Dorothy Dodd

The Difference

You must credit the "Dorothy Dodd" shoe with one thing. It charges you nothing for reputation. When you buy a gown stylishly made and faultlessly fitted, you pay a price commensurate with the style and fit and the artist's reputation. So also when you buy millinery and kindred things. But not so when you buy shoes, if you but choose the "DOROTHY DODD". Here at your convenience are shoes of faultless fit, with style of the greatest distinction, and in a variety from which you can choose for any and every occasion. Yet you are sure always of a moderate price—no more than you would have to pay for commonplace shoes. If you are not now wearing the "DOROTHY DODD" may we not ask you to try one pair? Other women have been delighted with the change. So will you be.

Most styles 3.00
Others at 2.50-3.50

MAN ROBS FAMILY AND FLEES

Ehlich Labe Pupkeen Said to Have Fled Household.

WIFE, DAUGHTER, SON-IN-LAW COMPLAIN

Declares He Takes Their Money and Lights Out for His Native Home in Russia.

Ehlich Labe Pupkeen of 1838 South Eighteenth street is believed by the police to be a fugitive from justice, now on his way to Russia with \$63, gold watch and chain and two rings stolen from his wife, daughter and son-in-law at the address mentioned Friday morning. In police court Saturday morning Deputy County Attorney Shotwell filed a complaint charging Pupkeen with grand larceny, the information being furnished by R. Nowick, the son-in-law. The police have notified the authorities at New York City, to be on the watch for Pupkeen, who is expected to take ship for his native town in Russia. The circumstances of the case as narrated by Mr. Nowick to the county attorney and police were that Pupkeen's wife carried \$200 in a receptacle around her neck, placing the money under her pillow every night. Friday morning Mrs. Pupkeen was awakened by the movement of her husband's hand under her pillow. The man disarmed suspicion and the woman went back to sleep. The son-in-law left home early Friday morning for South Omaha with intentions of buying a horse. Donning his old clothes Pupkeen left his home at 4:29 a. m. and an hour later a man answering his description bought a ticket for New York City at Union station. When Pupkeen's wife awoke she missed the money and the absence of her husband caused immediate apprehension. She also missed her gold watch and chain, valued at \$25. Mrs. Nowick, Pupkeen's daughter, could not find her two gold rings. When Nowick returned from South Omaha he soon discovered that \$100 he had placed in an ice box was gone. He intended to buy the horse with the \$100. Pupkeen, the alleged fugitive, is 45 years of age. He came from Russia to Omaha a year ago last month and lived with his daughter for the last four months. Mrs. Pupkeen's inquest wrought up over the strange actions of her husband. No

TRIO UP FOR SAFE CRACKING

Three Men Arrested as Suspects of Clever Piece of Burglary Friday Night.

The safe in the office of the Nebraska Hay and Grain company, Forty-third and Hamilton streets, was blown open early Saturday morning by men who evidently knew their work. No money was in the safe at the time. Detectives Horne and Ferris arrested Barney Geary, J. Ahern and Fred Ellis at Hamilton street, was blown open early Saturday morning. The prisoners gave their address as Chicago when booked at the city jail. They said they walked from Arlington early Saturday morning, having been put off a train at that point. Each had money when searched. The prisoners will be carefully investigated, as the police feel confident they are the parties who broke the safe, although the evidence at this time is only circumstantial. The police say the cracking of this safe was the most skillful piece of work of its kind performed here for a long time. The door of the strong box was blown off without shattering the whole safe. The office clock stopped at 2:18, indicating the time of the explosion. The intruders gained entrance by prying a sliding door at the rear and forcing an inner window to the office. At the rear of the building a check for \$1,000, taken from the safe, was found on the ground. The safe contained only valuable papers. The burglars left a part of a bar of soap used in filling up the cracks of the safe door before injecting the nitroglycerine.

PHONE CASE IS UNSETTLED

As Matter Now Stands it Looks Like Three Reports Will Be Made.

Councilman says they doubt seriously if the telephone question will be settled at the meeting Tuesday night by selecting one of the three applicants for a second franchise grant. It was announced Saturday morning that Councilman Davis of the telephone committee would submit a minority report, advising against giving a franchise to anyone on the ground that a dual telephone system is a bad thing; Chairman Sheldon of the committee said he and Councilman John-

COUNCIL IS IN THE DARK

Finds Itself Ignorant of Facts as to Tax Levy for Next Year.

IT IS UNABLE THEREFORE TO MAKE CUT

Fact is Revealed that New Democratic Administration Has Put in Little Time Studying Municipal Conditions.

Meeting at the request of Mayor Dahlman to see if the \$1,000,000 tax levy for city purposes for 1907 could be cut down, the council Saturday morning found itself without information or knowledge upon which to act. The situation revealed the fact that the new democratic council had spent little time in studying the financial affairs of the municipality and had made a rough guess that as much money would be required next year as this year and let it go at that. Some questions by the mayor brought out this condition of affairs distinctly and Councilman Zimman urged that the certificate be held up for a few days in order that estimates might be obtained from departments and an effort made for the council to know what it was about. County Commissioners Ure, Bruning and Solomon were asked to step over to the city hall and the situation was explained to them. They immediately agreed to postpone making the levy from Saturday to Wednesday morning. A regular council meeting will intervene and give the mayor and council a chance to get affairs straightened out. Dunn Sees the Light. Assistant City Attorney Dunn backed up on his opinion that the council should refuse to obey the school board's demand for a 15-mill levy, and advised in direct opposition to his previous counsel. Mr. Dunn saw the light expounded by President McCague of the board and as set forth in The Bee. Under the arrangements the mayor will veto the levy ordinance resolution adopted Tuesday night and a new one will be put through the mill at the next meeting. In the meantime the mayor is to get estimates from departments and try to cut the city tax rate. "It seems to me that the \$1,000,000 total could be cut about \$100,000," said the mayor. "I think the sinking fund will bear shaving \$50,000 from the limit and the general fund about as much. At

LEGACY TAX ON THE ROADS

Funds Received from Inheritances to Be Used for Permanent Improvements.

