PULAJANES KILL SOLDIERS

Lieutenant James, Surgeon Snyder and Collector Williams Fall in Leyte.

OUTLAWS TAKE RIFLES AND AMMUNITION

Ten Men Have Hand-to-Hand Fight with Natives, Making Good Stand Against Superior Numbers.

MANILA, Aug. 10.—First Lieutenant John F. James and two privates of the Eighth infantry, with Contract Surgeon Calvin Snyder and Internal Revenue Collector Williams of Illinois, were killed yesterday afternoon in a hand-to-hand fight with a force of Pulajanes at Julita, Island of Leyte.

The detachment, which consisted of ten men, was greatly outnumbered, but made a gallant fight. The Pulajanes captured three pistols, four Krag-Jorgensen rifles and 300 rounds of ammunition.

Several Fights at Julita.

WASHINGTON, Aug. 10.—Julita, where Lieutenant James and others were killed by Pulajanes, is a barrio, or ward, of the city of Burauen, which has been the scene of three serious conflicts between the regulars, the constabulary and the Pulajanes within a few weeks. Contract Surgeon Calvin D. Snyder was born in Baltimore, Md., on July 15, 1878, and entered the military service on August 15, 1900. He had been on duty in the Philippines since December 3, 1900. Surgeon Snyder graduated from the University of Maryland Medical school in 1898.

First Lieutenant J. F. James was born in Virginia on May 3, 1878, and entered the army from that state. He was commissioned second lieutenant in Eighth infantry on April 10, 1899, and was made a first lieutenant on February 2, 1901.

The War department has received the following dispatch from General Wood, dated today at Manila:

First Lieutenant John F. James, Contract Surgeon Calvin D. Snyder, Privates William J. Gillick and Matthies Zock, Company F, Eighth infantry, killed about 6 p. m., August 9, near Julita, Leyte, by Pulajanes.

RICHMOND, Va., Aug. 10.—Lieutenant John F. James, who was killed in the Philippines, was a son of John F. James, a tobacconist of Danville. He was educated at the Virginia Military institute and has a brother now at the United States Naval academy.

Governor Does Not Visit Guard.

Governor Mickey is not feeling well today and therefore cancelled his engagement to go to Fort Riley to spend a day with the National Guard boys. The governor expects to spend Sunday in South Omaha and deliver an address at the laying of the corner stone of the new hospital.

Discuss Vest Pocket Delegations.

The politicians and others who are interested in the candidacy of Norris Brown for United States senator are still anxiously waiting for him to name that Buffalo county delegation to the state convention. Rumors continue to fly around that this delegation will be appointed according to agreement and it is because of this the attorney general is still carrying the delegation around in his white vest pocket.

In the meantime of course Dr. Winnett is still carrying his delegation around, but the doctor has some excuse as Brown, Judge Frost and the Journal-News, the other fake reformers, are trying to name it for him. Dr. Winnett is a conservative gentleman and for some reason he is beginning to realize that he, himself, should have a hand in the naming so it will be a Winnett rather than a fake reformer delegation. And besides, as one of the doctor's friends said, Brown carried his delegation around for two months before Winnett got into the race."

He was afflicted with a nervous ailment and is supposed to have been seized and fell from the roof. His neck was broken. He leaves a widow and other relatives.

Be it resolved, by the republicans of Knox county, in convention assembled, That we endorse the candidacy of Hon. George Sheldon of Cass county for governor and instruct the delegation of Knox county to the state convention to vote and work for his nomination.

Resolved, That the delegation to the state convention is instructed to divide the vote to which Knox county is entitled between Edward Rosewater and J. H. Millard for United States senator, and in case either is not a candidate before said convention or shall appear to have no chance for the nomination they are instructed to cast the full vote of the county for the other.

Resolved, That we, the republicans of Knox county, endorse the candidacy of Hon. J. F. Boyd for congress, and instruct the delegation from Knox county to the Third district congressional convention to vote for and use all honorable means at their command to secure his nomination.

Delegates were selected to the representative convention.

WEST POINT, Neb., Aug. 10.—(Special Telegram.)—The friends of E. Rosewater's candidacy for the senate won out in the West Point primaries today by a decisive vote.

BLAIR, Neb., Aug. 10.—(Special Telegram.)—The republican primaries held in this county today were the hardest fought ever held in this county. The country precincts held theirs from 7 to 9 p. m. A careful canvass of the city delegates tonight gives Rosewater 14, Crounse 9. Herman precinct instructed for Rosewater and Carrigan for county attorney. Arlington precinct is solid for Rosewater but uninstructed. Returns from five precincts are missing. While it is thought the county will be close on delegates for senator the indications are that Rosewater will have a majority of the delegates in tomorrow's convention. Carrigan will have the majority in tomorrow's convention for county attorney from returns received tonight. Mr. Crounse came in on the 3 o'clock train and spent the afternoon in the city.

