix said his constituents in the Sixth ward of September, or in any case not until demanded that the mains be extended on after the democratic state convention in Avenue B from Thirtieth to Thirty-fourth Waterloo. street. Councilman Wallace demanded that they be extended to Babbitt Place, at the and of East, Broadway, while Councilman Knudsen inslated that they be extended throughout the Fourth and Fifth wards. As a result of the discussion of this phase of the question the committee on fire and light was instructed to confer with the lighting company as to these proposed ex- per can, loc; 1-lb, can Dr. Price's baking tensions and report back at the meeting of the city council next Monday night.

Councilman Wallace's suggestion a clause is to be inserted in the lighting contract requiring the company to extend its mains when so directed by the council and when a "reasonable" number of patrons are secured on such extensions. The question of abandoning the electric

ight towers and replacing several of the are fights with thirty-two candle power incandescent lamps was discussed, but nothing decided upon.

in His Labors. William Kiersted, the hydraulic engineer of Kansas City, engaged by the city to compute the value of the waterworks plant and to furnish an estimate of the coat of the construction of a new one, arrived in the city yesterday. Mr. Kiersted is ready to begin work at once. In speaking of his plans Mr. Kiersted stated that his first work would be along the line of preliminary investigations and taking an inventory of the plant and property of the waterworks company. How long this would take Mr. Kiersted said he was unable to say. In this work of making an inventory Mr. Klersted will be assisted by an engineer to be employed by the waterworks company, Manager Hart of the waterworks company has offered to extend all the assistance in his power to Mr. Kiersted and all maps and other records of the company will be placed

For the last few years the German so clety, the Sons of Herman, have observed October 6 as the anniversary of the settlement of Germantown, near Philadelphia. Two years ago the celebration was held in Council Bluffs and last year in Mansing. This year it was to have been held ofther at Minden or Avoca, but neither of these towns considered themselves able to handle the crowd and it finally devolved on Council Buffs to entertain it.

The date for holding the celebration was not determined last night, but probably will be at an adjourned meeting to next Tuesday night in the rooms of the Commercial club.

In compliance with instructions from the War department. First Lieutenant E. Alexis Jounet, Signal corps, and the detachment of Company B. Signal corps, now on temporary duty at Fort Leavenworth, will, as soon as the exercises are finished at that post, return to Fort Omaha.

The formal orders relative to the approaching camps of instruction and concentration at Forts Riley and Russell have not yet been received from headquartery of the Northern Military division, though the orders are expected daily. In the meanwhile every preparation is being made at headquarters of the Department of the Missouri for the camps. Their operation and establishment will be directed from Omaha and the entire commands at both encampments will be provisioned through the office of the chief commissary of this department, and the transportation and camp and garrison equipage, as well as quartermagter's supplies, will be furnished through the office of the chief quartermaster of this department.
