CHICAGO, July 22.—The leaders defeated Brooklyn in the sixth inning today, scoring five runs on two passes, a steal, two singles and two doubles. Lumley's great hit to the club house, McCarthy's double and two errors scored the visitors three runs, the only inning in which they were able to touch Pfelster. The notable feature of the game was the fact that Jordan had only two put outs at first base. Score:

AVERAGES OF THE OMAHA TEAM Decrease in Batting and Gain in Fielding for Week.

Fielding for Week.

A glance at the fielding averages for last week of the Omaha team shows that consistent work is being done. The net gain for the team for the week was seven points. Up to Saturday night just ten errors had been made by the entire team, fifteen men. since the Saturday before. As much cannot be said for the week's work at the bat, for the team average fell off seventeen points, which, however, still leaves it with a good team average. The batting and the fielding is not to be complained of. Any team that bats around .260 and fields around .945 is a pretty good team; the deficiency lies in the box. In that department and in that department only, is the Omaha team especially weak. The figures for the season, up to Saturday night, are:

This will be the first fair held at Onawa for twenty years, the last fair previous being held in 1856. In 1857 a number of business men gave a trotting meet which was fairly successful. Soon afterwards the grounds were sold to J. D. Yoomans, who converted them into a horse breeding farm and some of the fastest horses everbred in lowa were foaled and took their first lessons here on the old track. Frank Yoakum, 2:042, was the star performer, but there were many others almost as good. Last winter the citizens of Onawa bought the grounds and have built a new half mile regulation track and are making many improvements. George O. Holbrook is president of the association, A. W. Burgess is secretary and George W. Buekley treasurer. They are well known business men of Onawa and will spare no pains to have a good meeting.

LONDON, July 22 .- (Special Cablegram to The Bee.)-In an address to the committee on "Housing of the Working Classes," Mr Rider Haggard told this week of a village in Easex near Waltham which he had discovered the worst place in England. He found twenty men working on a farm, but could see no cottages. Ultimately he was shown a brick shed about fourteen feet square, looking like a wagon house. It had no windows. Sacks were laid on the floor round the wall and there the twenty men slept. A hundred yards away was an elm tree on a hill. There he found the ashes of a fire and a rod to hold a pot, This was the dwelling place-the kitchen and the parior of the twenty men. Winter and summer they did their cooking and
