For Bright's Disease, Albuminuria, Renal Calculi, Gout, Rheumatism and All Diseases Dependent Upon a Uric Acid Diathesis.

Samuel O. L. Potter, A. M., M. D., N. R. C. P., London, Professor of the Principles and Practice of Medicine and Clinical Medicine in the College of Physicians and Surgeons of San Francisco, Cal., in his "Hand-Book of Materia Medica, Pharmacy and Therapeutics," in the citation of remedies under the head of "Chronic Bright's Disease," says: "Mineral waters, especially the Buffalo Lithia Water advocates." Also, under "Albuminuria," Buffalo Lithia Water is highly recommended.

George Halsted Boyland, A. M., M. D., of Paris, Doctor of Medicine of the Faculty of Paris, in the New York Medical Journal, August 22, 1904, says: "There is no remedy as absolutely specific in all forms of Albuminuria and Bright's Disease, as Buffalo Lithia Water, whether acute or chronic, as Buffalo Lithia Water, Spring No. 2, accompanied by a milk diet. In all cases of pregnancy, where albumin is found in the urine, as late as the last week before confinement, if this water and a milk diet are prescribed, the albumin disappears rapidly from the urine and the patient has a positive guarantee against puerperal convulsions."

T. Griswold Comstock, A. M., M. D., of St. Louis, Mo., says: "I have often prescribed Buffalo Lithia Water in Gouty and Rheumatic conditions and in Renal Calculi, accompanied by Renal Colic, and always with the most satisfactory results. In Renal Calculi, where there is an excess of Uric Acid, it is especially efficacious."

Medical testimony which defies all imputation or question mailed to any address. Buffalo Lithia Water is for sale by druggists and grocers generally. Hotel at Springs now open. PROPRIETOR BUFFALO LITHIA SPRINGS, VA.

Factories Turn Them Out in Rome While You Wait, Says Mr. Rosewater.

Edward Rosewater was the guest of honor and the speaker at the meeting of the Real Estate exchange Wednesday noon. His remarks were devoted to a description of Rome, the city in which the International Postal congress, to which Mr. Rosewater was a delegate from the United States, was held.

"There is a prevailing impression," said Mr. Rosewater, "that Rome was once a city of 1,000,000 inhabitants or more. That is erroneous. Rome today does not cover as much ground as Omaha, and I dare say that in the height of its glory the city never had more than 600,000 people."

I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the 25-cent size of this remedy, and this morning I feel like a new man."

How sweet the picture of mother and babe, angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear.

BAPTIST DELEGATES COMING Many Young People and Prominent Churchmen Arrive for Convention.

SPOKANE WANTS THE NEXT MEETING Washington City is Represented by Rev. O. W. Van Ostel, D. D., Who Will Try to Land the Prize.

Delegates to the convention of the Baptist Young People's union began to arrive Tuesday and by Wednesday afternoon many hundreds of them were in the city. Address received by the local committee from the various states showed that the great majority would arrive Wednesday night and Thursday morning. The first session will be held at the Auditorium Thursday morning at 9 o'clock.

Among the Baptists of note who are already here are John H. Chapman, Chicago, president of the union and its organization; Prof. Towner of Chicago, who will lead the chorus; John R. Bland, superintendent of state missions for Illinois; Rev. O. W. Van Ostel, D. D., of Spokane, Wash.; John Mendenhall, a Chicago banker; George Miller of Baltimore, Rev. Joshua Gravett of Denver and Rev. C. A. Hobbs, D. D., of Delavan, Wis.

Dr. Van Ostel came with the avowed intention of getting the next convention for Spokane, and he came early in order to get work started to that end. Dr. Van Ostel, who is pastor of the First Baptist church of Spokane, came as the result of united action on the part of Spokane churches. The city is so anxious to get the convention that the council has volunteered to meet all expenses connected with securing it and to guarantee a reasonable amount to the convention for its expenses in that city.

No Informal Reception. No informal reception will be held tonight at the Auditorium, as was at first planned, for the reason that the members of the local committees will be kept busy looking after the entertainment of those who will arrive on Wednesday. One big special with Illinois and Michigan people will arrive over the Burlington between 9 and 10 o'clock. The raised platform on the stage has been completed and the last rehearsal of the choir was held last night. The Auditorium will be decorated with convocation flags and with the blue and yellow colors of the convocation.

