THOMPSON BULDEN & CO.

Howard Street, Corner Sixteenth.

ileges should be extended to one not enjoyed by the other.

The Platform.

The platform unanimously adopted demand legislation to destroy trusts, favors rate regulation in Iowa, to give rates as low as interstate rates, favors a 2-cent passenger fare, a state primary law that will protect all parties, election of United States senators by a direct vote of the people; favors laws to punish corporations for contributing to political funds, expresses sympathy with the political program of national labor leaders; favors assessment of railroads in Iowa by a non-partisan commission. On the tariff and national questions the platform says:

We believe in tariff for revenues only. There should be immediate relief granted to the people who are now being robbed by extortionate prices exacted under the shelter of tariff. We believe that the people of this country who produce our wealth pay our taxes and fight the battles of the republic, are entitled to purchase the goods manufactured in this country as cheaply as the people who import raw materials and coal. We demand the enactment of such legislation as will effectually destroy all trusts and the strict enforcement of all laws concerning the same, and we denounce the executive of the state of Iowa for failure to enforce the laws. We favor election of United States senators by direct vote of the people. We are in favor of absolute and unqualified government control of interstate commerce. We are heartily in sympathy with the national labor organizations as set forth in the late address of Samuel Gompers, John Mitchell and other leading labor leaders to assert its political rights at the ballot box, and we condemn government by injunction.

The following was added as an endorsement of Bryan:

We endorse the exalted character, peerless statesmanship, the high mindedness and pure personality of democracy's conceded leader, William Jennings Bryan, and pledge him our unqualified support for the presidency in 1908.

The chairman was instructed to send to William J. Bryan at Venice a message extending the greeting of Iowa democrats and "best wishes for a safe journey home."

"DUBOIS" IN CONTROL IN IDAHO

Democratic Convention Renominates Senator on Anti-Slavery Platform. COLEBY D'ALENCE, Idaho, Aug. 7.—The Idaho democratic convention today nominated the following ticket and adopted a platform in which anti-Mormonism is the keynote:

- United States Senator—Fred T. Dubois, Bingham county. Member of Congress—Rees Hattabaugh, Idaho county. Justice of Supreme Court—Stewart B. Denning, Latah county. Governor—C. O. Stocklager, Blaine county. Lieutenant Governor—George C. Chapin, Bingham county. Secretary of State—Flourney Galloway, Washington county.

It was a Dubois convention from the first to the last, but it did not have his way in all things by any means, and in but few things did he triumph without opposition. The ticket which he and his closest friends had selected was badly disarranged by the convention.

There was no suggestion of opposition to

his nomination for senator or the nomination of Judge Stocklager for governor. They were accorded spontaneous demonstrations following their nominations. Senator Dubois' speech of acceptance was cheered until the rafters rang.

CITY COUNCIL PROCEEDINGS

(Continued from Page One.)

city property thereafter only by order of the mayor and council. The old ordinance limited compensation to the two members not incumbents to \$3 a day for three days each annually. Under the amendment there would be no limit as to the time.

Meat and Food Inspection.

Councilman McGovern introduced a resolution declaring the necessity of creating the office of city meat and food inspector to be appointed by the mayor, confirmed by the council and to work under the direction of the health commissions, mayor and council. The duties would be the inspection of meats, fish and all foods. The measure was left blank. Zimman proposed the creation of the office, saying that the marketmaster had much free time that he could spare for the inspection work. By his efforts the resolution was referred to the judiciary committee.

The council certified the 1907 tax levy, asking for the limit for city purposes, \$1,000,000 and adding the 16 mills assessed asked for by the Board of Education.

The council adjourned to 3 o'clock this afternoon to receive the report of the paving committee and pass the ordinance authorizing the paving of the fourth street from Leavenworth to Vinson, the improvement meaning the building of a street car line on the thoroughfare.

