HART IS MUCH IN THE DARK

Says the Political Atmosphere at Des Moines is Far from Clear.

SOME SETTLEMENT MAY BE MADE TODAY

Unwilling to Say Whether or Not He Thinks Governor Cummins Will Be Renominated—Starts Back to Capital.

"When I left Des Moines Saturday night I did not know any more than when I went there and I cannot possibly foretell what will be the result of the state convention next Wednesday," stated Ernest B. Hart, national republican committeeman from Iowa, on his return from Des Moines yesterday morning. Mr. Hart returned to Des Moines last evening. He was obliged to come home yesterday to attend to matters in connection with the reorganization of the Carroll Light, Heat and Power company, to which he was appointed Saturday by Judge McPherson of the United States court.

In Des Moines Saturday, Mr. Hart was made chairman of the executive committee of the standpatners and he stated yesterday that it now developed an ambitious program to formulate a program to fight it out or adjust matters. Mr. Hart was of the opinion that matters might possibly be straightened out today. What developments had taken place Sunday, of course, he was unable to say, having been away from the storm center and not having been advised by wire.

Regarding the situation in Des Moines, Mr. Hart said further: "Both sides are very stiff-necked and when I left Des Moines things had not sifted down sufficiently to form any idea of what the outcome would be. I am in a position to say, as to that I am not in a position to say. Much depends on the result of what might be termed the negotiations now pending."

Proved Healthfulness of Good Beer

Scientists Affirm the Healthfulness of Good Beer

Purity means an absence of foreign matter—nothing else. Cleanliness is a well known brewing ESSENTIAL. It is a matter of self-preservation with ALL brewers. Purity and cleanliness alone do not assure Good Beer nor Healthful Beer. Healthfulness depends solely upon QUALITY, and quality depends solely upon the ingredients used and upon the method of brewing. Beer may be brewed from almost any cereal. Many brewers use Corn as a substitute for Barley-Malt, because Corn costs less. But the element of QUALITY, the essential of Healthfulness, must be lacking in such Beer. Choice Barley, Selected Hops and extra quality Yeast are the prime essentials of Good and Healthful Beer. This is a well known scientific fact. We use the choicest Barley and Saazer Hops in brewing our Beers, adding a small quantity of Rice in pale beer.

These Saazer Hops, from a small province in Bohemia, have been found by Scientists to contain a superior quality of that wonderful health-giving substance—Lupulin. Lupulin is creating a stir in the scientific and medical world because of its marvelous results in the treatment of nervous and digestive disorders. We import a greater quantity of these expensive Saazer Hops than all other brewers combined. Our storing capacity—600,000 barrels, more than double that of any other Brewery in the United States—makes it possible for us to store (lager) our Beer from four to five months, the time necessary to thoroughly age it. This perfect maturing brings out, to the utmost, the health-giving qualities of the choice ingredients used. These are the facts relative to what constitutes good beer. They are worthy the attention of every person who demands the best when eating or drinking.

Anheuser-Busch Brewing Ass'n St. Louis U. S. A. Largest Brewers in the World

GEO. KRUG, Manager, Anheuser-Busch Branch, Omaha.

3100 each, on monthly payments. Wallace Benjamin, room 1, First National bank building. Both 'phones 202. SHORT CHANGED GAME DOES NOT WIN. Intended Victim Had Been Up Against It Before. A well-dressed stranger giving the name of C. E. Clark and Kansas City as his home, was arrested last evening, charged with being a short-changed artist. Clark first appeared, at least as far as the police learned last night, at the drug store of O. H. Brown on Main street, where he purchased 5 cents worth of chewing gum, going through the old performance of giving a bill in payment and then, when he had received his change, discovering that he had a nickel and attempting to short change the clerk on the bill he had given been returned to him. The clerk had been up against a similar game before and had his eyes open and Mr. Short Change Man was baffled. On the man leaving the store, the clerk notified the police and they were on the lookout for him.

