CHICKENS GROW IN VALUE

Fifty-Eight Counties Returned Show Over a Million Dollars' Worth.

HOOKER COUNTY DESTITUTE OF HENS

Governor Micky Looking Into the Expenditures of Dr. Aldin of the Norfolk Asylum—Itemized Bills Lack.

(From a Staff Correspondent.)
 LINCOLN, July 6.—(Special.)—In fifty-eight counties in Nebraska chickens have been returned to the State Board of Assessment at a total valuation of \$1,060,840, against a total valuation in all the ninety counties last year of \$1,060,840. A comparison of the returns this year with the report of last year in those counties already reported indicates a material increase in the valuation of this very important though much overlooked Nebraska crop.
 Hooker county hasn't a chicken or any fowl of that description within its borders according to the assessor's report, and it contains no mention of Methodist preachers having been there lately, either. In McPherson county there are just \$22 worth of chickens. Last year at this time the chickens in this county were valued at \$79. Logan county has only \$337 worth of chickens, while Loup has \$29 worth. These figures are as assessed values, being one-fifth of the actual value. Just how many chickens were under the house or behind the hedge when the assessors called, of course never will be known, but it is asserted by eminent statisticians there were a plenty.

Inasmuch as chickens were not returned to the assessors prior to the enactment of the new revenue law, chickens have cut quite a figure in the increased valuation of the state under that law. Chickens in the fifty-eight counties reporting are of equal value with the sheep crop of last year, the value being valued at \$1,060,840, there being less than \$30 difference. The total hog crop last year amounted to \$2,890,935, which, taken with the eggs sold, probably makes the chicken much more valuable than the hog. The following table shows the assessed value of chickens in the counties already reported:

County	Ass'd val.	Hamilton	Ass'd val.
Adams	4,770	Hamilton	2,580
Antelope	4,287	Hitchcock	2,277
Barton	264	Howard	2,910
Boyd	3,229	Hooker	nothing
Bozeman	1,239	Johnson	6,332
Brown	1,239	Johnson	6,332
Burt	5,245	Kearney	2,824
Dawes	2,988	Madison	827
De Witt	1,296	Loup	691
Chase	1,296	McPherson	22
Cheyenne	1,234	Perkins	323
Clay	6,700	Merrick	2,449
Coffey	2,906	Nemaha	2,788
Custer	6,128	Platte	7,214
Dakota	1,753	Richardson	1,535
Dawson	4,253	Red Willow	2,375
Dix	5,412	Saline	1,118
Dodge	5,308	Stanton	2,236
Dundy	1,378	Thayer	1,210
Frontier	3,532	Thayer	1,210
Furnas	4,306	Valley	5,281
Gardner	3,478	York	1,576
Gosper	2,527	Wheat	6,699
Greely	2,399	Wheeler	6,728
Harrison	3,458	York	1,576
Hayes	1,576		

Reports of assessors received by the secretary of the State Board of Assessment to date, show an increase in the total assessment of sixty-one counties over the assessment in the same counties last year of \$4,68,000. The increase is larger in Dawson county, where property was assessed \$79,091 higher than a year ago, and Custer county comes next with an increase of \$28,282. The twenty-nine counties yet to be heard from will materially increase these returns, bringing the total assessment up to a figure in excess of \$60 million last year by over \$7,000,000 or an actual increase of over \$5,000,000. Some of the large counties are yet out. Douglas, Lancaster and Gage being included in the missing counties. The first and second named will be increased, it is presumed, over \$1,000,000 each, while Gage county will be increased about \$200,000.

Jessen to Hear Cohn Case.
 Gov. Micky, who was to be tried before Governor Micky on a charge of a misuse of his position as a notary public, will be tried before Judge Jessen at Nebraska City instead. The attorneys in the case have discovered the statutes provide the case must be heard in the county in which the crime is alleged to have been committed. Judge Jessen has been appointed.
 Insurance License Held Up.
 No license has yet been issued by the insurance department to the Western Life and Indemnity, company of Chicago to do business in Nebraska. Special attention was given to the company, having recommended the license to be held in abeyance for the present. The company is now undergoing a change from the assessment to the legal reserve plan of insurance. Mr. Wiggins criticized several parts of the report of the examination made by the Illinois officials which reported on the company. This same company some time ago attempted to consolidate with a Nebraska company, but was prevented by the courts at the instance of some citizens of Lincoln.
 Frothing Alden's Accounts.
 Governor Micky has received from Steward Alex Peters of the Norfolk asylum a number of vouchers and receipts showing money drawn from the cash fund of the institution to pay his expenses in going to various towns, presumably in the interest of the institution, though there are no records showing what the money was spent for and no itemized statements were filed with the steward. The receipts signed by Dr. Alden amount to something over \$100 and most of them merely read "expenses to Lincoln."

without filing receipts showing its expenditures and a member of the board proposed to investigate this, but no action was taken.