The Best Diarrhoea Remedy.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and consider it the best remedy of the kind on the market," says W. F. Mayes, a prominent merchant of Wallisville, Tex. This remedy always effects a quick cure and is pleasant to take. Every family should keep it at hand during the summer months.

AWFUL FALL OF BALLOONIST

Man Attempting Double Parachute Act Drops One Hundred Feet and Breaks Neck. UTICA, N. Y., Aug. 7.—William Johnson, a balloonist, made an ascension in connection with a double parachute jump today. In coming down with a parachute the apparatus failed to work and Johnson fell upon the railroad tracks, receiving injuries which undoubtedly will cause his death.

It is estimated Johnson was 2,000 feet high when he left the balloon to make what is called a double parachute descent. The first parachute opened well and Johnson descended about two-thirds of the distance. Then he attempted to open the second parachute and as he grasped the handle of the second the strings broke, causing it to collapse.

Johnson shot downward very rapidly and the thousands who were watching him were horror-stricken. He attempted to guide his descent so that he would strike the wires running along the railway which climb the cliff. He nearly succeeded in this, but he went through the wires and fell to the bottom of the cliff, striking upon the railroad tracks a hundred feet below. His neck was broken.

HOTEL CLERKS PROSPERING

Association Growing and Interest Increasing—Will Take Hand in Big Convention. The Nebraska Hotel Clerks' association held a meeting at its new hall the Wednesday evening. The reports of the officers showed the association to be in a prosperous condition and the membership growing at a gratifying rate. A report was read from the Ohio Hotel Clerks' association, making a favorable showing for the Buckeye boys, but the Nebraska membership and financial condition went the Buckeye a few better.

An invitation was received from Rome Miller, president of the Northwestern Hotel Men's association, that the Nebraska Hotel Clerks' association be present at the meeting of the association to be held in Omaha August 20.

Woman Sentenced to Hang.

STOCKTON, Cal., Aug. 7.—Mrs. Emma Lee Dox was sentenced today to be hanged October 18 for the murder of her husband, the murder of Albert H. McVicker, a miner with whom she had been living as his wife. The convicted woman heard her sentence with calmness. The case will be appealed.

Indian Enlist in Navy.

WASHINGTON, Aug. 7.—Among the recent recruits for the navy has been a number of young Indians who were educated at the Carlisle Indian school in Pennsylvania. Edward M. Ellis, a grandson of Red Cloud, the famous Sioux chief, is one of these. He is a petty officer.

WRONG IDEA OF REVENUE

Department Well Awaits There Was No Timber On North Platte Reserves.

PLANS ARE TO PLANT TREES ON TRACTS

Bids Received at Treasury Department for Sites for Postoffice Buildings in Kearney and Columbus.

(From a Staff Correspondent.)

WASHINGTON, Aug. 7.—(Special Telegram.)—Officials of the Forestry bureau today were shown a story which appeared in the press recently announcing that there are no trees on the so-called North Platte forest reserve, and the further statement by an "ex-official of the government service" that the president was deceived into the belief that the country mentioned was heavily wooded. The forestry officials were amused over the alleged discovery by a "former attaché of the government service" that there is practically no timber on the 200,000 acres known as the North Platte forest reserve. The fact is the forestry people have known all along that there were no forests on this strip of sandy land and it was merely set aside for the purpose of experimenting in growing of forests upon it.

In 1901 a field party from the geological survey made an exhaustive examination of the North Platte region now embraced in the reserve and made an elaborate report to the department. It is the purpose of the Forestry bureau to plant yellow pine on the North Platte reserve and they will draw their seedlings for the planting from the forestry nursery at Halsey, Neb. The soil of the North Platte country, it is said, is similar in all essential respects to that of the Black Hills country, where vast forests of pine of merchantable value thrive. From time to time the reserve will be taken by the Halsey nursery and planted on the North Platte barren wastes and in the course of the next generation, it is calculated, a virgin forest of yellow pine will succeed the now treeless, sandy expanse.

