

ONE WAY TO GET A HUSBAND

Negro Woman Makes Up as Jewess and Poole D. Cupid.

HUSBAND SAYS IT'S ALL RIGHT, ANYWAY

Young Russian Willing to Stand for It If the Authorities Will Keep Their Hands Off.

If a girl makes up to represent herself as of some other nationality than her own, and by that subterfuge wins a husband, can she be tried before the people's bar, the bar of public opinion or any other bar for obtaining a husband by false pretenses?

No matter how this question is answered the laws of Nebraska declare that miscegenation is one of the things people shall not be guilty of within the boundaries of the rich and fertile Antelope state. And that is why county authorities in the position that the marriage of Michael Antokol and Nettie Tuerner is illegal and will bear a little closer inspection than the naked eye is capable of making.

This unusual case of matrimonial legend came to light in Omaha yesterday afternoon, when it was reported that Michael Antokol of 101 South Twelfth street, wooed, won and married Miss Nettie Tuerner, thinking all the while the young woman was a Jewess, but later to learn she was a mulatto.

Dr. Cupid is Deceived.

Acquaintances of the couple affirmed that the woman "made up" effectively as a Jewess during the courtship period, but when Antokol recovered from that form of blindness inflicted by Dr. Cupid, the groom refused to allow a little thing like miscegenation to affect his heart, proving that true love knows no particular race, creed or color.

Miss Tuerner's birthplace was registered with the license clerk as Kentucky, while Antokol declared he was born in Russia. The woman is a light mulatto and 22 years of age, while her husband is 22. Antokol is proprietor of a lodging house at 101 South Twelfth street.

Questioned regarding the alleged pre-nuptial duplicity of the woman Antokol refused to say anything for publication. The groom did intimate that he and his wife were happy and intended to live happily for ever afterward.

When the marriage license was obtained the clerk remarked to Antokol that his wife looked like a colored woman, but the groom looked confused and declared the woman was not a negro. County Judge Leslie performed the ceremony a few days ago.

NEW BUILDING ON HARNEY

Structure to be Erected at Northwest Corner of Nineteenth and Harney Streets.

A building costing somewhere between \$40,000 and \$50,000 is promised by Shimer & Chase and the Barker company for the northwest corner of Nineteenth and Harney streets. It will be either four or five stories in height and will be 24x35 feet, which is the size of the lot for which the deal has just been closed by Shimer & Chase with the heirs of an English estate to whom the lot belonged.

The two firms have definitely decided to build, and it is their expectation to erect the building this fall. Negotiations are under way with prospective tenants and top sets of preliminary plans will be drawn for the inspection of the two concerns which would use a large floor space. A deal will be made with one of these. It is probable, though not sure, that only the lower floor will be used for business, and that the upper stories will be made into apartment houses.

A lot on Nineteenth street and in the same block, was sold this spring by the First Christian church for \$600. Shimer & Chase are at present erecting a two-story store building on the second lot north of their new purchase.

FINK SHOWS BIG INCREASE

Balance in County Treasury for Six Months Nearly Double that of Last Year.

The semi-annual report of County Treasurer Fink which has just been filed with the county clerk shows a decided improvement in the finances of the county over last year. Including the balance on hand January 4, 1906, the receipts for the six months have been \$1,088,444.36, while the disbursements have been \$665,328.56, leaving a balance of \$423,115.80 with all outstanding warrants paid. Last year at this time the balance was \$246,097.48.

As its share of the taxes raised the state received \$127,058.38, the city \$114,000, school districts \$90,000, South Omaha and the villages, \$90,000. The county has paid warrants amounting to \$133,753.21 and tax sale certificates amounting to \$60,000. The bond sinking fund after the payment of July interest contains \$37,081.64.

Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when disease of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in some office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for running mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.

As a soothing and strengthening nerve tonic, "Favorite Prescription" is unequalled and is invaluable in allaying and relieving nervous excitability, irritability, nervous exhaustion, nervous prostration, neuritis, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Cures obstinate cases. "Favorite Prescription" is a positive cure for the most complicated cases of "female weakness," painful periods, irregularities, prolapse or falling of the pelvic organs, weak back, bearing-down sensation, chronic congestion, inflammation and ulceration.