Since the governor's position has been endorsed by Treasurer Mortensen a number of other parties have called upon him and endorsed what Mr. Mortensen said.

Roof Collapses With Workmen.
 A section of the Lincoln Traction company power house collapsed this afternoon at 4 o'clock when six men were at work on it and they were precipitated to the basement, a distance of about twenty feet. With the exception of Adelbert Lane, none of the men was seriously injured. The men were carrying a heavy piece of timber across the roof when the supports gave way and roof and men went down together.

Ludden Secretary of Normal Board.
 The state normal board at its meeting tonight elected Rev. L. P. Ludden secretary, and Mr. Ludden accepted the honor. Chairman Majors presided and the board sent a message of congratulations to Superintendent Crabtree of Peru, Neb., who is the father of a new boy. Only routine business was transacted.

Accidentally Shot and Killed.
 HAY SPRINGS, Neb., July 6.—(Special.)—Walter Davis, a young man of 30, son of W. J. Davis, a ranchman living south of here on Pine creek, accidentally shot and killed himself the night of the Fourth. Young Davis, with a companion, went to their room in the hotel to retire for the night and while undressing a six-caliber six-shooter that young Davis was carrying in his pocket fell on the floor, causing the same to discharge. The ball passed into his thigh and into the abdomen. Death resulted six hours afterward.

New Industry at Falls City.
 FALLS CITY, Neb., July 6.—(Special.)—The firm of Lee & Co. of St. Louis, which has been negotiating with the citizens of Falls City for some time in regard to locating a vinegar factory here, has finally completed its arrangements and as soon as a site can be selected it will begin the erection of the buildings, and the factory will be in operation by fall.

First of Wheat Crop.
 BEATRICE, Neb., July 6.—(Special Telegram.)—The first of this year's wheat crop was marketed here today. The price paid was 45 cents. The grain is of an excellent quality and tested sixty-one pounds to the bushel and yielded thirty-two bushels to the acre.

DOCTORS FOR MEN

THE RELIABLE SPECIALISTS DO YOU LACK VITALITY AND ENERGY?

Some men are classed as lazy, shiftless, unreliable, careless; they lack ambition, energy and courage and are disheartened, who really can't help being tired, worn-out and a miserable failure. Many of these men are in failing health, unable to determine the nature of their ailments, and their condition baffles their physician, too. They never know the happiness of being indured with the vim, vigor and energy possessed by healthy men and which is so essential to achieve a marked success in life. The sufferer may eat well, sleep well and possibly never complain, but an unaccountable languor clings to him which he cannot shake off, robbing him of all ambition for business or pleasure.
 Sexual Debility will account for this condition in a large majority of cases. Men who find that the condition we have described corresponds with the condition of their own health should consult the eminent specialists of the State Medical Institute without unnecessary delay. Come to our office and we will make a thorough, searching and scientific examination of your ailments, an examination that will disclose your true physical condition, without a knowledge of which you are groping in the dark and without a thorough understanding of which no physician or specialist should treat you. Don't allow disease or weakness to take away all the pleasure of living. Life is beautiful when you possess perfect health. You should not become discouraged and lose your grip on life because inferior or unreliable treatment has failed to benefit you. Our special treatment for this class of troubles, which is varied and modified to meet the requirements of each individual case, is a safe cure, to which hundreds of cured men owe their sturdy health and happy condition of life.
 We cure safely and thoroughly:

Stricture, Varicocele, Emissions, Nervo-Sexual Debility, Impotency, Blood Poison (Syphilis), Rectal, Kidney and Urinary Diseases, and all diseases or weaknesses of men due to excesses, self-abuse or the result of specific or private diseases.

