SIOUX CITY, la., July 16.-Omaha made it three out of four, winning the last game of the series today by a score of 11 to 2. If possible, it was even a worse exhibition of base ball on the part of Slouz City than yesterday's. Williams, the new pitcher, was in the box for the first time and was very wild. One or two rank decisions and errors in the field also figured in the result. Pitcher Corns of Oreahn wrenched his right leg severely In sliding to third in the fifth inning and was relieved by McNeely. Score:

Pueblo Railles in Ninth.

PUEBLO, Colo., July 10.—In a hair-raising finish and in one of the fastest games on the diamond this season Pueblo took the final game of the series from Denver in the ninth inning. It was a pitchers buttle from the start, both twirlers keeping the hits well scattered and pitching steady ball at critical stages. However, after having had the Indians almost at their mercy, the locals fell on Paige in the ninth and with three singles and a two-bagger brought in the necessary runs with only one man down. The Grizziles, as usual, began doing things in the first inning. Meliale opened with a two-sacker and was advanced to third on Zalusky's out, and scored on Randall's single. Russell also singled, but this ended the scoring for this inning. Score:

Lowest Score on First Day's Play.

NEW YORK, July 10.—New Yorkers led the field in the first day's play in the national amateur gotf championship at the Englewood Golf club today. Dwight Partridge, a Yale player, entered from the Hedford club, had 75: Walter J. Travis, 77: C. H. Van Vleck, jr., of Monuclair, 38, and Jerome D. Travers of the Nassau club and Metropolitan champion, 80. Travers round was played through a terrific thunderstorm which spoiled absolutely the cards of all those caught in it.

Eben Byers of Pittsburg, the only player to have a three on the first hole, went out in 38, a 75 gas, but the storm caught him on the last few holes and he had to be content with 80. Chandler Egan of Chicago, the present champion, was the only prominent western player to start before the storm. Wild play on the iron shots, usually his best game, cost him two sevens and a six. Two threes and two twos alded him, however, and he was tied for sixth place at 81. D. F. Sawyer and G. F. Clingman of Chicago and Harold Weber of Toledo were high on account of the downpour. Some one has suggested that Ducky is getting a bit peevish. It's all right to demand fair umpfring, but it does not require a great stretch of the imagination to hark back to the days when every town on the circuit was splitting its throat in praises for Slats Davis' matchless work as an umpire, and facts will sustain the assertion that on the whole Slats has made an admirable umpire. Funny, the official scorer at Lincoin says of that game, which Des Moines won, "It was won on its merits," without any reference to bad decisions.

3848 Seward St., Omaha, Neb., Sept. 25,

Disc Grader & Plow Co., Hopter, N. D. Gentlemen: Have been using your Rolary Disc Plowing Atlantment for the past few days and find it a good tool. In places where another plow will not soom, this will, and do it much easier than any other plow and throw much more earth on the elevator with less labor on the machine and stock. I do not think any contractor running grading machines can afford to be without it. Yours truly, J. J. LAMOREAUX, Contractor.

Sancroft, Neb., Nov. 3, 1806. The Dist Grader & Plow Co., Huntet, Oes. themen I received the goarantee for the Rotary Dim Flowing Attachment for Grading Machinou and in reply, can see no fault. I have moved more dirt in the length of time than ever before and am well pleased. Fours truly, J. E. OWEN, Railread Contracts.

Cool summer offices

It is mighty poor economy to have an office in a building where you and your office force are cold in winter and hot in summer. It is impossible to do good work under such conditions. The most comfortable place in Omaha, all the year around, is

THE BEE BUILD

For \$10.00 Per Month-Room 619: Very pleasant, small room on the 6th floor. It is light and well

ventilated and is a very desirable room in every way. For \$15.00 Per Month-Room 618: This is an outside room on the 6th floor. It is in the portion that was remodeled about a year ago and the woodwork and floors are all new.

For \$27.50 Per Month-Room 432: This is a large pleasant office, divided into a private office and a waiting room. It has been occupied by an insurance company for the last five years and is one of those desirable offices, that is usually impossible to secure.

For \$75.00 Per Month-Suite 648: This is without doubt the most desirable suite of offices in the building. It consists of a large room, containing between four and five hundred square feet of floor surface and has a small room adjoining it. It is a corner office, with a large burglar proof vault. It has a most beautiful outlook, facing south and east. In connection with the office is a small room, which can be used for physician's, a dentist's laboratory, or coat or store room. The office has hard wood floors and is finished in hard wood throughout. There is nothing in Omaha that compares with this suite of offices.
