> Here and There. The crop and soil report of the Wyoming district of the Burlington road for the week ending July 7 shows the winter wheat on the Alliance division ready for harvest and the spring wheat looking well. Oats on this division have made favorable progress during the last week. Corn has been doing

nicely, although the weather was a little

cool. Potatoes are being marketed and the

Though Drawbacks Exist

crop is of good quality. Grasses and ranges are good. On the Sheridan division the wheat is beginning to head and prospects are good for a heavy yield. Oats have been growing fast, have good stand and prospects for a good yield. The potato crop is large and in fine condition. Meadows and pastures are in good condition, although they are beginning to cure. Light rainfall during the last week and the soil is still in good

Wheat is now being harvested on the east end of the Sterling division and seems to be well filled and of a good quality, but as a general thing is very light on the ground and will only make about 50 per cent of a crop. There is a larger acreage than last year and farmers expect better

averages per acre. Oats have been making good progress but need moisture on the east end of the division. From Curtis east the corn is doing nicely, considering the small amount of rain. From Curtis west it is a little backward because of cool weather. Potatoes are doing nicely and a good crop is expected. Both the first and second planting of beets are growing fine and with favorable weather will make much better crops than last year. Pasture is in good shape considering the small amount of rain. Both tame and wild grasses are making an

average showing. RECEIPTS AT FIELD CLUB

Thirty Thousand Dollars Through Hands of Treasurer in a Year.

Outsiders, and in fact many of the members of the Field club who have never had a place on the finance committee, have no idea of the amount of money which passes each year through the treasury of the club. Perhaps they would be astonished if told that the unnual receipts were about \$39,000, but such is the case. About \$14,000 is received each year in dues and fees, and the receipts of cafe and bowling alley are something fixe. \$15,000 annually. One of the big days. was the Saturday before the Fourth of July, when \$490 was taken in at the cars

and the bowling alleys. The club is not run as a money-making proposition, of course, and when expenses are paid there is but little of the \$30,000 left at the end of the season. The cafe is calculated to pay expenses and no more, and, owing to the large number of waiters employed and the good meals served, that is about all it does.
