### CITY COUNCIL PROCEEDINGS

i bortive Attempt to Elect City Engineer Defeated by Tie Vote.

BRUCKER LEADS THE ANTI-MAYOR FORCES

Member for Fifth So Sure of His Position That He Has a Nominating Speech Under

Hendway.

A resolution introduced in the council last night by Councilman Sheldon to ignore Andrew Rosewater's claims and elect another city engineer was defeated by a tle vote. The opponents of Mr. Rosewater evidently anticipated no such outcome, for Brocker somewhat prematurely had begun, a neminating speech for a favorite candivote. He was checked by President Johnson before he mentioned names, and Zimman asked the city attorney if the course would be legal. The latter replied that he thought the council had a right to elect an engineer, but said the latter would have to test his rights to the office in court and that the city attorney's office could not be expected to take either end of the case.

not prepared to venture. president of the United States, but I can't zee the gentleman in the White House."

Apart from this, the attorney said he was

Six Vote Against Resolution. The resolution recited a number of whereages based on the failure of the mayor to two council meetings in the absence of an appointment and confirmation. Bedford, Elsasser, Funkhouser, Jackson and Zimman voted against it, and the incident closed th heavy silence with Brucker filing his momination speech unspoken.

The appointment of Tom Lee for city and referred. Engineer Rosewater, in a letter, told the comment that the paving repair funds are York.

about exhausted and asked a special ses- SHERIFF TO BUY SUPPLIES sion to consider the matter of appropriating \$3,000 or \$4,000 more to place all asphalt streets in good condition, except those rejuiring entire resurfacing. The council adourned to meet at 9 o'clock this morning to pass the monthly salary appropriation ordinance and to take the paving mat

Much Paving Repair Work The engineer said in his letter that 26,600 square yards of repairs had been made this

year at a cost of 82 cents a yard, adding n 15 per cent for interest, taxes and depreciation on the original investment in the plant, this price being 35 per cent lower than ever obtained by contract. The amount of repairs is larger than for any aside for the paving repair fund, \$4,000 was \$3,500 for repairing stone and brick pavement. The remainder, \$19,500, has been nearly expended on asphalt work.

The council approved the sale of \$100, whole By resolution the rooms formerly used by the gas inspector were assigned for the ise of the juvenile court probation of-

ficers. A resolution was adopted ordering the buildings and property committee to inquire into the advisability of substituting electric power for water power on the city hall elevators and to make a full report to the council.

TOUGHS COME FROM THE WEST Establishment of a Workhouse Has Driven Them Out of

Denver.

That Omaha has suddenly become overrun with a low class of toughs and crooks, principally negroes, is growing more apparent to the police. Tuesday alone, it is said, at least seventy-five strange negroes who hang about cheap dives with no visible means of support arrived in Omaha. They are of the class which gives the police of all cities the greatest labor. Some of them are bad crooks with penitentiary records, while practically all have had short sen-

ences for petty thieving. The opening of a workhouse at Denver is said to be responsible for this movement. a large share of the newcomers halling from the western city. The police expect to have their hands full keeping these fellows under surveillance, and will try to keep them from maintaining any headquarters

or gathering places. At Manawa Tonight. Nordin's concert band will give a rag time and popular concert at Lake Manewa tonight. For the last, month it has been almost a daily occurrence for Nordin te receive requests for a rag time concert and as they have always proven popular with the masses a very large crowd is expected, and to haul people in comfort the street railway company will send extra Another special event, calculated to attract unusual crowds, will occur on Friday and Saturday nights, when a fine Venetian carnival will be given. The park and boats will be fantastically decorated with Japanese lanterns. The feature event, however, will be a beautiful display of Pain's fireworks from boats and barges out on the lake. It is one of those affairs the children love and parents should take the little folks.

NUMBER OF MEN TO BE ADDED TO FORCE

Considerable Speculation as to Who Constitute Denver Construction Company, Low Bidders on Sewer Construction.

