Coroner Reneker was notified and summoned a ury and had the body removed to an undertaking establishment where the inquest was held. Official Advices at Washington.

WASHINGTON, Aug. 19.—official advices reached the State department today regarding the Valparaiso earthquake but they gave information similar to that already contained in press dispatches under today's

date. United States Minister Hicks, at Santiago, cabled that 500 deaths were reported at Valparaiso and immense destruction had been caused by fire and that many towns have been wiped out. He added that there is universal mourning. He said it was reported that at Santiago there were 30 deaths and much destruction of property. The State department also announced that Minister Hicks "under date of the 18th reports that on the 16th there was a frightful earthquake with loss of life, many buildings being destroyed and that shocks continued until the date of his telegram; that the legation was safe; that the houses in the towns were deserted and thousands of people had slept two nights in the plasas and parks."
Cable advices were received at the

Chilean legation today dated at Santlago, Chile, August 18, stating that the earthquake in that city was very severe but there were few casualties. Up to the time of filing the dispatch, which the charge d'affaires believes was Saturday evening, no news had been received in Santiago from Valparaiso on account of the interruption to the railroad and telegraph lines. A dispatch to the state department from the American consul general at Iquique,

Chill, reports that Valparaiso is in ruins from an earthquake and is on fire. He stated that at the time of the filing of his dispatch there was no communication with Santiago and no further details were obtainable. The date of his dispatch is in doubt. Mr. Buchanan, the head of the American delegation to the Pan-American cangress at Rio, cabled the state department today

stating that no information had been received at Rio concerning the earthquake, and asked the department for news. Acting Secretary Adee cabled the information contained in the dispatches from Minister Hicks at Santiago.
