

# Knight Templar of Colorado

Was Restored to Health by Pe-ru-na after a Long Illness

MR. JAMES J. OSBORN, 823 N. Wahsatch Ave., Colorado Springs, Colo., has filled all the positions in Knights Templar Masonic order, was a Mason since 1866, Judge of County Court, Clinton, Mo., also County Collector of Clinton. He writes:

"A sluggish liver which I had been troubled with for two years made life miserable and I was unable to attend to my business half the time. I lacked energy, had headache most of the time, and my food distressed me and did not seem to do a particle of good."

"Reading of the many cures performed by Peruna, I decide that it would not hurt to try a bottle. Before I had taken many doses I certainly felt better, and by the time I had taken one bottle there was a marked change for the better. I took it as directed for two months, when I was a well man, able to go down to business every day and take hold of my work with renewed strength and vigor. You have an excellent remedy."

**SLUGGISH LIVER  
RELIEVED**

## Sluggish Liver Described.—How Pe-ru-na Relieves Such Cases

A sluggish liver is brought about in the following way: There is a catarrhal condition of the mucous membrane lining the stomach, this catarrhal condition spreads downward to that portion of the alimentary canal just below the stomach, known as the duodenum.

Into the duodenum empty the bile ducts. These bile ducts are lined with mucous membrane continuous with the mucous membrane of the duodenum. The catarrhal inflammation therefore gradually spreads from the membranes of the stomach and duodenum into the bile ducts.

This thickens the mucous membranes and clogs up the ducts. The bile is then turned back into the liver and the liver and the whole circulation of the liver impeded, producing what is known as sluggish liver.

Cathartics bring only temporary relief. They slough out the liver for the time and relieve this sluggishness, but it has been the universal experience of mankind that the sluggishness will return very quickly.

The only permanent relief is obtained from a course of treatment that tends to inflame the catarrhal inflammation. Thousands of people have found Peruna to be such a remedy. It removes the cause of the sluggishness of the liver by removing the catarrhal condition. A great many disagreeable symptoms are caused by a sluggish liver. Listlessness, an all-tired-out feeling, lack of energy, confusion of the senses, sleeplessness, yellow skin, coated tongue—these are a few of the symptoms produced by a sluggish liver.

The condition of the stomach and liver above described has been for many years denominated by Dr. Hartman as systemic catarrh.

Patients of this kind are generally supposed to be afflicted with malaria. Quinine, alternated with physic, is the usual treatment. Disappointment generally follows such a treatment.

MR. JAMES J. OSBORN.

Those who have tried Peruna for such a condition never fail to report to it again whenever they have occasion to do so.

For a complete description of systemic catarrh, with all its attendant difficulties, send for one of Dr. Hartman's free booklets, entitled "Chronic Catarrh."

"Pe-ru-na Made Me Strong and Well."

Mr. Evan Evans, 309 E. 5th St., Topeka, Kan., member I. O. O. F., writes:

"Liver and kidney trouble has caused me much pain for the past four years, leaving me weak and exhausted."

"I had at times intense pain on the right side and backache, and became so faint and weary that the perspiration would pour out and I would have to lie down."

"I found Peruna caused a great change through my entire system. It cured the catarrhal condition of the liver and kidneys, eliminated the poison from the system, created new blood and made me strong and well."

## RECORD OF POLICE COURT

Former Clerk Lee Grier Tells of Fines Collected by Him.

HANDLED NEARLY FIFTY THOUSAND

Also Had in Charge Cash Bonds Aggregating Fifty Thousand More and Accounted for All of It.

"The proposed checking of my accounts as clerk of the police court will be welcomed by me," said Lee Grier, who retired from that position last month after six years' service. "It may possibly disclose a few errors of bookkeeping, but it will vindicate my record as a public official. I collected and handled nearly \$50,000 in fines, most of which is great deal more money than any clerk before me, and paid over every cent collected, settling once a week with the treasurer. The money paid over after I went out of office represented fines paid me outside of court, or clerical errors, or money I had guaranteed on promises of the prisoners to pay me."

