City Clerk Ismes Financial Statement for the Past Year.

MONEY IN ALL THE FUNDS EXCEPT ONE

Expenses of the City During the Past Fiscal Year the Largest in the History of City-Division in Police Board.

City Clerk J. J. Gillin has prepared his final financial statement for the fiscal year. A brief survey will show that there is a little money left in the various funds with the exception of the library fund, which is rirely exhausted. The largest fund is We water, in which there remains \$5,770.91. The total balance for the year out of \$237,444.41 available is \$25,173.66. Last year the amount turned over was \$52,046.40. During the year the initial levy was boosted by collections from fines, licenses, costs and souvenger by \$30,949.50. The net ost of maintaining the city government during the year has been \$212,270.75. This is the largest expense incurred by the city. The following is the detailed statement: SHOWING CONDITION OF FUNDS UP TO AND INCLUDING AUGUST

Hitch in Opening Street. It appears that there will be a hitch or two in the way of opening Twenty-fifth street from A north to the boulevard. Some time ago a number of citizens circulated a subscription for the purpose of raising funds to do this grading and also to buy the street, which was at the time part of the property of the Krug Brewing company. The purchase was made and the grading begun, but now two or more citisens come on with the statement that their property has been damaged by the proposed grading, and the claim is also put forth that the grade of the street at this point has never been established. One of the men is a resident of South Omaha and another is a resident of Omaha. The claims of these parties will have to be met in all probability or an injunction will put a stop to the work. The intention was to make Twenty-fifth street as far as F street a part of the boulevard. The whole enterprise is private and the city knows nothing

Division in Police Board. According to the statements of W. B. Van Sant and A. L. Berquist, of the Board of Fire and Police commissioners, another meeting of the board will be attempted next Tuesday night. These two members accuse the rest of the board of refusing to meet. The division of sentiment has arisen over the South Omaha Sunday closing proposition. It is now admitted by Mr. Van Sant that he and Mr. Berquist did meet the governor in Omaha at the state any of the results of this interview. Mr. Van Sant, however, takes issue with a statement issued in the form of an order by G. W. Masson, quoted in last Sunday's paper, as follows:

paper, as follows:

In regard to G. W. Masson's pretended orders appearing in last Sunday's Bee, about the salcons not closing promptly at midnight, I believe it would appear to the public more orderly as an official, if he would appear and attend the board meetings to which he has been time and again called, and transact such business with the board as a body. This Masson, Nolan and Nixon have refused to do for the past two months. This idea of one or two members of the board issuing orders on the side, has demoralized the good effect which the board once had on the salcons and officers. Salcons in South Omaha are doing business on Sunday is in full blast; also a number are running as late as 2 p. m. many mornings of the week. Our officers are at sea and do not know what to do, but to turn their heads away from this and many other things which did not exist before Masson and Nolan took the strings out of the hands of the board and ran things themesives. Then they put up a presumptuous talk to the public and make believe that they are trying to curtail these actions; while the facts are, it is all bosh.

FINK SHOWS BIG INCREASE Balance in County Treasury for Six Months Nearly Double that Last Year.

The semi-annual report of County Trensurer Fink which has just been filed with Monday, July 23, was an eventful day in the history of the public schools. An entitle of 27,000 is reported by the authorities—a much larger percentage of the former registration of 40,000 than was expected. The number has steadily increased this week and it is expected that before the term is over the number of young "twigs" undergoing the bending process of our public school system will nearly approach the normal figure.

The reduced attendance is accounted for by failure of many children to report immediately owing to change of address and location. Others have temporary homes in nearby towns, their parents only awaiting the rebuilding of their homes to resume their residence in San Francisco.

Aid for the rebuilding of the schools is coming in from all parts of the United States, in sums large and small. The spirit of generosity displayed will make a permanent impression upon the minds of the children of the fire-blighted city and contribute greatly to the development of brotherly love and patriotism.
