## GRAIN AND PRODUCE MARKET

Bullish I oreign News Outweighs Heavy 1 rimary Receipts.

SEPTEMBER WHEAT HALF-CENT LOWER

Some Talk of Lighter Movement, on Account of Rains, but Estimates for Tuesday Are Large-Corn Rules Wenk.

Foreign wheat was builten this morning, cables came a panny higher and world a shipments were light. Opening prices were at night, out as trade was very light, the market held around the opening all day. The close was 1/2 above Saturday. Anins were general in the southwest and northwest, and there was some prediction of a lighter movement. On the other hand, receipts were heavy and the estimate for tomotrow is very large. OMAHA, July 16, 1906.

Prices on Beard of Trade.

CHICAGO, July 18.—Continued wet weather in southern Russia and diminished exports from that country were the chief reasons for a strong tone today in the local wheat market. At the close September wheat was up \$47\text{\chick}c. Corn and oats were off \$400\text{\chick}c. Provisions were unchanged to be lower.

Notwithstanding enormous receipts at primary points in this country the wheat market was strong all day because of advices from Russia which told of continued unfavorable weather for harvesting and a decrease in exports. Weekly statistics were favorable to the buils, the amount of bread stuff on ocean passage showing a decrease of 3,176,000 bushels, and the world's shipments being only 5,085,000 bushels for the week, against 9,225,000 bushels last week. Of this large decrease a heavy proportion was due to the decline in Russian shipments being only 5,085,000 bushels last week. Of the Russian dispatches. As trading \$4000 bushels last week. Of the Russian dispatches. As trading \$4000 bushels last week. Of the Russian dispatches. As trading \$4000 bushels last week. Of the Russian dispatches. As trading \$4000 bushels last of the Russian dispatches. As trading \$4000 bushels last of the Russian dispatches. As trading \$4000 bushels last of the Russian dispatches. As trading \$4000 bushels last of the Russian dispatches. As trading \$4000 bushels last of the Russian dispatches. As trading \$4000 bushels last of the Russian dispatches. As trading \$4000 bushels last of the Russian dispatch of the Russian dispatches. As trading advanced there was considerable talk of sales in this country for export. This caused a more general demand and held prices staady. The market closed firm. September opened %614c to %61c higher at 78%0. Clearances of wheat and flour were equal to 72.800 bu. The visible supply decreased 709.000 bu. Primary receipts were 1.043.009 bu., against 1.070.000 bu, for the corresponding day last year. Minneapolis, Duluth and Chicago reported receipts of 606 cars, as against 276 cars last week and 241 cars a year ago.

sgainst 276 cars last week and 241 cars a year ago.

Sentiment in the corn market was bearish because of rains in various sections of the corn belt. The strength of wheat, however, prevented any material decline in price. Cash houses were the principal sellers and buying was chiefly by commission houses. The volume of trading was small. The market closed easy. September opened unchanged to 4c higher at altigotic, sold off to 514c and closed at 514cle14c. Local receipts were 242 cars, with 102 of contract grade.

ceipts were 242 cars, with 102 of contract grade.

Contracts were favorable for the oats grop and the market had an easier tone. Pit traders were the principal seliers and the demand came from commission houses. September opened unchanged to ½c higher at 256/35½c, sold off to 3½c and closed at 24½ flate. Local receipts were 106 cars.

Provisions were dull and easy because of unusually large receipts of live hogs at the stock yards. At the close September pork was unchanged at \$17.50. Lard was off so at \$9.65. Ribs were 5c lower at \$9.35.

Estimated receipts for tomorrow: Wheat, 702 cars; corn, 465 cars; oats, 185 cars; hogs, 75.000 head.

Enying by Uncovered Bears Causes Comprehensive Bise in Values.

BIDDING CONFINED TO SHORT INTEREST Selling Pressure is Not Renewed and

Market Closes Heavy, but with Substantial Net Gains.

BONDS-Government strong; raffrond ir-NEW YORK, July 16.—The relaxation in the pressure to sell stocks, which has been in evidence at declines for several days was not altered materially today by the advance in prices. A material change in the tone of the market was the consequence. Hitherto the sentiment of the speculation has contended in vain against the steady and determined pressure to sell stocks whenever prices turned upwards and on every occurrence which could be interpreted in a way favorable to values. Uncovered bears showed more uneasiness today than at any time since the decline as a result of the light offerings of stocks which appeared in the market. Their buying was not on a very heavy scale as is indicated by the moderate aggregate of the day's sales of stocks, but they were obliged to raise bids, consequently to fill up their needs and a rather wide and comprehensive rise in prices followed. Opinion was general that the demand was still largely turners. Quotations on New York bonds to were as follows:

U. S. ref. Tx. reg. 104 is Japan 6a.
de coupon 104 is Japan 6a.
de coupon 104 is Japan 6a.
de coupon 105 is de tits.
de ceupon 105 is de tits.
de de ceupon 105 is de tits.
de de ceupon 105 is de tits.
d were as follows: day's sales of stocks, but they were obliged to raise bids, consequently to fill up their needs and a rather wide and comprehensive rise in prices followed. Opinion was general that the demand was still largely ounded to the short interest, and it was not considered probable that other demands would spring up at the sharp recovery after having been so backward.

The principal event of the day was the purchase in the open market in London of \$2,000,000 in gold for shipment to New York. The call money market bere was easy in spite of some large requirements failing due on the 15th and the 40 per cent installment payable on Baltimore & Ohio stock subscriptions. Saturday's strong bank statement had some belated effect in helping stocks. Something was made also of the coming return of J. P. Morgan to New York, which occasioned a revival of the Great Northern ore lands deal with the United State steel corporation. Hopes are entertained that the manner in which the Panama canal bond flotation is being managed may yield some help to the money market by the shifting about of government deposits. Some unfavorable effect was reported on miscellaneous bonds by the release of state and municipal bonds, which had been accepted as security for the \$10,000,000 of government deposits which the secretary of the treasury has recalled. The decrease of about \$2,000,000 in June exports of agricultural products more than accounted for by the cotton movement was regarded with satisfaction. A strong market for copper in London was a favorable factor for Amalgamated Copper. The rise in the minor Vanderbilts was based on the organized distribution on Michigan Central. The demand became very dull late in the day so that there were fractional recessions and a slightly heavy closing, but active selling pressure was not renewed and substantial net gains remained as a result of the day's business.

Bonds were irregular. Total sales, par value, \$1,725,000. United States new 4s advanced 4, the 2s and old 4s and 34s on call.

to a little lower on the general run of grassers.
There was quite a showing of stockers and feeders in the yards this morning, in fact more than on a good many days of late. Fortunately there seemed to be a very good demand for weighty feeders, which constituted the bulk of the offerings and cattle of that description sold very freely at good steady to strong prices.

Representative sales. Representative sales: BEEF STEERS.

eral fund, exclusive of the \$150,000,000 gold reserve, shows: Available cash balance, \$160,572,762; gold coin and bullion, \$55,425; gold certificates, \$41,000,260.

Be steers... 1205 4 50

HOGS-Under the influence of very large receipts and lower prices at eastern points the market here was 74,876c lower than Saturday. As usual on a down market the trade was not very active and before the hogs were all sold it weakened, closing loc lower, at the low point of the day. As will be noted from the sales below the hogs sold very largely at \$2.675,06.30, as against \$3.656,60 on Saturday. A popular price today was \$5.50 whereas on Saturday nearly half of the hogs sold at \$5.575.

It would be well for shippers to understand that buyers are discriminating against rough heavy hogs, which are selling at the bottom of the list and which are hard to move sometimes even at those prices.