Later the fellow showed up at the Clark drug store at the corner of Broadway and North Main street, where he again purchased 5 cents worth of chewing gum, saying for it with a bill and apologizing for giving the clerk the trouble. As it happened the clerk at this drug store also had been touched on the short change racket and when the fellow suddenly discovered he had a nickel and wanted his bill back, he saw to it that he got the full amount back before he parted with the bill. The man's actions aroused the suspicions of the clerk and he also notified the police. Officer Smith happened along and he was soon on the trail of the fellow. At police headquarters Clark was identified by Emil Leffert, the Broadway jeweler, as the man who had about two weeks ago short changed him out of \$25. The police believe they have made a good catch.

Now is your chance for fine photo cheap; our handsome \$7.50 folders only \$2.50, \$5.00 folder, large size only \$5.00, and our \$5.00 gilt edge panels, only \$4.50 per dozen; smaller sizes half price for a short time only—at Schmidt's studio, 636 Broadway.

Maloney's New Location, 36 Pearl St. We pay \$1.00 per ton for castron; mixed, \$2.00 per ton; stoves, \$7.50; rags, 10 c lb.; rubber, 7c; copper, 14c per lb. J. Kattelman, 203 South Main. WANTED—A GOOD CARRIER, BEE OFFICE, 16 PEARL STREET. Enroll in the Western Iowa College now. If you have anything to trade advertise in the For Exchange column of The Bee Want Ad page.

Banner Crop of Wheat. ONAWA, Ia., July 29.—(Special.)—Charles Smith, who lives on the John Cleghorn farm in Ashton township, holds the banner record for wheat in this locality to date. On eleven acres of land Mr. Smith threshed out 264 bushels of winter wheat, or 64-4-11 bushels per acre. As there was some dispute about the exact amount of land, the ground was carefully measured by outside parties and is known to be absolutely correct.

Danish Brotherhood Picnic. All arrangements for the annual picnic of Danish Brotherhood lodge No. 12 next Sunday at Walnut Grove, in the northern part of the city, have been completed. The grounds are near the Illinois Central bridge and the street railway company has agreed to maintain a car service all day over the old Twenty-eighth street line. A program of races and other sports, including shooting at the eagle, has been arranged and valuable prizes will be awarded the winners of the several contests. Many Whist Players Expected. Advice received by the local members indicate a good attendance at the annual midsummer meet of the Central Whist association, to be held in this city Friday and Saturday of this week. The ball room of the Grand hotel has been secured for the play. The regular contest will be for pairs and will consist of three plays. Friday at 8 and Saturday at 2 o'clock, Friday evening at 8

o'clock and Saturday afternoon at 2 o'clock. On Saturday evening there will be a free-for-all. Trophies will be given to the winners in each contest. A. Wendover is president and W. A. Prince secretary of the association. Ebber's Dollar Razor. No strapping or honing; 12 blades; more than 1,000,000 sold in six months. Swaine & Maurer, 324-328 Broadway. BUSY DAY FOR POLITICIANS Sunday Sees No Cessation of the Activity in the Hotel Lobbies. Delegates of Both Factions Have Been Notified to Reach the City Not Later Than Monday Night. (From a Staff Correspondent.) DES MOINES, July 29.—(Special.)—Sunday was hardly distinguishable from any other day at the Severy hotel lobby today. Politicians are as thick there as they were Saturday, and as there is much talking politics. It was rather late in the morning before any got down, but this afternoon, in spite of the fact that many of the delegates took the opportunity to see the parks and other attractions, the lobby is full. It develops today that both sides have sent notice to their delegates to be here by tomorrow night at the very latest. Delegates have been urged to be here by tomorrow morning if possible. As a result it is expected that practically every delegate in the state will be here by tomorrow night. This situation is not without a purpose and wise heads are saying that in spite of all indications to the contrary, in spite of the fact that both the Cummins and Perkins factions have taken action that would indicate a fight to the finish, there will be some developments looking to a peaceful and quiet solution of the tangle. Just what this is no one is yet ready to prophesy. Secretary Shaw reached the city at about 11 o'clock last night, and after being given a brief space in the lobby by admiring friends and newspaper reporters came to the fourth floor and to the Perkins headquarters, where he informally talked over matters with the Perkins leaders. It is understood that Senator Dolliver will be in the city tomorrow or Tuesday. There are some fears that he will not reach the city till the latter day. Senator Allison cannot possibly attend. His influence is being sought, but it is learned that he is in the constant care of trained nurses and physicians and no one is allowed to see him. Cummins on the Contests. Governor Cummins tonight issued an answer to the notice served upon him yesterday by the Perkins managers of contests against delegates. The answer from the governor consumes about two newspaper columns and is an attempt to analyze at some length the merits of the various contests leveled against his delegates. He denies the jurisdiction of the state central committee to consider the contests in the first place and alleges that the contests were started primarily for the purpose of turning his majority into a minority. He asserts that the contests have been repudiated in no corner where such contesting delegations were selected and that in no instance the contesting delegate named are not present to take seats in the convention even if given such seats. The reply of the governor then goes into the merits of the various contests. Shaw to Speak at Conference. Tomorrow afternoon at a place and time yet to be selected a conference of Oyster Bay republicans will be held at which it is expected Secretary Shaw will speak. By that time it is expected delegates will nearly all be in the city and an enthusiastic meeting is expected. For Important Study. Owing to the prominence that politics has at this time in Des Moines, it is quite likely that the convention for the study of the prevention of tuberculosis will get but