WAR IN CENTRAL AMERICA Hostilities Break Out Anew Between Guatemala and Salvador.

U. S. MINISTER ORDERED BACK TO POST Mr. Combs Was Exonerated Home When He Was Caboted to Guatemalan Capital.

WASHINGTON, July 11.—Hostilities between Salvador and Guatemala have broken out anew on the border between these countries, where peace was supposed to have been established pending a settlement of the trouble between the two countries. Leslie M. Combs, the American minister to Guatemala, who was on his way to the United States to assist in settling the difficulties between Salvador and Guatemala, has been ordered back to Guatemala City from Champerico, Guatemala, where he was reached by cable.

Mr. Combs will remain in the Guatemalan capital to keep the United States advised concerning the trouble and to protect American interests. Salvadoran and Guatemalan troops have been massed near the common boundary of the two countries for some time and a serious clash was expected, but a temporary armistice seemed to have been agreed upon and Salvador announced that J. B. Facus had been named as a special envoy to Washington for the purpose of making representations to the American government concerning Salvador's position. John Jenkins, the American consul general at San Salvador, was to accompany Mr. Facus to this country.

Protest to United States. Salvador's alleged assistance of revolutionists in Guatemala, who were about to overthrow President Cabrera, caused Guatemala to protest bitterly to the United States and Mexico, and resulted in representations by those two republics which indicated that they resented foreign interference in the internal affairs of Guatemala. As soon as the position of the United States was made clear Salvador announced that Mr. Facus would come to Washington to explain the situation in Guatemala, indicating a willingness to have the United States act as mediator. Reassuring reports reached the State department concerning the internal conditions in Guatemala and it was believed until today that President Cabrera had put down the revolution and was with Salvador would soon be amably settled.

Mr. Munoz Talks of Insurrection. The Guatemalan minister, Mr. Munoz, is gratified by the favorable reports he has received from his government concerning the revolutionary movement there and left for New York today, where he will remain until the Salvadoran representative, Mr. Facus, and the American minister to Guatemala, Mr. Combs, arrive in Washington to arbitrate the dispute between Salvador and Guatemala as a result of the alleged participation of Salvador in the revolutionary movement in Guatemala. "My government suppressed the insurrection led by General Barillas with great ease," said Mr. Munoz. "That was to be expected. Barillas' army is scarcely more than a band of illiterate Indians, of poor fighting ability. He is not a suitable man for president and is opposed to any development of the country. When he secured the presidency for a brief period years ago through the death of General Rafael Barrios, he was a tool of the clerical party, his administration was marked by atrocities, and he involved Guatemala in entanglements with the United States, to which he is opposed."

TRADE WITH CANADA WANTED British Chamber of Commerce Passes Resolution in Favor of Reciprocity Law.

LONDON, July 11.—The resolution in favor of preferential treatment on a reciprocal basis, introduced in behalf of the Montreal Board of Trade at the opening yesterday of the sixth congress of the Chambers of Commerce of the empire, was carried at this morning's session amid a remarkable scene of enthusiasm. The vote was preceded by a further animated discussion for and against the resolution. Some delegates considered it to be impracticable, while the Madras representatives approved of it. The British delegations appeared to be divided, but when an expression of opinion was called for a forest of hands went up in favor of the resolution and only a dozen voted against it.

The delegates rose in a body and the hall re-echoed with their cheers, while some of them tried to sing "God Save the King." On the demand of the opponents of the resolution a formal vote was taken by the congress, resulting in 107 delegates declaring themselves in favor of it, 35 against and 35 neutral.

The emperor, who received General Barry in audience after the latter returned from Manchuria, expressed a desire that General Barry should be included among the selections if the president should think it proper.

ADJOURNMENT FOR THE TERM Judges of District Court Will Decide on End of the May Session. The judges of the district court will hold a meeting with the next few days to decide on adjourning the May term of court. There is said to be a difference of opinion among the judges regarding adjournment. Some of the law judges favor leaving the term open until just before the October term begins. The equity judges oppose this plan, declaring if this is done they will be required to stay in the city all summer, as equity cases can be called up at any time. They will make an effort to have an adjournment taken within the next week or two or have a recess until some time in September.