"The year before I took charge of the police court clerkship the entire collections amounted to only \$98.26, while for my last year I hold receipts from the treasurer for \$10,256. The police court collections for the nine years of Mayor Moore's term show on the records as follows:

Year	Amount
1907	\$2,470.40
1908	2,712.00
1909	2,985.50
1910	3,600.00
1911	4,831.25
1912	5,475.00
1913	10,325.50
1914	10,142.25
1915	10,552.50

"One reason was not the only reason for this increase was my special effort to collect fines. When people lay in jail who had friends willing to pay for them I helped them find them, and even endorsed their drafts on out-of-town banks, and when being requested to pay them personally out of my own pocket."

"During my term I had custody of all the cash bonds put up by prisoners released in this way—the amount must have been close to \$50,000—and there was never a trouble over it or any complaint that the money was not paid on demand to the parties to whom it belonged. Any of the officers who have acted as desk sergeants during this time will testify to this. If a man wanted to be dishonest in the position I occupied he would not have to stop at a paltry few dollars."

## MASSACRES OF RUSSIAN JEWS

O. Rubenstein Will Lecture Sunday Evening on Their Causes and Cures.

O. Rubenstein of Sioux City will lecture Sunday evening at 8 o'clock at Crouse hall, 117 North Sixteenth street, on "The Recent Massacres in Russia; Their Causes and Cures." Mr. Rubenstein is a native of Russia, having lived in that country until eleven years ago, and he is thoroughly acquainted with conditions there. He keeps himself informed on present conditions by constant communication with the Jews of his native land. The lectures will be given mostly for the Jews of the city, but all others will be welcome. Rev. J. R. Porter will also talk on the same subject.

"The Jew in Russia is not the only revolutionary," said Mr. Rubenstein, "but the government is constantly seeking to give out that impression. The massacres are the result of race hatred incited by the government, which realizes that it can hold its autocratic power as long as it keeps the people fighting among themselves. If all the peoples of Russia, of which there are 112, were of one accord, the government would be overthrown. The massacres are a means of allying the fury of the masses inflamed by it to a point of rapine and slaughter. The guilt of the government in this last atrocity against the Jews stands out clearly before the civilized world."

"While it is unnecessary to say that the Jews are not responsible for more than a small fraction of political crimes, and certainly not for the most formidable ones, it is a fact that their sympathies are largely on the side of the revolutionist. How could it be different? They know that their lot is unbearable, and that their government will not only not do anything to improve it, but will do all in its power to perpetuate present conditions."

"So ridiculous was the tale of the bomb thrown by a Jew at a religious procession at Bialystok that the Russian government has hastened to withdraw it, and is now making a pretense of political crime as a means of allaying the fury of the masses inflamed by it to a point of rapine and slaughter. The guilt of the government in this last atrocity against the Jews stands out clearly before the civilized world."

## BENEFIT FOR MAENNERCHOR

Concert to be Given at Krug Park Next Friday Evening for the Fund.

The Omaha Maennerchor is one of the oldest musical organizations of this city, composed of representative business men of German birth, all selected singers, and the object of the second concert, that they will give at Krug park next Friday evening is to pay the expenses of the society at the Northwestern Sangerfest to be held at St. Paul, Minn., July 26, 27 and 28, where they will not only compete for prizes and honors, but will also make every effort to secure the highest award for Omaha. The first concert, given June 16, was a great artistic success. Every one who attended, remembering the unusual excellence of the program, far greater than had been expected, will be present next Friday evening and will urge their friends to attend.

The same people will take part in the second concert, which will be directed by Karl Peterson. The Maennerchor will sing a grand concert waltz (Ferber), with orchestral accompaniment; also several festive songs that they intend to sing at the sangerfest. The Harmony Ladies' chorus will sing selections in German and in English. Miss Irene Van Noy, who was such a delightful surprise at the first concert, is on the program for a soprano number. Mr. Peter Laux, bass, will take part, and will also sing a duet with Miss Van Noy.

## CITY MAY CUT THE WEEDS

Has Power Under Charter, Says Slauch, to Have the Work Done.

County Attorney Slauch, president of the Civic Improvement League, has called attention to the fact that the city charter has a provision permitting the city council to pass an ordinance giving the city authorities power to cut weeds on vacant lots and charge the cost up to the property owner. Judge Slauch believes this is the solution of the weed nuisance problem and suggests that a measure covering this be introduced into the council as soon as possible.

