One other style of gown with lace edging and embroidery insertion in yoke, and short sleeves. Regular price, \$2.25.

Saturday's Special Price, \$1.25 each.

CONDITIONS ON CANAL ZONE

Admiral Endicott Returns from Trip to Panama with Commission.

SHORTS STAYS TO MAKE INVESTIGATION

Chief of Bureau of Yards and Docks Pays High Tribute to Work of Colonel Gorgas.

WASHINGTON, July 20.—Admiral Endicott, a member of the Isthmian Canal commission, has resumed his duties as chief of the bureau of yards and docks, Navy department, after a visit to Panama, where he attended a meeting of the canal commission. Admiral Endicott says that the work is progressing well, though at present preparatory work is largely being done. He spoke in high terms of Colonel Gorgas, saying that the work this officer has accomplished in the way of sanitation is wonderful, not only on account of the great difficulties which he encountered, but especially because of the effectiveness of the new cases of yellow fever there during the last year and now since last November.

Chairman Shorts expects to remain on the isthmus for about a month, making a thorough inspection of every branch of the work, and will examine all the officers under the commission on the isthmus, making himself familiar with all features of the business. Secretary Bishop will remain with the chairman of the commission.

Admiral Endicott says that Governor Magoo has an office in the city of Panama within a few blocks of the president of the republic, and that there seems to be the most friendly relations existing between the American representatives and the people of the isthmus. Speaking of the conditions on the isthmus Admiral Endicott says the laborers who were ill came mostly from Martinique. All these islands observed a great deal of attention. They do not take good care of themselves. This is the period of heavy rains and the men are frequently wet and do not change their clothes. Under these conditions they are subject to illness. The general health condition the admiral considers very satisfactory.

EARTHQUAKE DAMAGE SLIGHT

Hundred Slight Tremors Felt at Socorro, New Mexico, Since July 2.

SOCORRO, N. M., July 20.—The Associated Press correspondent who reached this city this morning from El Paso, is the first correspondent to visit the earthquake. The citizens estimate the earthquake loss in Socorro at \$30,000 at the outside. Since July 2 there has been over 100 slight tremors. The two most severe shocks were on July 13 and on Monday last. The damage consists of cracked walls, mostly in the older houses. About 10 houses are affected. The Knights of Pythias hall and the court house are damaged. One school house had the plastering shaken down and lost its chimneys. Chimneys are also down on many residences. The women are frightened and sleep in tents. The damage to the court house and the residence of Joseph Price, both reported destroyed, amounts to only a few hundred dollars. Several slight quakes were felt yesterday. The Colorado Telephone company's building, reported injured, is not damaged at all.

DEATH RECORD.

Joseph Garber.
RED CLOUD, Neb., July 20.—(Special.)—After two years of feeble health, Joseph Garber, aged 71 years, one of the early pioneers of Western Nebraska, departed this life Wednesday night. Having come to Nebraska and his location in 1871, he homesteaded the farm north of this city on which he lived for many years. He was an old soldier and served with distinction through the rebellion. On returning home to this county, he became prominent in politics. He removed to Nuckolls county, where he was elected county clerk of that county, and was a member of the constitutional convention of Nebraska and served with distinction throughout the proceedings of that important body.

Mrs. Martha W. Simeral.
Mrs. Simeral died at her home Wednesday evening at 9:15 in her 83d year. She had lived in Omaha thirty-six years. She was born in Stuebenville, O., where she was married in 1853 to James M. Simeral, who died four years ago. All her living relatives, consisting of her two sons, Edward W. and William, and her niece, Miss Mary Wood, and nephew, Thomas S. Wood of Duluth, Minn., were with her at the time of her death. Mrs. Simeral will be buried Saturday, with services at St. John's church, Twenty-fifth and California streets, at 2:30 p. m. Interment will be at Holy Sepulcher cemetery.

Robert R. Livingstone.
PLATTSMOUTH, Neb., July 20.—(Special Telegram.)—A telegram says Robert R. Livingstone, Jr., aged 40 years, died in a hospital in Lincoln this afternoon. He was born in this city and made his home with his mother. He is a brother of Drs. T. B. and J. R. Livingstone. He was in good health when he went to Lincoln Wednesday. He will be brought home for burial.