Until such time as the Forestry bureau is able to plant the reserve will be taken by the Halsey nursery and planted on the North Platte barren wastes and in the course of the next generation, it is calculated, a virgin forest of yellow pine will succeed the now treeless, sandy expanse.

Look out for and arrest for violation of the Illinois state law, Paul P. Stensland, aged 55 years old, five feet nine or ten inches in height, blue eyes, about 200 pounds in weight. Understand he has shaved his beard and has a smooth face. He is stout built and wore when last seen a light suit and tie. He is light complexioned, tending to sandy. He was last heard from at Chicago. See all information to chief of Police Collins (Signed).

INSPECTOR OF POLICE SHIPPY

David R. Forgan, president of the First National bank of this city, today called "inhuman" the circulation of stories to the effect that small depositors of the Stensland bank will lose all of their savings. "I am prepared to say that no matter how much bad paper I found there," said Mr. Forgan, "the depositors will get at least 65 per cent and maybe 75 per cent of their money."

Stockholders May Pay.

The largest stockholders of the bank had a consultation today and decided that if an assessment is necessary they will be ready to make the payment. The Illinois law calls for an assessment of 100 per cent on all state banks in case the assets of the bank are insufficient to meet liabilities. This will mean that the corporation will be \$250,000 cash immediately available.

Detectives for the American Surety Company

are searching for the missing president and cashier. S. S. Harshorn, chief of the surety company's detectives, said today that the company held a \$100,000 bond on Stensland which runs to the corporation and not to President Stensland personally. "We are seeking both of them," said Harshorn. "But I can't understand how the bank could have been plundered for so large an amount and the directors know nothing about it."

Minor Matters at Capital.

The application of W. I. Farley, A. W. Hickman, P. M. Green, J. D. Ferguson and C. A. Phillips to organize the First National Bank of Omaha, Neb., with \$250,000 capital has been approved by the comptroller of the currency.

Rural carriers appointed: Iowa—Wadena, route 1. Raymond Clark, carrier; Bertha J. Clark, substitute. South Dakota—Wessington Springs, route 1. A. W. Hall, carrier; Nelson Jensen, substitute.

A civil service examination will be held at St. Paul, S. D., August 18, for positions of clerk and carrier in the postoffice service.

PANAMA WANTS MECHANICS

Call for Five Hundred Skilled Laborers to Work on Canal and Railroad. CHICAGO, Aug. 7.—The government wants 500 skilled mechanics for service on the Panama canal. Henry A. Smith, employment agent of the Isthmian canal commission, arrived in Chicago today to recruit these men. The class of men wanted are mechanics, boiler-makers, blacksmiths, locomotive engineers, conductors and brakemen. Agents Smith will remain in Chicago for three weeks to receive applications and as the men qualify they will be furnished transportation an descent to Panama.

LIVE STOCK FIGHT BEGINS

Kansas City Exchange Suspends Firms That Have Dealings With Co-operative Company. KANSAS CITY, Aug. 7.—After suspending two live stock commission firms today the Kansas City Live Stock exchange made a ruling that every member of the exchange who allies himself with the Co-operative Live Stock Commission company, organized to fight the Kansas City Live Stock exchange, will be suspended from the exchange immediately. This action was taken, it is believed, because the

Peter Formally Lived in Omaha.

John C. Peter, receiver for the bank, is a former Omaha man. For several years he was with the wholesale implement firm of Parlin, Orendorff & Martin of this city. He left here some eight or ten years ago after working his way up with his Omaha employers to a position of considerable responsibility, and entered the employ of the McCormick harvesters people in Chicago. He had charge of their real estate interests and in this capacity has made some extensive deals. It was through him that the McCormicks bought the old United States National bank building, which they still hold. Peter is in the neighborhood of 50 years of age and is reputed as a business man of unusual ability. He is said to possess considerable private means.

buyers for the packing house are members of the Kansas City Live Stock exchange and could not afford to forfeit their membership and the exchange does not want to lose their support of the packers.

