DAVIS GETS ENDORSEMENT

Eighth Ward Councilman Says Constituents Appreve His Telephone Policy.

AMENDMENTS COMING TO ORDINANCES

Severs Changes Are Proposed to the Monsupes New Pending Before Die Donnett on the Phone Question.

Councilman John C. Davis, who went on record against two local telephone systems says he is receiving numerous endorsements of his course through the mails. Constituents are clipping newspaper articles and marking them "stand pat," and sending letters of the same import. Dr. Davis was not aware that his course would miest with much popular approval, as he took his position after a careful study of the matter and because he says he believed it right.

The Eighth ward councilman has announced he will have two amendments to propose to the Home company's franchise ordinance. One would require the entire system to be under-ground and the other would give the council and mayor the right, after ten years, to regulate the

"The pole age is or should be ended in Omaha," said Dr. Davis. "In Berlin and other European cities you cannot see a wire above the surface. We have a small underground district downtown here, but the residence sections of the city are disfigured by hundreds of telegraph, telephone and electric light wooden poles. Add those of a second telephone company and the condition will be made much worse. "The present telephone company for sometime has been burying its wires in

ond company, if admitted, should put all of its wires and cables in conduits. Power to Change Rates.

the residence district and I believe a sec-

"As to the other amendment I think a clause should be inserted to authorize the mayor and council to change the rates as thought proper at the end of ten years and every five years thereafter. The council has heard the pleas of all interested parties in this telephone matter, but we have not had the pleasure of listening to anyone talking solely for the interests of Omaha."

John A. McShane and one or more of the firm of Hayden Bros., have been mentioned as among the backers of the Gate City Telephone company, which is the form under which the Albert Von Hoffman proposition for a twenty-five year franchise is being submitted.

Chairman Sheldon of the telephones committee says he expects a number of amendments to be proposed to the Home franchise by councilmen and an effort to cut down the tenure to twenty-five years.

The Gate City company, as well as the Home company, has begun publication of its ordinance for two weeks. This course must be taken before any franchise measure can be passed by the council.

Bowel Complaint in Children.

When six months old the little daughter of E. N. Dewey, a well known merchant of Agnewville, Va., had an attack of cholera Chamberlain's Colie, Cholera and Diarrhoea Remedy was given and effected a complete cure. This remedy has proven very successful in cases of bowel complaint in children and when given according to the plain printed directions can be relied upon with perfect confidence. When reduced with water and sweetened it is pleasant to take, which is of great importance when a medicine must be given to young children.

TWO MEN ROB POSTOFFICE Outlaws Who Break Into Building at Seneca Are Captured and Confess,

Lee Acrey and J. F. Lunden are under arrest at Seneca for breaking into and robbing the store and postoffice of Uhler & Cowley early the morning of August 15. The merchandise obtained was valued at \$107, while only \$1.14 in postal funds were taken. The robbers were arrested the same day and most of the plunder recovered, at a sod house several miles from Seneca. Lunden subsequently escaped but was later recaptured and the men were taken to Thedford and lodged in jail. They finally admitted the rob-

county authorities of Thomas county are willing to turn the culprits over to the United States for postoffice robbing, but it is yet a question whether the government cares to prosecute on account of the small amount involved in the robbery. The metter has been referred postoffice inspector, and it is yet likely that Acrey and Lunden may first be taken care of by the state authorities for burglary, and after that, the government be given a whack at them.

One of the Longest Stretches of Double Track in the World

under one management is that of the Grand Trunk Railway System from Chicago to Montreal and to Niagara Falls. The Grand Trunk-Lehigh Valley Double Track Route via Niagara Falls reaches from Chicago to New York. Descriptive literature, time tables, etc.,

HAYDEN BROS.

Gulf Coast

That's the name of a new eighty-page illustrated book just published by Rock Island-Frisco Lines.

It is of vital importance to you that you secure and The region described is unparalleled in its possibili-

ties for home-getting and fortune-making. Think of a country where the climate is just right: where there are twelve months of "growing" weather per year; where the soil is naturally rich; where you can get a good deal of land for little money and where hired help is plentiful and cheap.

If you knew Southern Texas you would want to share in its tremendous wealth-

and a small share would soon make you independently rich. There is nothing to prevent your achieving success in this remarkable country.

The book will tell you about it and a trip of inspection is cheaply made. Are you interested?

Your name and address on a postal will bring you full details and the book. WRITE TODAY. This is too good to pass by, especially since it costs you nothing to investigate. You will not regret having done so.

JOHN SEBASTIAN, Pass, Traffic Mgr., Chicago or St. Louis ROCK ISLAND-FRISCO LINES

Special low rates are in effect to various New England points July 18th, August 8th and 22d and September 5th and 19th, from Omaha and all points west, via the Chicago & North-Western Ry.

ROUND-TRIP RATES FROM OMAHA

35.25

Correspondingly low rates to other points.

The route is over the only double track railway between the Missouri River and Chicago. Direct connections made at Chicago with all lines east. Unequaled train service. Convenient schedules.