MURDER CASE TO JURY.

FULTON, Mo., July 20.—The case of Edmund Bailey, a coal miner on trial for the past three days on the charge of having murdered Jay Lawder, his employer, went to the jury late last night. The trial of Mrs. Aivie Bailey, his wife, charged with having been an accessory to the killing of Lawder, began in the circuit court today. Bailey shot Lawder in the back of the head with a .38-caliber revolver. The jury heard testimony of the case.

HIBERNIANS WORK ALL NIGHT

National Convention Holds Continuous Session to Finish Year's Business.

SARATOGA, N. Y., July 20.—The national convention of the Ancient Order of Hibernians tonight elected Matthew Cummings of Boston as president. Mr. Cummings beat James E. Dolan of Syracuse, who sought re-election, by five votes. The remainder of the ticket was not announced, the convention remaining in session. The national convention of the Ladies' Auxiliary to the Ancient Order of Hibernians elected Miss Anna Matia of Scranton, Pa. president.

It is not improbable that the national convention of the Ancient Order of Hibernians may hold a continuous all night session in order to elect officers and dispose of the remainder of business. The national president was today empowered to prepare a national plan of insurance for submission to the next annual convention.

The report of the Ladies' Auxiliary contained a complete plan for the conduct of the auxiliary under its own national officers. The supreme authority, however, is still vested in the national president. The auditing committee's report was favorably considered. The report of the committee on Irish names recommended that the various states and counties appoint committees to take up the matter locally and recommended that efforts be made to further the use of names of Irish saints, martyrs and patriots. The report of the ritual committee endorsed the recommendations of the advisory board that a new ritual be provided. The report of the committee on Irish history recommended that the support of the Hibernians be withdrawn from those publications that caricature and vilify the Irish race.

Addresses were made by Rev. Father Quinn of St. Mary's, and Rev. Thomas Hart of County Kerry, Ireland, in behalf of the O'Connell Memorial church in Ireland.

FIRE RECORD.

Aberdeen is Hard Hit.
ABERDEEN, S. D., July 20.—(Special Telegram.)—A big fire is raging in this city and threatens to wipe out one section of the west side. It started in the warehouse of the E. F. Coleman Implement company and spread rapidly to adjoining buildings and houses. Delay of the fire department is responsible for the rapid spread of the flames. When it did arrive it was powerless to cope with the fire. Three houses were burned to death in the first few minutes and feed barns in the vicinity are in flames. The entire city is out fighting the flames in the effort to prevent their spread to adjoining blocks. The loss at 11 o'clock tonight is estimated at \$40,000. Present indications point to the most disastrous fire in this section of the country, O. Bette Zinc Mills.

BUTTE, Mont., July 20.—The mills of the Montana Zinc company, a New York corporation, were totally destroyed early today by fire that started from a defective electric wire. The plant was in the old silver mill of the Alice Mining company, the oldest mill of the kind standing in the state. The total loss is \$100,000, with the insurance of \$50,000. C. B. Wisner of New York is president of the zinc company. The fire could not be fought, owing to lack of water.

OUTDOOR LIFE

Will Not Offset the Ill Effects of Coffee When One Cannot Digest It.

A farmer says:
"I was not from liquor or tobacco that for ten years or more I suffered from dyspepsia and stomach trouble, they were caused by the use of coffee until I got so bad I had to give up coffee entirely and almost give up eating. There were times when I could eat only boiled milk and bread and when I went to the field to work I had to take some bread and butter along to give me strength.
"I doctored with doctors and took almost everything I could get for my stomach in the way of medicine, but if I got any better in any way I was almost a walking skeleton."
"One day I read an ad for Postum and told my wife I would try it, and as to the following facts I will make affidavit before any judge:
"I quit coffee entirely and used Postum in its place. I have regained my health entirely and can eat anything that is cooked to eat. I have increased in weight until now I weigh more than I ever did; I have not taken any medicine for my stomach since I began using Postum. Why, I believe Postum will almost digest an iron wedge.
"My family would stick to coffee at first but they saw the effects it had on me and when they were feeling bad they began to use Postum, one at a time, until now we all use Postum." Name given by Postum Co., Battle Creek, Mich.
"Ten days' trial of Postum in place of coffee proves the truth, an easy and pleasant way. "There's a reason."
"Look in pkg. for a copy of the famous little book, "The Road to Wellville."