The firms suspended today, Blanchard & Hunt and Burnside & Jordan, were absorbed last week by the Co-operative Live Stock Commission company.

BANK BOXES LOOTED

(Continued from Page One.)

committee expressed their belief today that both Cashier Hering and President Stensland were innocent of the crime. A rumor that Theodore Stensland had also disappeared grew today out of his failure to keep an appointment with officials of the police department and search for him was instituted.

Women Secure Receiver.

The appointment of a receiver was obtained by two women depositors of the bank, who hold claims against the institution aggregating less than \$300. The court was told that there were more than 20,000 persons who have money deposited in the alleged defunct institution and that most of these creditors are people of little means and who know little or nothing about business. The complaint was signed by Bank Examiner Jones and alleged violation of section 28-A of the banking act, which refers specifically to receiving deposits after knowledge of insolvency is had by banking officials.

The court fixed the bond of Receiver Foster at \$10,000. The police department today sent broadcast throughout the United States a message giving a description of President Stensland and asking for his arrest. The message is as follows:

Look out for and arrest for violation of the Illinois state law, Paul P. Stensland, aged 55 years old, five feet nine or ten inches in height, blue eyes, about 200 pounds in weight. Understand he has shaved his beard and has a smooth face. He is stout built and wore when last seen a light suit and tie. He is light complexioned, tending to sandy. FLOODS DAMAGE IN TEXAS

All Streams in Central West Part of State on Rampage.

HUNDREDS OF ANIMALS ARE DROWNED

Many Railroad Bridges Are Washed Out and Traffic Will be Delayed for Several Days.

DALLAS, Tex., Aug. 7.—Specials to the News from San Angelo county show that first reports of flood damage were greatly exaggerated. The Colorado and Concho rivers are subsiding. Ranchmen have lost many head of cattle, horses and sheep, and in the Brookwood section crops on lowlands have been ruined.

The Santa Fe railway expects to have its bridges repaired by tomorrow. No lives have been lost.

Damage to Growing Crops.

FORT WORTH, Tex., Aug. 7.—According to a dispatch received here, West Central Texas has been visited by torrential rains, and believing it is the most direct to Minneapolis, we hope that all members of the Union Veterans' Union will take this route. Fare will be \$7.35 for the round trip; a tourist sleeper will be provided for all members of the order at \$1.00 per berth. The division commander and staff will leave Union depot Monday, August 13, at 8:30 p. m.

The headquarters of the Union Veterans' Union has been established at the Brunswick hotel, 4th and Hennepin Sts., Minneapolis, and all members of the Union Veterans' Union are requested to report there no later than 9 o'clock Tuesday morning, as the encampment will be called to order at 10 o'clock, and it is desired to have every delegate from Nebraska present at that time.

Trusting to meet you all at Minneapolis on Tuesday morning, I remain, Yours, F. C. and L. J. FRANCIS HOPPER, Division Commander.

Heavy Rain at Ardmore, J. T., ARDMORE, I. T., Aug. 7.—A terrific rain almost equal to a cloudburst, fell in this section last night and today. All streams are out of their banks and the lowlands are flooded. A portion of the Gulf, Colorado & Santa Fe north of Paoli, I. T., has been washed away and the St. Louis & San Francisco bridge near Francis is reported out. All trains are running behind schedule. The Canadian and Washita rivers are the highest in years.

To the Comrades of the Union Veterans' Union.

You are hereby notified that the Illinois Central railroad has been designated as the Official road for the Union Veterans' Union of Nebraska. This decision has been brought about by careful investigation of the different routes to Minneapolis and believing it is the most direct to Minneapolis, we hope that all members of the Union Veterans' Union will take this route. Fare will be \$7.35 for the round trip; a tourist sleeper will be provided for all members of the order at \$1.00 per berth. The division commander and staff will leave Union depot Monday, August 13, at 8:30 p. m.
