The park space allowed by a can-moving pictures was surrounded by a can-vas wall and within the enclosure were sents for about 1,000. The structure where the curtain is hung on which the animated pictures are thrown was used as a stage, behind which were the natural foliage and trees of the park, which were hung with electric lights for the evening performance, giving a realistic nature effect that could not be reproduced by art. The enclosure was all too small to ac-commodate the crowds who desired seats. At the ovening performance hundreds were unable to secure seats and patiently stood in the open space around the seats, and paid, which makes a new high record for the year to data.
Cow and helfers broke badly during the first part of the week, but have gradually firmled up until the loss has been pritty much recovered, so that the market is new about where it was at the close of last week. Good feed buils commanded very fair prices all the week, but anything else in that line was slow and considerably lower. Veal caives of good quality have sold as high as \$5.50, that being the top on most days, while leas desirable grades have sold on down.
There is never very much doing in the feeder division in July and the present week has furnished no exception to the rule. The fact is that very few cattle of that description have sold, and there has been very little demand for them on the part of country buyers. Such cattle as have come in have sold, quite readily at about steady prices to speculators and yard traders.
HOGS-The market opened this morning with good light hogs in active demand at steady prices. In other words the light hogs sold very freely and mixed loads at 655%, but there week wosk spots in the trade on that kind when it was impossible to ge take before. The market bege sold at \$550 and \$

SCHUYLER, Neb., July 15(Special Tel- egram.)-Today's game with Wahoo marks the first attempt at Sunday buil by the present team, owing to the bitter attitude of many against amusements of any sort on Bunday. It was thought they would take steps to stop the game, but it was pulled off and it was one of the best games of the season. Both teams played great ball, the score being 1 to 9 in Schuyler's favor. The features of the game were the all around playing of Brown of Schuyler and the pitching of Richter. Following is the score:	Gutting, 1b

Alone among strange palefaces who gazed at her in curious wonder, her heart aching with grief over the death of her 3 months' old baby and almost frantic in her bewilderment when she realized she had missed the train which was to take her and the body of the dead child to Bancroft, Neb., for the burial, Laura Lyons, a young indian woman from Ponca, Okl., was- arrested by policemen in a drunken condition Sunday, after she appealed to the only friend she recognized, firewater, for relief. It was not until she had sobered and was found crying softly to herself in her cell The attendance during the coming week found crying softly to herself in her cell

at the city jail that her pitiful tale became knówn. Mrs. Lyon's little boy died July 10 at

Ponca and she left there with the body July 13 to bury it at Bancroft, Neb. She was to have transferred to a Northwestern train at Council Bluffe, leaving there at \$ o'clock Sunday morning, but instead she came to the Webster Street depot in Omaha, as she remembered that was the way she had come from Bancroft, Upon reaching the depot she was filled with despair to learn there would be no train at 8 o'clock a. m. With many hours of weary waiting before

the next train would leave she wandered about and sought solace at various saloons. 2 It was not long before Patrolmen Herald and J. B. Wilson picked her up on the 0-0 street drunk and sent her to the station, where she was given a cell. within the canvas wall, this being abso-lutely free to park patrons, through the two hours of the play. The performance was a master one, the company being fully adequate and competent, and all who were so fortunate as to get within view of the stage, whether seated or standing, were greatly pleased and fully satisfied, the fact being evident from the frequent applause that was given. The first performance was given at \$:30 and the evening one at \$:30. Performances will be given each evening this week at 8:45 and Wednesday and Friday matinees at 3 p. m. Additional seats will be put in today for the remaining performances.

Texana and Reynolds commenced a week's engagement, giving a marvelous exhibition of fancy rifle shooting and rope and lariat throwing on the big platform in the arena occupied last week by the elephants. It is well worth seeing.

The balloon ascension was fine, the ascent being hie highest of the season. The Royal Canadian band played to au-

diences that occupied every available seat in the pavilion and in the open space in front of the band stand. The encore was more frequent than usual, greatly extend-

promises to be an increase over any previus week this season, especially for the "Ingomar" performances.