BRUTAL MURDER IN CHICAGO

Body of Man Knocked Unconscious in Fight Kicked into the River.

CHICAGO, July 20.—Albert Wegel was beaten by Adolph Adams today until he was unconscious and then kicked into the river and drowned. The two men, each of whom was driving a team, met at the foot of La Salle street and after some words commenced to fight. During their struggle they came close to the edge of the river, where Wegel, who was the smaller man, was knocked unconscious. Adams kicked Wegel off the dock into the river. Adams was arrested after he had made a hard fight against three policemen.

RUSSIA IS NERVOUS

(Continued from First Page.)

ing the advisability of the immediate dissolution of Parliament.

Russia Explains.
The Russia today explained that its information regarding the possibility of Austria-German intervention in Russia in the event of a revolution was not official, but was based on articles on the subject published in the foreign press.

The Bourse was on the verge of panic today. In spite of some efforts to support the market imperial fell half a point to 17 1/2, the lowest point touched since the October rising. Imperial is closed at 14 1/2.

Syrian in Ruins.
SAMARA, Russia, July 20.—The latest news from Syrian is that the city is in a heap of ruins. Hundreds of persons lost their lives in the flames and several men suspected of incendiary work were hanged. Food for the starving inhabitants of Syrian is being sent from here and from Saratov.

Strikers Ordered to Work.
ODESSA, July 20.—Governor General Kaubars has issued an order that all striking workmen in the city must resume work by July 23 without fail; otherwise they and all those who support them will be sent into exile by administrative order, and every attempt to prolong strikes will be mercilessly crushed by force of arms.

The strikers are incensed by the orders, which, it is feared, may provoke outbreaks.

LID STAYS ON IN ST. JOSEPH

Judge Rich Holds that General Sunday Closing Law Applies to that City.

ST. JOSEPH, Mo., July 20.—Judge John A. Rich, who sat in the criminal court to try the case of a dramshop keeper arrested for selling liquor a week ago last Sunday rendered a decision against the saloon keepers today. He held that the general Sunday closing statute applies to cities of the second class.

This is in accord with the position taken by Governor Folk when he ordered the police to close the saloons on Sunday and prosecute their keepers under the general Sunday closing law. The attorneys for the saloon keepers gave notice of appeal.

Senators LaFollette

INSULAR SAVINGS BANKS

Philippine Government Establishes Postal System for the Entire Archipelago.

START IS MADE IN THE LARGER CITIES

Money Deposited by People Will Be Invested in Approved Securities and Interest Will Be Paid Depositors.

WASHINGTON, July 20.—The Philippine commission has established in the islands a postal savings bank system in the bureau of posts, under the direction of the bureau of coinage and labor. Its act of May 21, 1905, which was received in the bureau of insular affairs of the War department here, directs the immediate creation of postal savings banks at the cities of Manila, Cebu, Iloilo, Zamboanga, and the rapid extension of the system to the other cities and towns and villages.

Of the three classes of banks authorized, the first may receive deposits in any amount, but sums in excess of 1,000 pesos or 100 shall not bear interest. Various limitations are imposed upon the sums and amounts of deposits and withdrawals in the second and third classes of banks. In the third class deposits are to be made entirely through the medium of postal savings bank stamps, issued in denominations of 5, 10 and 20-centavos. One-half a cent, so as to extend the privilege of the system to the least pecunious communities.

Uncanceled postage stamps may be redeemed at their face value in postal stamps. The commission has made several exceptions in favor of charitable and benevolent institutions. Deposits in the savings banks will not be subject to taxation by the insular government. They will be invested through the insular treasurer in securities determined by a special board. Usual practical experience shall demonstrate that a higher rate can be maintained the rate of interest on deposits will be 2 1/2 per cent.

Ladrones Surrender.
The bureau of insular affairs has received the following cablegram from the governor of the Philippines:
Mazaro Sakay and Francisco Carreon, self-styled president and vice president of the Philippine republic, Leon Villafuerte, cent, so general, being ladrones heretofore, investing Bital and Laguna, General Julian Montalan, Lucia Devaga and Benito Navidad and their important subordinates have surrendered; now in custody at Manila.
