JOHN HAMLIN UNDER ARREST

Man Who Shot Miss Engel at Grand Island Is Caught at Dannebrog.

GRAND ISLAND, Neb., Aug. 5.—(Special.)

—Sheriff Dunkel, accompanied by Albert Smith, fellow employee of Hamlin and who was the party who found Hamlin shot Miss Rachel Engel, Gus Neumann, of the Independent and Bert Watts, a deputy, returned at 5 o'clock this morning from Dannebrog, bringing with them the would-be murderer of Miss Engel, who is safely lodged in jail.

Story of the Arrest.

Hamlin walked into Dannebrog about 4 o'clock last night. Going to Woods' restaurant he called for supper. The description of the would-be murderer had been sent out thoroughly, not only in the immediate vicinity, but to all points in the state, and Sheriff Dunkel, a neighbor of the stepfather of the girl, Hamlin, had a complete network laid for the man, and with especial reference to the home of a sister, in Wayne county, whither, they believed from the first, he would work.

Hamlin Fears Mob.

Hamlin, when approaching Grand Island, remarked that he had intended to get a rig and drive back to give himself up. It was remarked by one of the party that it may have been well he did not as there had been some talk of lynching, at which he was surprised and somewhat alarmed. He talked little, but smoked incessantly.

COMPARISON OF THIS TABULAR EXHIBIT

with that of a week ago will show that sixteen republican county conventions held in the interval have added 103 delegates to the number chosen, making a total elected to date of 88 out of 87, that are to meet in the state convention. The greater number of these counties failed to instruct for any candidate for United States senator, although Brown secured Johnson county's ten votes and Currie and Evans as favorite sons were given Currie's seventeen votes and Evans' twelve votes respectively. The Brown propositors at Lincoln had given out forecasts claiming for him not less than half the delegates to be elected last week, but in this he failed to make good, resolutions of instruction in his favor being voted in only six counties, which were confidently counting upon. Six counties which did not instruct for any particular candidate for senator, nevertheless adopted resolutions endorsing convention nomination and instructing delegates to sustain the call in that respect.

ON THE GOVERNORSHIP, Sheldon

added Johnson county to his list, giving him total instructions aggregating thirty-eight, and Kearney county brought out State Senator Harsh, making now, seven entries in the gubernatorial list, with at least an eighth in prospect.

BRAZILIAN ARCHBISHOP AMONG THE LOST

Number of Fishermen Drowned While Attempting to Rescue Passengers.

CAPTAIN OF SHIP COMMITS SUICIDE

He Says Disaster Was Due to His Own Imprudence—Survivors Are in a Most Deplorable Condition.

CARTAGENA, Spain, Aug. 5.—A terrible

marine disaster occurred last evening off Cape Palos. The Italian steamship Sirio from Genoa for Barcelona, Cadix, Montevideo and Buenos Ayres, with about 300 persons on board, was wrecked off Hormiguera island. Three hundred immigrants, most of them Italians and Spaniards, were drowned. The captain of the steamer committed suicide.

THE BISHOP OF SAN PEDRO, BRAZIL, ALSO

was lost and it is reported that another bishop is among the missing. The remainder of the passengers and the officers and crew got away in the boats or were rescued by means of sent to them from the shore. A number of fishermen who made attempts at rescue were drowned. Those rescued from the vessel are being treated in a pitiable condition, being without food or clothing.

VESSEL STRIKES REEF.

The Sirio struck a rocky reef, off Bajos Hormiguera, and sank soon after first light. Hormiguera island is two and a half miles to the east of Cape Palos. The Sirio was owned by the Navigazione Italiana of Genoa.

BEFORE HE COMMITTED SUICIDE, THE CAPTAIN

declared the steamer had 648 passengers on board and a crew numbered 127 men. The Sirio had 570 passengers when leaving Genoa, but additional Spanish passengers were taken on board at Barcelona, where the vessel touched a few hours before the disaster. The disaster occurred at 5 o'clock yesterday afternoon. The steamer was threading a difficult passage through the Hormiguera group, where the Bajos Hormiguera reef is a continual menace to navigation. The vessel began to settle rapidly immediately after it struck and a terrible scene of confusion and panic ensued on board. The fishermen along the coast sought to render every assistance in their power and sent out boats which brought many survivors ashore. Most of the officers and crew of the Sirio are among the saved.

CONDITION OF SURVIVORS DEPLORABLE.

The survivors have gone into camp on the main square of the town at Cape Palos. Here, harrowing scenes are enacted as the stricken families anxiously seek beloved members among the rescued.