ENGINEER DIES WITH ENGINE

Great Northern Man Falls to See Signal and Train Goes into Ditch.
 FREMONT, Neb., July 6.—(Special Telegram.)—Elmer E. Cole, an engineer on the Great Northern, was killed at the Northwestern crossing five miles north of this city about 5 o'clock this morning. When his train, which was a special construction train of flat cars loaded with cinders, bound north, approached the crossing the semaphore was set for the Northwestern. Cole did not stop and his train went on to the derailing switch at a speed of from fifteen to twenty miles an hour. It was too late to stop and the engine went off the track. The fireman jumped from his side of the cab and escaped by slight bruises. Cole jumped from the right side and he had no sooner struck the ground than the locomotive rolled over on top of him into the ditch. A wrecking crew went up from Fremont and the body of the dead engineer was brought to Bader Bros.' undertaking rooms. The signal man in the semaphore tower says that the track was set for the Northwestern, and that Cole must have run past the signal without looking until it was too late. There is no curve at this point, or anything to obstruct a view of the semaphore, the tracks being out on the open prairie. The accident occurred about 1,000 feet from the tower and did not obstruct the Northwestern tracks. Cole was 35 years of age and single.

PATROL WRECK AT MARSLAND

Two Killed and a Number Injured Through Mistaken Orders.
 MARSLAND, Neb., July 6.—(Special.)—Harry Gregg and John Ritchie were instantly killed in a wreck at this place between trains on the Burlington road. Thomas Campbell of Alliance, brakeman, and C. Miles McCracken of the same place, conductor, were seriously injured. Others were slightly injured and one man is missing. A mistake in orders is said to have caused the accident.
 Carl Cosendal died this afternoon at St. Mary's hospital, making the death list four.

Suicide at Shelley.

SHELLEY, Neb., July 6.—(Special.)—Louis Goetz, aged 36, killed himself yesterday afternoon with a 32 revolver by discharging it in his mouth. Shortly prior to this he had shot a couple of times in the barn and then went to the house and balanced his carpenter book and returned to the barn. The coroner 'phoned that an inquest would be unnecessary. Goetz is a member of the Ancient Order of United Workmen and Modern Woodmen lodges.

Caught Ransacking House.

BEATRICE, Neb., July 6.—(Special Telegram.)—H. L. Wick, a farmer living five miles west of town, this morning caught about 1,000 feet from the tower and did not obstruct the Northwestern tracks. Cole was 35 years of age and single.

He was arraigned this afternoon before Judge Spafford, and as he was unable to speak English it was found necessary to secure the services of an interpreter.

Dalejnos pleaded not guilty and his preliminary hearing was set for next Tuesday. In default of \$500 bond he was remanded to jail.

STRANGER ASSAULTS RULO WOMAN

Mr. Thomas Hayes Finds His Wife Bound and Gagged.
 RULO, Neb., July 6.—(Special.)—About 1:30 on the evening of July 4 an unidentified masked man entered the room of Mrs. Thomas Hayes. Mrs. Hayes sat with her back toward the door and paid no attention, thinking it was one of her own household.

The wretch, calling Mrs. Hayes by name, said that he would cut her throat if he had a butcher knife. Mrs. Hayes was about to scream for help and he said that he would kill her sure if she said a word. He then gagged her and tied her hands behind her back with her own handkerchief. During the struggle he kicked her violently in the ribs, this being the last she remembered until her husband came home.
 Upon coming home her husband found her lying on the floor with a towel over her face and her arms tied behind her back. The knot in the handkerchief was so firmly tied as to necessitate the use of a knife to release her arms. Not being a strong woman she is in a highly nervous condition and Dr. Shepherd has treated her since.

There is no clue as to the identity of the wretch only that Mrs. Hayes would know his voice. To make his identification impossible he had a large red handkerchief tied over his head beside the mask over his face.

FIRST DISTRICT CONVENTION CALL

Candidate for Congress to Be Named at Auburn, August 9.
 (From a Staff Correspondent.)
 LINCOLN, Neb., July 6.—(Special Telegram.)—The Republicans of the First district will hold a convention to nominate a candidate for congress at Auburn, August 9 at 8 p. m. The basis of representation will be one delegate at large and one delegate for every fifty votes cast for Pollard at the last election, making a convention of 15 delegates. This was decided at a meeting of the committee at the Laddell hotel tonight with practically no discussion of the primary. Pollard having, it is said, decided not to ask for the primary.

The delegates will be apportioned as follows: Cass, 20; Johnson, 14; Lancaster, 8; Nemaha, 14; Pawnee, 14; Otoe, 30; Richardson, 25.
 Under this apportionment the outside counties can nominate without the assistance of Lancaster and Cass, as it takes only eighty-seven votes to nominate. At the last convention, when Pollard was nominated, Lancaster and Cass named the candidate. Last year Lancaster had 77 votes in the convention.

Nebraska Runaway Arrested.

ST. LOUIS, July 6.—(Special Telegram.)—White Elliott, who ran away from the ranch of his uncle, Peter Ryan, near Indian man, Neb., to join a circus, has been arrested here.