Yesterday afternoon Don C. Ayer, chief of the Bureau of Animal Industry at South Omaha, made his first authorized public statement concerning the new meat inspecion in South Omaha. Regarding numerous surported statements heretofore, the doctor said: "I have been quoted so much that every time I see my name in print it makes me swear." His statement anticipates a visit from Secretary Wilson and A. D. Melvin, chief of the Bureau of Animal Industry at Washington, D. C. He says all is practically ready for the visit and the new inspection. His statement is as follows: "I have informed the chief of the Bureau

of Animal Industry at Washington that the Swift. Omaha and Cudahy Packing companies are now ready for inspection under the new regulation, and that Armour & Co., are still making some changes in dressing rooms, closets and so forth, which will be completed in a few days. Then all the plants at this point will be ready for inspection. We are expecting consequent upon our report, that all the plants in business here will be personally inspected by Secretary Wilson and Chief A. D. Melvin of Washington before the inspection under the new regulations will be established." The new force will include a number of sanitary men and additional night men These have not as yet been assigned. The

doctor thought that by the time the officials from Washington should arrive Armour & Co., who have been working night and day, will have all necessary improvements completed. He said he thought, with the cheerful aid of the packers, the plants were in fine ndition, and would be much disappointed as any one. if they did not meet the approval of the heads of the departments. Commends Local Plants.

By way of comparison of these plants to those in Chicago and Kansas City and other points, even to Los Angeles, very favorable assurance came this afternoon through a casual visit of Manager Hickman of the Cudahy Packing company at vacation and during this recreation has visited Kansas City, Chicago and other have seen since I left Los Angeles, I am satisfied that Omaha has as clean and satisfactory packing establishments as any n the United States. I remember of times and instances which have come under my observations, when some packing houses permitted things which were not exactly right; and it is a good thing, or will be in the end, that the government has in-Sheriff McDonald submitted a request to sisted on the clean up." # SUFFERED AGONIES FOR FOUR YEARS

Whole Foot Nothing But Proud Flesh - Tried Different Physicians and All Kinds of Ointments - Could Walk Only With Crutches - Ohio Man Says:

"CUTICURA REMEDIES THE BEST ON EARTH"

"In the year 1899 the side of my right foot was cut off from the little toe down to the heel, and the physician whe had charge of me

was trying to sew up the side of my foot, but with no success When he found out that wouldn't work, he began trying to heal the wound with all kinds of ointment, until a last my whole foot and way up above my calf was nothing but proud flesh. I suffered un-

told agonies for four years, and tried different physicians and all kinds of oint-ments. I could walk only with crutches. It is sixteen months ago since I began using Cuticura Soap and Ointment for my limb and foot. The first two months the Cuticura Remedies did not seem to work, but I kept on using them both. In two weeks afterwards I saw a change in my limb. Then I began using Cuticura Soap and Ointment often dur-ing the day and kept it up for seven months, when my limb was healed up just the same as if I never had trouble. "It is eight menths now since I stopped using Cuticura Remedies, the on God's earth. I am working at the present day, after five years of suffering. The cost of Cuticura Ointment and Soap was only \$6; but the doctors' bills were more like \$600. You can publish my name and refer any one to write to me about Cuticura Remedies. I will answer all letters if postage is enclosed. John M. Lloyd, 718 S. Arch Ave., Alliance, Ohio, June 27, 1905."

Hoctor left at once for Omaha to inform Mr. Murphy of the result of the meeting. Therefore some of the late rising people may perhaps be wakened by the clang

will have been a welcome sound. Who Are Sewer Bidderst The mystery of yesterday around the city hall was: "Who are the Denver Building and Construction company?" So far no one has been able to answer the question in a satisfactory manner. The clerk knows simply that a man representing himself to be Fred Mullen of Denver placed his bid for the contracts, and it is his name which is signed to the personal checks which were

offered as an evidence of good faith. The tity engineer knows still less of the firm. It was hoped that the firm would put in an early appearance, for there is one discrepancy already which may be a fatal theck to the validity of the bid. The contract calls for a certified check, whereas the checks offered, aggregating \$3,250, are all personal checks. It was openly hinted that Hugh Murphy and ex-County Commissioner McDonald were the personnel of the company, but Mayor Hoctor sall last evening that he had questioned Mr. Murphy especially and that he had denied all connectiant tion with the company, stating that his Denver branch was under another name, He declared he had heard of the Denver company of the name given, but had not considered it a strong company; but from actual knowledge was unable to say that it was not a responsible company. Several weeks ago it was rumored that a number of South Omaha men were about to form a construction company to bid on the new sewers. In certain quarters it is broadly hinted that the Denver company is in reality a South Omaha syndicate in disguise. No one was able to say as much, however, nor to name any South Omaha man who was connected with the enterprise. It has appeared a triffe strange to some also that the Union Stock Yards company, which has shown such a decided interest at the outset, has made no public move since the bonds were voted. So far as known, they have not shown any interest in the letting of the contracts. Mayor Hoctor last night expressed a sincere hope that the company would make good, but said he knew as little about the company

Modern Brotherhood Meeting.