scarcely attention. The convention is to be held here Tuesday in the auditorium of the Young Men's Christian association building. As it will be assembled by the leading physicians of Iowa and the leading public-spirited men and women who have banded together for the prevention of the white plague. The society was organized a year and a half ago, and has already accomplished a great deal in the spread of information as to the treatment of the disease. The convention will be addressed by ex-Governor Larrabee, the president of the society; Senator Dolliver and other public-spirited men, and by such authorities as Dr. Kime of Fort Dodge, Dr. Connors of Sioux City, Dr. E. L. Lutz of Des Moines, Dr. Thomas of Red Oak and State Veterinarian Paul S. Koto of Forest City, besides a number of others. There are 7,000 cases in the state, according to the investigation of the State Board of Control, and the state has made an appropriation of \$50,000 for a hospital that will care for about 100 now and possibly 500 when all completed some years hence. In no event will the state hospital ever care for the 7,000, so it is the object of the society to educate the people of the state on the means of preventing the disease. Authorities assert that it can be prevented and treated at one's home as well as in a hospital if the patient is particular to rigidly carry out instructions.

Grain Men Attend. Encouraged by it is asserted by officers of the Iowa Grain Dealers' association, grain dealers of the state are attending all hearings before the Board of Railroad Commissioners for co-operative elevator sites. Last week the commission held a number of hearings over the state, at Wood, Matlock, Richards and Klerlein being among the number of places. Grain dealers were present in each instance and tried to convince the commission that the profits in the grain business were not large and that additional elevators in small towns are a waste of capital. Evidence in the form of records and market quotations were submitted to show that the gross margin is less than 2 cents a bushel, out of which all expenses must be paid in addition to the further loss to the dealer from the grain grading loss at the terminal than at the shipping point. No Voting Machines Yet. Voting machines will not be used in Iowa at the November election. The Board of Supervisors recently purchased some machines and they are now stored in this city. Saturday the contract was canceled with the company and a new contract made extending the date of delivery of the machines to 1908 and making provision for larger machines to provide for the biennial election law ticket. Methodist Gathering. Iowa Methodism is gathering at Epworth park at Colfax. By Wednesday of this week it is expected that fully 1,000 persons will be on the grounds at the park on the Inturrian leading from this city. There were 300 tents on the grounds there today. It is believed that the program for this year be the best that the annual convention has ever had and the leading bishops of the church will take leading parts on it. Bishop Hartwell of South Africa, Bishop Berry and Bishop McCabe are all down to speak. Leading lights of other denominations, such as Rev. Charles Weisale of the Presbyterian church, who is working among the laboring people; Sam

Jones, Robert McIntyre and others are among the speakers. See Want Ads are the dependable guide of success. FORECAST OF THE WEATHER Fair Monday, with Showers and Cooler Tuesday, for Nebraska. WASHINGTON, July 29.—Forecast for Monday and Tuesday: Nebraska—Fair Monday, with warmer in south portion; Tuesday, showers and cooler. For Iowa—Fair Monday, with warmer in extreme west portion; Tuesday fair. For Colorado—Partly cloudy Monday and warmer in the southwest portion; Tuesday fair. For Wyoming—Fair Monday and warmer in southeast portion; Tuesday fair. For South Dakota—Partly cloudy Monday, with showers and cooler at night or Tuesday.