Dr. Pierce's medicines are made from harmless but efficient medicinal roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of our friendly whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.

Your druggists sell the "FAVORITE PRESCRIPTION" and also the famous "PILLS FOR PURGING AND STOMACH TONIC," the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the "Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

OUR LETTER BOX.

Sample of Nebraska Prosperity.

NIOBRARA, Neb., Aug. 3.—To the Editor of The Bee: It requires only a very short stay in Knox county to enable the most careless and superficial observer to comprehend that prosperity has smiled upon the farmer and it is hardly a surprise that he is content with present conditions. I had occasion to visit a ranchman a few miles east of this city. I mention him only because he furnishes a handy example. I have known him for twelve years, and eight years ago he was engaged in other business and had lost everything. Byron G. Foreman came to Knox county and ran in debt for land. Today he has 1,400 acres worth \$50 per acre and a herd of 100 head of cattle that simply beggar description and whose present market price would pay off the small debt against the land, and he has made it all off of this land. He took me up upon the bluff and showed me his broad acres and fine timber grove land and one of the finest artesian wells in northeastern Nebraska, when I referred him to the story of the temptation of Christ by Satan. He laughed and invited me to the house, where I was royally entertained. While we were partaking of refreshments he related the history of his experience in Knox county. It was only the story of many successful careers in this garden of the west. Why do people crowd our cities to congestion? WILBUR F. BRYANT.

Insurance Trust Funds.

NEW YORK, Aug. 1.—To the Editor of The Bee: My attention has been called to an editorial in your issue of the 21st inst., headed, "A Struggle Over Trust Funds," from which I beg to quote as follows: "Not a dollar for all this vast campaign expense has been raised in pursuance of any general levy upon the policyholders or appeal to them for contributions." Permit me to correct a mistaken impression in that respect and to enclose a copy of the address of the International Policyholders' committee containing an appeal for funds. In addition to this address the circular is being mailed, with a subscription blank, to all policyholders whose addresses are obtainable. A number of voluntary contributions have already been made and we have no doubt that ample funds will be contributed by the policyholders. There is no other source from which they can come. There is no powerful or other financial interest back of this movement on the part of the policyholders. On the contrary, it is an unselfish and disinterested campaign by men of national reputation to protect the policyholders and as such it ought to receive the hearty support of the press and the public. None of the men concerned in the movement have any personal interest to serve. Without organization the policyholders are helpless. I am sure that the names of the men constituting the committee will serve as a guaranty of their entire good faith and public spirit. SAMUEL UENTERMYER.

RAPID RISE OF OLD 'FRISCO

Progress Never Looked for is Made in Rebuilding of Pacific Monarch.

The Union Pacific passenger department has received an interesting communication from its agent at San Francisco, which shows the rapid progress being made in the rebuilding of the city. The letter says: "The first permanent brick building in the downtown or 'burned' district has just been completed. Twenty-one days ago there was a piece of bare land covered with a mass of brick and twisted pipe. Today a substantial three-story business block covers the lot and the tenants moved into their offices on August 1. This is only one instance of the way in which San Franciscans are setting about the rebuilding of their city. 'Verily, they show their faith by their works, or, in other words, by their cowboys' post, 'they win afore they start.' Provisions for the reopening of the San Francisco schools have presented a problem of extraordinary magnitude, but the situation has been met with energy and character. The number of the new buildings, temporary structures have been erected and ten more are in course of construction. Monday, July 23, was an eventful day in the history of the public schools. An enrollment of 27,000 is reported by the authorities—a much larger percentage of the total than in any previous year. The number of 'twins' undergoing the bending process of our public school system will nearly approach the rebuilding of the schools. The reduced attendance is accounted for by failure of many children to report in the morning, and by a decided change in location. Others have temporary homes in nearby towns, their parents only awaiting the rebuilding of their homes to resume their residence in San Francisco. All for the rebuilding of the schools is coming in from all parts of the United States, in sums large and small. The spirit of generous donations will make a permanent impression upon the minds of the children of the fire-blighted city and contribute greatly to the development of brotherly love and patriotism."