Shumway on Irrigation Congress.

SCOTT'S BLUFF, Neb., Aug. 10.—(Special.)—G. L. Shumway, Nebraska member of the executive committee of the National Irrigation congress, who is also executive chairman of the American Irrigation federation, urges Nebraska to have a full representation at Boise, Idaho, September 1 to 8. The federation reffects a permanent organization on the 1st and the congress meets the 3d to the 8th. It is desired to have Nebraska emphasize its importance as a factor of the irrigation world. When projected enterprises are complete our state will have over 500,000 acres under irrigation, with possibilities yet of considerable extension.

Governor Mickey has named a number of delegates and commercial organizations and municipalities have in a few instances done so.

The following, issued by the permanent officers of the congress, will show who are entitled to swell the number.

The personnel of the congress will be as follows:

The permanent officers of the congress.

The president, vice president and members of the cabinet.

Members of the United States senate and house of representatives.

Governors of states and territories.

Members of state and territorial irrigation commissions.

Fifteen delegates appointed by the mayor of each city in the United States of more than 25,000 population.

Ten delegates appointed by the mayor of each city in the United States of less than 25,000 population.

Five delegates appointed by each board of county commissioners in the United States.

Two delegates duly accredited by each regularly organized agricultural or horticultural society in the United States.

Two delegates duly accredited by each regularly organized society of engineers in the United States.

Two delegates duly accredited by each irrigation company, immigration society, agricultural college and each college or university having chairs of hydraulic engineering or forestry in the United States.

Endeavor Society at Plattsmouth.

PLATTSMOUTH, Neb., Aug. 10.—(Special.)—The Christian Endeavor society of this district, comprising six counties south of the Platte river, is holding an interesting and instructive convention in the First Presbyterian church in this city. The exercises commenced last evening with song and devotional service, after which Prof. E. L. Rouse delivered a very cordial address of welcome, which was responded to by Rev. R. A. White of York. A social hour was then enjoyed.

Held for Robbery.

BEATRICE, Neb., Aug. 10.—(Special Telegram.)—Charged with drugging and robbing Richard B. Sheldon of Stuart, Ia., in this city during the racing meeting, C. V. Storz was held to the district court today in the sum of $1,000 bond. In default of bail he was remanded to the county jail.

RESULT IN DODGE WILL BE CLOSE

Primaries in Two Remaining Precincts Will Decide It.

FREMONT, Neb., Aug. 10.—(Special.)—The republican caucuses which will be held in Cotterel and Union townships Saturday evening will probably decide whether or not Norris Brown gets the Dodge county delegation for senator. There are 171 delegates in the convention. Of these there are sixty-one uninstructed anti-Brown men from Fremont and sixteen from outside precincts elected on a straight issue of Brown and anti-Brown. Two precincts are reported as sending mixed delegations, so that from present indications neither side will have a majority of more than five or ten votes. In the First ward U. S. Watts, a colored man, was elected and is the first of his race to have a seat in a republican county convention in this county. The result in this city, especially in the First ward, was a hard blow to the Brown combination.

The democratic caucuses will be held this evening. They have a half dozen legislative aspirants, but no fight on hand. Their convention will be held Monday forenoon.

Coming the Operator's Way.

ARAPAHOE, Neb., Aug. 10.—(Special Telegram.)—A peculiar and what might have been a fatal circumstance happened at the station yesterday. As No. 1 was running through the yards at the usual high rate of speed the mail clerk threw the Arapahoe mail off, which struck some cream cans that lined the platform, one of which was rolled on the track, and by the great speed of the train was hurled at the window of the depot used by the operators, passing in on the east side and out on the west. The day operator was at work at the key at the time and the can barely missed his head. Both window frames and glass were wrecked.

To work and work with might and main, good food is absolutely essential.

Although nearly every one eats soda crackers sometime, yet there are a few people who do not consider their true value as an article of daily food. But it is now a recognized and established fact that the soda cracker contains the most tissue, fat and muscle forming elements of any article of food made from flour.

Great as is the value of the common soda cracker, yet it is small in comparison with **Uneeda Biscuit**—the most wonderful soda cracker ever baked, and of which nearly 400,000,000 packages have been sold.

Uneeda Biscuit, the food of power, transmitting as they do the elements so vital to our well-being, may in very truth be called "The Dynamo of the American People."
