DRINKS WITH A FOAMY FIZZ

Origin and Development of an American Hot Weather Tiptle. Soda water is an American institution. Like the constitution and the cocktail it follows the flag.

bulwark of British conservatism in the matter of soft drinks and the branch was such a failure that it bankrupted the American tree. Within the last few years another firm set up in London trays, vases, bon dishes, spoon trays, etc., etc., choice 1.79

refrigerator known. Exclusive of the ornamental features, it is nothing more nor less than a refrigerator. To accomplish the greatest efficiency of refrigeration the workmanship must be careful and proportionately expensive.

tracts, whether they be used in soda fountains or for domestic purposes. The chocolate extract, also, is a delusion and a snare, so far as its genuineness goes, for it is cocoa, substantially the same as is served hot at the breakfast table.

WALTZING AT ARMS' LENGTH Dancing Masters' Decree Calculated to Rob the Giddy Whirl of Its Charm. The Chicago dancing masters are in rebellion. The United Professional Masters of Dancing of America have declared for the "squeezeless" waltz, and the local masters will have none of it.