COUPLE GIVES POLICE SLIP

Man and Woman Caught Fishing, but They Do Not Go to Jail.

Last evening Sergeant Vanous, Detectives Mitchell and Shepherd and Emergency Officer Hill were detailed from the police station to go to Cut-Off lake and look for some men suspected of stealing iron and brass. It was reported that the local, womanly health is so intimately related to the general health that when disease of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in some office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for running mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers. As a soothing and strengthening nerve tonic, "Favorite Prescription" is unequalled and is invaluable in allaying and relieving nervous excitability, irritability, nervous exhaustion, nervous prostration, neuritis, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency. Cures obstinate cases. "Favorite Prescription" is a positive cure for the most complicated cases of "female weakness," painful periods, irregularities, prolapse or falling of the pelvic organs, weak back, bearing-down sensation, chronic congestion, inflammation and ulceration. Dr. Pierce's medicines are made from harmless but efficient medicinal roots found growing in our American forests. Sterling silver—Frenzer, 15th and Dodge.

AFFAIRS AT SOUTH OMAHA

City Clerk Issues Financial Statement for the Past Year.

MONEY IN ALL THE FUNDS EXCEPT ONE

Expenses of the City During the Past Fiscal Year the Largest in the History of City—Division in Police Board.

City Clerk J. J. Gillin has prepared his final financial statement for the fiscal year. A brief survey will show that there is a little money left in the various funds with the exception of the library fund, which is entirely exhausted. The largest fund is the water, in which there remains \$2,799.91. The total balance is \$2,174.94. Last year the amount turned over was \$2,046.40. During the year the initial levy was boosted by collections from fines, licenses, costs and scavenger by \$3,949.50. The net cost of maintaining the city government during the year has been \$2,270.75. This is the largest expense incurred by the city. The following is the detailed statement: SHOWING CONDITION OF FUNDS UP TO AND INCLUDING AUGUST 1, 1906.

Table with columns: Amount of levy, 1906; Balance of levy, 1904; Balance of levy, 1905; Collections—Including licenses, fines, costs, interest, deposits, royalties, scavenger, by county treasurer; Interest money transferred; Premiums realized from bonds. Total: \$2,174.94.

Table with columns: Funds, Levy Balances, Balance. Items include: Fire, General, Public Light, Judgment, Street repair, Police, Library, Curb and gutter, Scavenger, Premiums. Total: \$2,174.94.

Hitch in Opening Streets

It appears that there will be a hitch or two in the way of opening Twenty-fifth street from A north to the boulevard. Some time ago a number of citizens circulated a subscription for the purpose of raising funds to do this grading and also to buy the street, which was at the time part of the property of the Krug Brewing company. The purchase was made and the grading begun, but now two or more citizens come on with the statement that their property has been damaged by the proposed grading, and the claim is also put forth that the grade at the street at this point has never been established. One of the men is a resident of South Omaha and another is a resident of Omaha. The claims of these parties will have to be met in all probability or an injunction will put a stop to the work. The intention was to make Twenty-fifth street as far as F street a part of the boulevard. The whole enterprise is private and the city knows nothing of it officially.

Division in Police Board.

According to the statements of W. B. Van Sant and A. L. Berquist, of the Board of Fire and Police commissioners, another meeting of the board will be attempted next Tuesday night. These two members accuse the rest of the board of refusing to meet. The division of sentiment has arisen over the South Omaha Sunday closing proposition. It is now admitted by Mr. Van Sant that he and Mr. Berquist did meet the governor in Omaha at the time of his last visit. They do not care to state any of the results of this interview. Mr. Van Sant, however, takes issue with a statement issued in the form of an order by G. W. Mason, quoted in last Sunday's paper, as follows: "In regard to G. W. Mason's pretended orders appearing in last Sunday's Bee, about the saloons, I am now advised by the board as a body. The Mason, Nolan and Nixon have refused to do for the past two months. This is the number of members of the board issuing orders on the side. It has demoralized the good effect which the board once had. The number of saloons in South Omaha are doing business on Sunday is in full blast; also a number are running as late as many mornings of the week. Our officers are at sea and do not know what to do, but to turn their heads away from this and many other things which did not exist before Mason and Nixon took the strings out of the hands of the board and made themselves. Then they put up a presumption talk to the public and believe that they are trying to curtail these actions; while the facts are, it is all hush."

