Ladies' \$5 Walking Skirts at \$1.98
Neat tailored skirts for summer or early fall wear—black, brown, blue; also white mohair—worth up to five dollars, at

1.98

SOLOMON FAVORS LOW LEVY

Opposes Transfer from Bridge and Road to General Fund.

WANTS TO UTILIZE OLD YEAR BALANCES

County Treasurer and Other Members of the Board of Commissioners Take Issue with Solomon.

County Commissioner Solomon has declared himself against the proposed transfer of about \$60,000 from the county bridge and road funds to the general fund, and is in favor of cutting down the levy for this year in these funds, utilizing the balance now in the funds on next year's expenditures. He stated his position before the board Monday at an informal discussion of the levy.

Mr. Solomon has figured that the average expenditure for bridge work each year for the last five years was \$45,977.2. The levy of 2½ mills for the bridge fund last year produced \$74,631.08, about \$30,000 more than the average expenditure for five years. A 2-mill levy this year, under the increased valuation of property, will raise \$61,485.74, or about \$15,000 more than the average required each year. A levy of 1½ mills would produce \$46,861.55, or more than enough to pay the average expenditures from the fund.

Furthermore, he points out there is now about \$43,000 in the bridge fund, and this would be almost sufficient without any new levy at all to provide for the year's bridge work if the proposed transfer is not made.

Record for Five Years

The average annual expenditure from the road fund for the last five years was \$55,055.72. The levy of 2½ mills last year produced for the county \$42,768.10. A 2-mill levy this year would produce as the county's share of the fund this year \$35,031.10, which would be, approximately, the average expenditure for the last five years. Besides this, there is a balance of \$20,000 now in the fund, which it is proposed to transfer to the general fund. If it is not transferred, he points out, it would reduce the levy so much.

Mr. Solomon takes the position the road fund should be used for road purposes exclusively. He says there are contracts now for about \$30,000 worth of work, which should be paid for in cash when completed.

Leaving the levies, he would be reduced at least 2 mills. He declares he is opposed to making large levies in these funds for the purpose of transferring to the general fund, and he holds that these excessive levies are illegal. He charges that in 1905 the levy in the road fund was made large in order that \$20,000 might be transferred to the general fund.

Pink and Others Differ.

County Treasurer Flunk and some of the members of the board do not agree with Mr. Solomon. They point out that the incoming republican commissioners inherited about \$30,000 in back bills from the demo-

Burial of Baby.
May Reinhardt, the 2-months-old baby being held at the undertaking rooms of Harry B. Davis, will be buried Tuesday afternoon. The Drescher Tailoring company has paid for grave, while the Davis company has furnished the casket. The baby died at the home of Mrs. Reinhardt, 1512 North Twenty-fourth street. The mother is said to be living somewhere in Iowa.

Very Low Rates Tuesday.

Every Tuesday, balance of the year, the Chicago Great Western railroad will sell homesickers' tickets to Minnesota, North Dakota and Canadian northwest at about half rate; to other territory first and third Tuesdays. Write W. H. Churchill, G. A., 1512 Farnam street. State number in party and when going.

Building Permits.
The city has issued the following building permits: Dennis Learly, \$3,000 frame dwelling at Thirty-first and Poplton avenues; O. P. Hansen, \$1,200 frame store at Sixteenth and Oberlin C. E. Brockway, \$2,000 frame dwelling at Twenty-seventh and Fort.

Omaha Firm Gets Big Contract.
Callahan, Phelan & Shirley, railroad contractors of Omaha, have secured the contract for building 130 miles of new line on the Milwaukee extension west of Forsythe, Mont.

Dr. Lyon's PERFECT Tooth Powder

Cleanses and beautifies the teeth and purifies the breath. Used by people of refinement for over a quarter of a century. Convenient for tourists.