At the regular meeting of the county commissioners Saturday a resolution was adopted to use the funds received from the inheritance tax for permanent improvement of roads in Douglas county.

At the regular meeting of the county commissioners Saturday a resolution was adopted to use the funds received from the inheritance tax for permanent improvement of roads in Douglas county. Of the \$6,000 now in the hands of the county treasurer it was decided to use \$5,000 for the permanent improvement of West Q street, \$25,000 for the permanent improvement of the Calhoun road and \$5,500 for the permanent improvement of Leavenworth street as far as Elmwood park. Bids were asked for the grading of these roads preparatory to paving, the work to be done by December 1. It was decided to transfer \$22,000 from the road fund to the general fund, \$42,000 from the bridge fund and \$1,367 from the judgment fund. All voted in favor of this except Solomon, who voted against the transfer from the road fund. Mr. Ure explained the position of the board by saying that it was hoped by this change to put the county on a better basis, so all bills could be paid on the first of the succeeding month instead of making people wait a year, as is now the case. The commissioners figure they can make a great saving by the prompt payment of bills. No action was taken on making up the levy, as the city officials had asked for more time, or until after the meeting next Tuesday night. STOCK YARDS COMPANY SUED Charged with Violating Safety Appliance Act in the Yards at South Omaha. Suit was brought in the United States district court Saturday morning by the United States district attorney against the Union Stock Yards company of South Omaha for the violation of the safety appliance act. The defendant is charged with using care in its yards that are deficient of safety couplings. Hence the

TALL UNMOWN BAD FOR BED

Weeds that Rear Their Lofly Heights Prove to Be Unsafe for Sleepers.

Considering the present activity of the city health department in its campaign against high weeds it becomes dangerous for people to go to sleep in vacant lots, according to reports in the police court Saturday morning.

Edward Snyder and Harry Hall came from the distant hills Friday afternoon and inhaled several bottles of disturbing elements. The men finally went to sleep in high weeds on East Capitol avenue, thinking they were in clover. A few minutes after Patrolmen Lickert and Shields found them and they were taken to jail. The police judge fined each \$5 and costs and warned the strangers against sleeping in high weeds, as the rascals of high weeds are abroad and no man knoweth when he will have his ear cut off. BILLY THE BEAR ASKS OFFICE Chadron Hero Goes to Milwaukee to Become Grand Secretary of the Eagles. L. J. F. Jaeger of Chadron, who will accompany the Omaha Eagles to Milwaukee and plug for next year's convention in the Gate City, is a leading candidate for grand secretary of the order. He will go into the convention with the solid backing of Nebraska, Wyoming, Iowa and Colorado, and his friends are confident that the bear will pick the plum for him. Billy the Bear has been secretary of his local order for some time and stands prominently in the order. He has a picturesque history as a plainsman and pioneer in the cow country and later as a successful business man. Mortality Statistics. The following births and deaths have been reported to the Board of Health during the twenty-four hours ending at noon Saturday: Births—Valentine Reis, 2460 South Nineteenth, girl; Frank Harrison, 2816 Grant, girl. Deaths—Catherine Elizabeth McCullough, 415 South Twentieth, 3; Elizabeth Zimmerman, 179 South Ninth, 30; Jack O. Baker, 229 South Eighth, 3; Maria J. Schell, 262 South Boulevard, 2; Alexander Parker, County hospital, 2.

TWO NEW FREIGHT DEPOTS

Second Building Will Be Erected by Northwestern Railroad Company.

CONTRACT FOR FIRST ABOUT TO BE LET

Total Cost of These Structures and the New Terminals Will Reach About Six Hundred Thousand Dollars. The Northwestern will not rest content with its one big new freight depot, for which it is about to let the contract, but will build another just as large. One of the Northwestern officials said Saturday the first building would be finished this fall and it was the intention to build the other next spring. The second will be similar to the first and will be of the same dimensions, or 72x32 feet. It will be west of the other and parallel to it, the tracks lying between. The east one will be used for outgoing freight and the west one for incoming freight, and until both are completed the old Webster street depot will be utilized for the incoming merchandise. It is estimated the two depots will cost about \$600,000. The railroad company figures that the aggregate expenditure for real estate, buildings and track extensions on the new freight terminals will in the end amount to \$900,000. PERMIT FOR BIG BUILDING Right to Erect Twenty-Five-Thousand-Dollar Structure Granted Wead and Baldrige. F. D. Wead and Howard H. Baldrige have taken out a permit from the city for their new \$25,000 two-story brick store building at the northeast corner of Twentieth and Farnam streets. The excavation has been completed. The structure will stand on what has been vacant property. Other permits have been issued to E. Reuman for a \$6,000 frame dwelling at Thirty-eighth and Harney; A. M. Biering, \$2,500 frame dwelling at 1216 North Fortieth street, and Mrs. Pearl Smith, \$1,400 frame dwelling at 257 North Seventeenth. Automobile Rental Co. Office Niles & Moser, Sixteenth and Farnam. Tel. Douglas-1296.