Ball Games Today.

This afternoon bids fair to be lively in base ball circles. The Joe Duffys will play the Diets team at Diets Park in Omaha, and expect to come home with the scalps of the Omaha team dangling at their belts. More exciting still promises to be the game between a picked team of the South Omaha Eagles and one from the braves of the Washakie Tribe of Redmen. This game will be played at Jetter park, 230 p. m. There is great rivalry between the two lots and all the rosters will be out. The line up is as follows: Redmen. Position. Eagles. Finley..... Catch..... Greener. H. Collins..... First..... Holbrook. H. Hinkle..... First..... Holbrook. Crandall..... Second..... Ruff. M. Collier..... Short..... Nolan. McManan..... Short..... Nolan. John Chos..... Left..... J. Briggs. Paige..... Right..... J. Briggs. Whitlock..... Center..... Jos. Duffy. John Kennedy..... Sub..... Canthess. D. W. Lane..... Sub..... Williams. Long Lee..... Sub..... Williams.

WIFE IS LEFT DESTITUTE

Mrs. Bertha Moon of Kearney Deseried in Abject Poverty by Her Husband.

An unusual case of destitution and wife desertion was brought to the attention of Superintendent Morris of the Associated Charities last evening, the object of Mr. Morris' attention being Mrs. Bertha Moon, who was discovered alone in a tent near Thirty-eighth and Fort streets. The woman was in a bad state from worry, fright and hunger. Neighbors are carrying for her until suitable arrangements can be made. The woman's story was her husband left her four days ago without giving any explanation. Moon worked as a stone mason's tender on the new Boston street. He married the woman at Kearney eight months ago. The Moons lived in a tent half a mile from the nearest house. The tent is located in a thicket and the wife declared she was afraid to venture out. She said she ate nothing for two days and stopped some boys Saturday evening as they were passing her tent. Superintendent Morris was notified and he rendered prompt assistance. The woman's people live at Kearney. She said she could assign no reason for her husband's sudden disappearance, as the day before he left he made arrangements to enlarge their humble dwelling place.

DISPUTE ENDS IN SHOOTING

Albert Washington Has Arm and Leg Filled with Buckshot.

Albert Washington was being entertained at his boarding house last night in honor of his 29th birthday when a quarrel over a money matter arose and George Carter rushed out and got a gun and emptied both barrels into Washington's arms and left leg. Both parties live in the bottoms at 3015 Clark street. After the shooting Washington wandered up to Sixteenth and Chicago where Officer Crowe found him lying, and sent him to the station, where Surgeon Elmore dressed the wounds. Both arms were riddled with small bird shot and the left leg below the knee was also remembered. Carter, who is a colored man, is well known to the police and when in drinking, as is alleged was the case last night, is a dangerous man. Detective Drummy was sent out after Carter.

OFFICERS HAVE ALL PAPERS

Wheeler Tells Nothing Else About Finding Made at Belfast Siding.

L. C. Wheeler, of the Federal secret service, who has been in Greeley county in investigating the alleged burning of documents supposed to show the giving of rebates by the Burlington railroad, returned to Omaha last night. He declined to say anything about the matter except that they had succeeded in getting all of the documents secured by the people living near the scene of the fire on the night of the fire and the day following. The testimony of a number of persons was also taken. Deputy District Attorney Lane who was with him topped off at Lincoln. Mr. Mason and Nolan were also present. Wheeler's stenographer, R. L. Jervis.

NO WONDER THE RAIN CAME

T. P. A. Tries to Hold Picnic on Anniversary of the Grocers' Outing.

The picnic of the Travelers' Protective association which was scheduled to be held at Manawa yesterday afternoon was postponed because of rain. It will be held next Saturday. The officers of the association, in selecting yesterday as the day for the picnic, overlooked the fact that it was the anniversary of the day set for the holding of the grocers' picnic on a former occasion.