## KALEIDOSCOPIC SCENES

Of Color, Grace and Action in Ringling Brothers' Production of "The Field of the Cloth of Gold."

"The Field of the Cloth of Gold" is the spectacular novelty of Ringling Brothers' World's Greatest Shows this year. Twelve hundred characters are concerned in the portrayal of this vividly interesting spectacle, and more than 2,000 costumes of richest fabric and artistic design are worn in the kaleidoscopic scenes. A ballet of 300 and a singing chorus of 20 are incidental features. The music, classic in character, and especially written for the huge production, is rendered by a selected company of fifty soloists. The action of the spectacle takes place on a stage larger than the stage room of 100 theaters, and the vast multitudes are managed with a skill never before accomplished. The scene embellishment is historically true, and the work of the most famous artists, and all the multitudinous appointments are of extraordinary value and luster. All the pomp and circumstance of ecclesiastical life in chivalric days of the sixteenth century, the iridescent splendors of knightly costume and adornment, the radiant, shimmering tones of medieval feminine fashions, the glitter and glisten of warrior emblems and implements, inlaid in gold and precious gems, the impressive assemblage of picturesque types, the spell of brilliant and countless inventions of decorative taste—all these and many more features of alluring magnificence makes this spectacle the most important and successful production of modern times, or, for that matter, of all time. The fabulous cost of this stupendous spectacle puts it beyond the resources of any other show, and the arena of no other circus, in existence would afford adequate stage room for the massive groupings, evolutions and processional displays. All the exciting pastimes of the middle ages, jousting tilts, sword combats, sparring competitions, athletic exploits, equestrian feats and many other exercises of daring and skill, are thrillingly illustrated in a huge tourney to celebrate the historic interview between the young kings of England and France.

This wonderful circus will exhibit in Omaha Wednesday, July 25. Admission tickets and reserved numbered chairs will be on sale at Ringling Brothers' downtown ticket office, Myers-Dillon Drug Company show day at exactly the same prices charged in the wagons on the show grounds.

## ROCK ISLAND MAKES CUT

Adopts the One and One-fourth Reduction on Grain into Omaha.

General Agent Ut of the Rock Island has received a wire from the traffic office at Chicago to the effect that the road has met the cut made by the Burlington of 14 cents per 100 pounds on grain from Nebraska points to Omaha. This still leaves the Burlington and the Rock Island with a rate 14 cents lower than the Union Pacific, but the Union Pacific is still paying an elevation charge equal to that amount, which makes the same thing to shippers who are sending grain beyond Omaha.

## Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says C. L. Carter of Skirum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the 25-cent size of this remedy, and this morning I feel like a new man."

## NOTICE

Injunction on Smoke.  
The Omaha View Improvement club met Friday evening and discussed the smoke nuisance question. Councilman Sheldon was present. Chairman Yost reported that he had gone over the entire ground of investigation for putting a stop to the nuisance with the city officials and found that the only recourse was to get out an injunction to suppress it. The complaint is lodged against the brick kilns up the Omaha View district. Sewer matters were also taken up, especially in the matter of a broken sewer pipe near where the sewer enters into a creek in that vicinity. The matter will be referred to the Board of Health for remedy, if possible. Grading and other matters were discussed, including sidewalk improvements and efforts will be made to see if something cannot be done to improve affairs up that way.

**ENGRAVED VISITING CARDS AND WEDDING STATIONERY**

Our Wedding Goods are the recognized standard, the engraving being done by skilled craftsmen, insuring perfect satisfaction and the latest and most fashionable styles.

On request samples will be sent by mail and orders executed just as satisfactory as if ordered in person.

Omaha, Nebraska

**Best Food For Children**

Malta-Vita is the best food for children because it is all pure grain and so easily digested. Being made only from fine whole white wheat and pure barley malt extract, it gives the little folks all the nourishment their young bodies need and it makes them healthy and robust. It cures the stomach troubles with which so many children are afflicted.

"Our baby had, since birth, been a constant sufferer from constipation. Since we began feeding him Malta-Vita he has improved wonderfully in health and is entirely cured of constipation."—Mrs. Miles McCormick, South Bend, Ind.

Malta-Vita is so good to eat that children everywhere like it.

All Grocers, Now 10c.
